Explore the Mystery of Farmhouse Kitchen

……

HIGOLD®

" Sunlight is falling into the farmhouse sink
The kids are frolicking beside the sink
Tasting delicious fruits
Feeling green vitality
Embracing fragrant flowers
Entering the mysterious farmhouse kitchen
Starting a wonderful culinary journey here "

Secret 1: Large Washing Space

HIGOLD®

Apron front design
For comfortable washing

Make full use of cabinet brim, shorten the distance between the person and sink, to avoid the fatigue caused by long-time bending and cleaning.

HIGOLD®

68L Big volume
Easy accommodation for all pans and pots

Free up a wider space for cleaning, the pots and pans in the kitchen, the sweets and bitters in the life, can be accommodated easily.

Secret 2: Efficient Self-Cleaning

HIGOLD®

Non-stick to oil and stain
Like dewdrop on lotus leaf

Inspired by the characteristic of lotus leaf water dripping into beads, the principle of bionics is integrated into the sink, let the smart beauty of the sink appear in the kitchen.

HIGOLD®

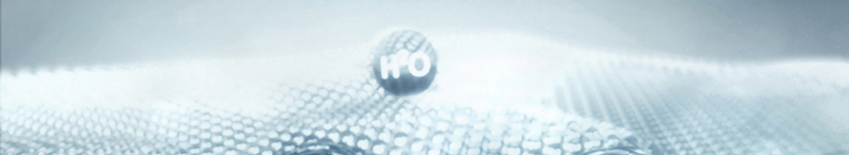
Bionic lotus nano air film
Hydrophobic and oleophobic
Anti-fingerprint

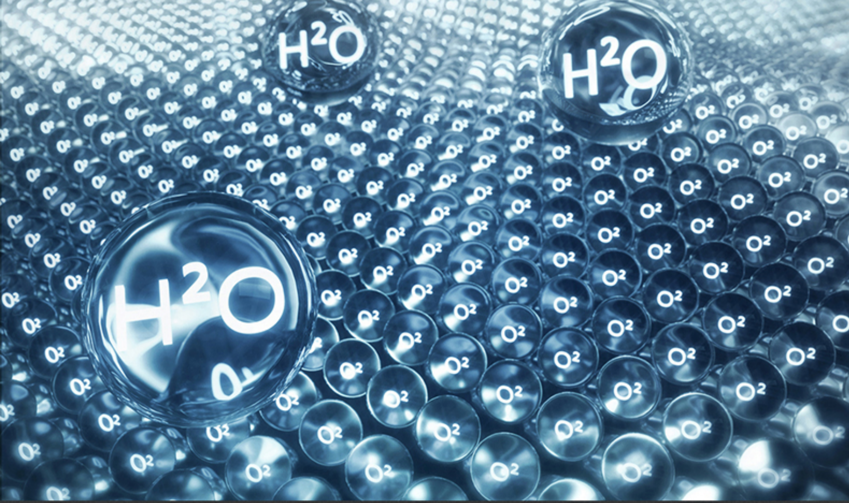
The sink is covered with papillae smaller than water droplets,
the air between the papillae forms a nanometer-thick film,
makes the water droplets form a sphere due to their own tension,
removing stains, rolling freely and self-cleaning easily.

HIGOLD®

Easy cleaning

Wear-resistance and Anti-scratch





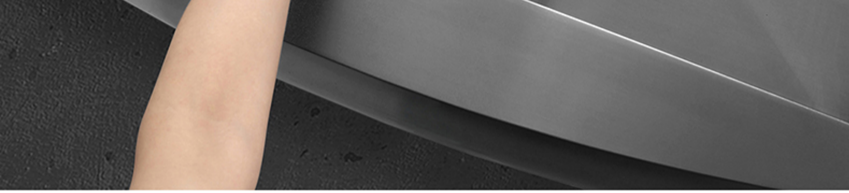
Secret 3 : Various Accessories

HIGOLD®

Pull-out faucet
For easy rinse of corner dirts

With the pull-out design of the faucet, the annoying debris at the corners can be easily rinsed to the garbage disposal.

HIGOLD®



Shower Mode

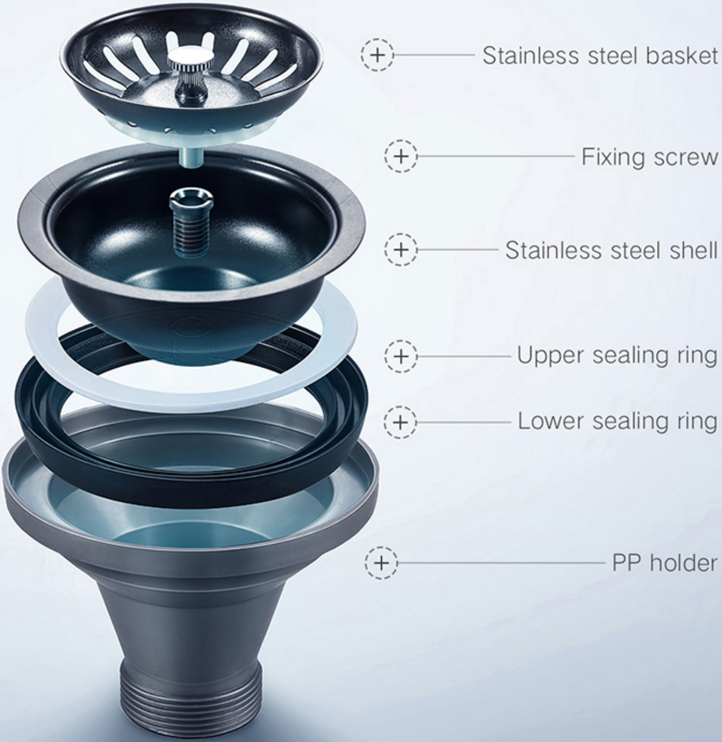
Bubble Mode

Stop Button

Filter drainer
Eliminate hidden blockage

Easy to deal with residues, faster and smoother draining.

HIGOLD®

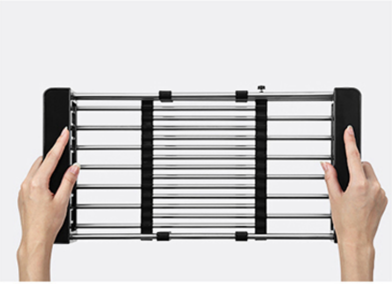


Adjustable colander
Flexible stretching for free placement

Humanized design, free to extend and contract,
unlimited arbitrary placement.

HIGOLD®

Before stretching: 37cm



After stretching: 57cm

Foldable rollmat
More convenient for draining

Make full use of the space above the sink,
More convenient and efficient for draining.

Foldable rollmat,
more convenient
for storage.

Stainless steel bottom grid
Accelerate drainage and protect the sink

Accelerate drainage at the sink bottom,
Protect the sink against abrasion.

HIGOLD®

Various color, Arbitrary choice

HIGOLD®

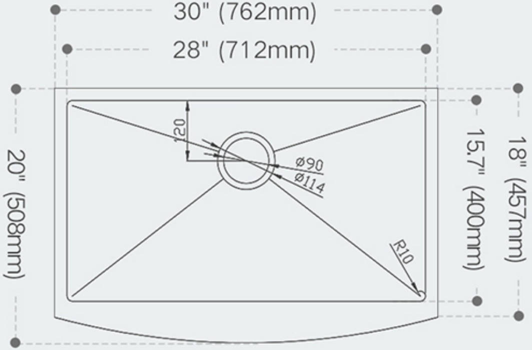
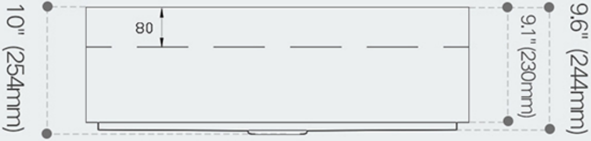
Product Specification

HIGOLD®





Product Name	Apron Sink	Item No.	957023
Main Material	Stainless Steel 304		
Product Process	PVD Black and Nano Coating		
Bowl Thickness	18G (1.20mm)	Corner Radius	R10
Apron Thickness	16G (1.35mm)	Drainer hole size	114mm

Product Size	Bowl Size	Cutout Size
Length: 30" (762mm) Width : 20" (508mm) Height : 10" (254mm)	Length: 28" (712mm) Width : 15.7" (400mm) Height : 10" (254mm)	Length: 30.1" (765mm) Width : 18" (457mm)

Unit: mm

* It's measured by manual. Please refer to real product for exact size.
