Technical data

Model	TDZ-Z766	TDZ-Z736	TDZ-Z737	TDZ-Z738-3M
Height of spikes (Rising)	120mm (Uni-directional)		80mm (Bi-directional)	
Thickness of spikes	10mm			
Thickness of panel	12mm			
Axis	Dia. 25mm, 45# steel - solid			
Actuator	Single		Double	
Rising time	1-2s			
Dropping time	1-2s			
Manually rising / dropping	Yes ✓			
Power supply	220VAC			
Power consumption	200W		400W	
Dimension - Length	1m-6m (On request)			
- Width	550mm		800mm	
- Height (Dropping)	80mm	83mm	80mm	83mm
Bracket & Spikes	2 layers spray paint			
Color (Customizable)				
Color of reflective tape (On request)				
Control center	Spray paint (Outdoor use)			
Remote control distance	100m			
Wire switch	Optional ✓			
Traffic light linkage control support	Yes ✓
