Quotation of high-speed hair dryer

Picture	item:	High speed hair dryer	**unit price**
	number:	TJS5A	**(USD)**
	specifications:	white/Pink/Green (customized color)	
	Product properties:	Product power: 1200W/1600W Support voltage: 220-240V Motor speed: 107000rpm Tuyere speed: 25≥m/s Maximum temperature: mtc; Constant temperature point 155 Gear adjustment: 3 speed temperature +2 speed wind Negative ion: 200 000 000 class Noise index: ≤75db Certification: CE,FCC, PSE,ROHS	
	Product selling points:	110000RPM brushless motor Intelligent cleaning, intelligent temperature control of heat and cold ions, reverse self -cleaning 21 The combination of wind temperature and wind speed	
	Product packaging:	Package dimensions: 26.8*10.5*7.2cm Product weight (including air nozzle) 0.54kg Product accessories air nozzle Single package size: 33*14.5*8cm Single package weight: 0.76kg	
		merchandise quantity: 1pcs	
	number:	TJS5B	
	specifications:	white/Pink/Green (customized color)	
	Product properties:	Product power: 1200W/1600W Support voltage: 220-240V Motor speed: 107000rpm Tuyere speed: 25≥m/s Maximum temperature: mtc; Constant temperature point 155 Gear adjustment: 3 speed temperature +2 speed wind Negative ion: 200 000 000 class Noise index: ≤75db Certification: CE,FCC, PSE,ROHS	
	Product selling points:	110000RPM brushless motor Intelligent cleaning, intelligent temperature control of heat and cold ions, reverse self -cleaning 21 The combination of wind temperature and wind speed meets the needs of various styles	
	Product packaging:	Package dimensions: Product size: 26.8*10.5*7.2cm Product weight (including air nozzle) 0.54kg Product accessories air nozzle Single package size: 33*14.5*8cm Single package weight: 0.76kg	
		merchandise quantity: 1pcs	

	number:	TJ8329
	specifications:	gray (customized color)
	Product properties:	BLDC Hair Dryer ◎ Brushless motor with high speed 110,000rpm ◎ 220-240V 50/60Hz 1600W ◎ Slide switch for 0-1-2 speed settings ◎ Touch swith for 3 heat settings ◎ 3 color LED light ring to shows Hot/warm/Cold air ◎ Magnetic concentrator ◎ Overheating protection ◎ Detachable airinlet grill with magnet adsorption for easy cleaning
	selling points:	110000RPM brushless motor Intelligent cleaning, negative ion intelligent temperature control, reverse self -cleaning, 9 types of hair drying mode, alternating cold and cold, medium and high and low speed
	packaging:	Package dimensions: Gift box size:250*50*270mm Carton size: 415*315*290mm Qty: 12pcs/ctn merchandise quantity:1pcs Package weight:6.5kg
	number:	TJ8330
	specifications:	gray (customized color)
	properties:	BLDC Hair Dryer ◎ Brushless motor with high speed 110,000rpm ◎ 220-240V 50/60Hz 1600W ◎ Slide switch for 0-1-2 speed settings ◎ Touch swith for 3 heat settings ◎ 3 color LED light ring to shows Hot/warm/Cold air ◎ Magnetic concentrator ◎ Overheating protection ◎ Detachable airinlet grill with magnet adsorption for easy
	selling points:	110000RPM brushless motor Intelligent cleaning, negative ion intelligent temperature control, reverse self -cleaning, 9 types of hair drying mode, alternating cold and cold, medium and high and low speed
	packaging:	Package dimensions: Gift box size:250*50*270mm Carton size: 415*315*290mm Qty: 12pcs/ctn merchandise quantity:1pcs Package weight:6.5kg
	number:	TJ8801
	specifications:	white (customized color)
	properties:	BLDC Hair Dryer ◎ Brushless motor with high speed 110,000rpm ◎220-240V 50/60Hz 1600-1800W ◎Ionic function ◎2 speed settings ◎4 temperature setting ◎(Cool-low-high-Hot air and cool air alternative changing) ◎Digital display show ionic, speed, temperature symbols ◎Magnetic concentrator ◎Overheating protection ◎Detachable airinlet grill with magnet adsorption for easy cleaning

	selling points:	110000RPM brushless motor Intelligent cleaning, negative ion intelligent temperature control, reverse self -cleaning, 9 types of hair drying mode, alternating cold and cold, medium and high and low speed	
	packaging:	Package dimensions: Gift box size:250*50*270mm Carton size: 415*315*290mm Qty: 12pcs/ctn merchandise quantity:1pcs Package weight:6.5kg	
	number:	TJ6800W	
	specifications:	Pearl white/gray/purple (customized color)	
	properties:	Blu -ray, negative ion, hot and cold high -speed bassless Product name: 1 generation brushless hair dryer Power: 1600W-1800W Material: ABS % 40 PC % 60 Machine size: 30*9.8*8cm Packing: hardcover box/small gift box/big gift box	
	selling points:	110000RPM brushless motor Intelligent cleaning, intelligent temperature control of heat and cold ions, reverse self -cleaning 21 The combination of wind temperature and wind speed	
	packaging:	Package dimensions: Delivery box size: 37.5*22.4*8.7cm Small gift box size: 35.2*20.65*9.3cm Big gift box size: 35.2*32.2*9.3cm merchandise quantity:1pcs Package weight:1.05kg/small gift box	
	number:	TJYF009	
	specifications:	Black/grey (customized color)	
	properties:	Rated voltage: 220-240V ~ 50Hz Rated power: 1700-2000W(+5%-10%) Overheat protection: Yes Plug: GB flat plug/European round plug Gear: Speed 2 / speed 3 1) Adopt high speed DC365 motor 2) Large air volume, low noise 3) Wind speed is close to 20M/S, comparable to high-speed hairdryer Product certification: CE/CC/UL859	
	selling points:	110000RPM brushless motor Intelligent cleaning, intelligent temperature control of heat and cold ions, reverse self -cleaning	
	packaging:	Package dimensions: Color box size: 13.5*8.5*30cm Outer box size: 69*28*61.5cm merchandise quantity:1pcs Package weight:Gross weight: 0.542kgs FCL weight: 23KG Packing quantity: 32 sets/box	

	number:	TJYF010
	specifications:	Black, gray, white, pink (customized color)
	properties:	High speed hot air :1400W(1340W-1420W) High-speed speed: 101000r/min ±5% 1) 110,000 RPM high-speed motor, brushless motor patent technology 2) Two speed, three speed 3) Intelligent temperature control chip, precise temperature control 4) 200 million negative ions 5) Strong wind, fast dry hair 6) Magnetic dust cover, magnetic air nozzle 7) 59db acoustic control motor, close to 0 noise 8) Low power motor, small heat 9) Motor protection function: overtemperature, loss of temperature, power device overtemperature protection
	selling points:	110000RPM brushless motor Intelligent cleaning, intelligent temperature control of heat and cold ions, reverse self -cleaning
	Package dimensions: Color box size: 31*10*10cm Outer box size: 63*32*51CM merchandise quantity:1pc Gross weight: 0.635kgs FCL weight: 23KG	
	number:	TJ6800
	specifications:	Pearl white/gray/purple (customized color)
	Product properties:	Blu -ray, negative ion, hot and cold high -speed bassless Product name: 1 generation brushless hair dryer Power: 1600W-1800W Material: ABS % 40 PC % 60 Machine size: 30*9.8*8cm Packing: hardcover box/small gift box/big gift box
	selling points:	110000RPM brushless motor Intelligent cleaning, intelligent temperature control of heat and cold ions, reverse self -cleaning
	Package dimensions: Delivery box size: 37.5*22.4*8.7cm Small gift box size: 35.2*20.65*9.3cm Big gift box size: 35.2*32.2*9.3cm merchandise quantity:1pcs Package weight: 1.05kg/small gift box 1.5kg/large gift box 2.1kg Weight (full box)	
	number:	TJG1
	specifications:	Black, gray, pink (customized color)

 	properties:	Power failure protection (leakage protection): Yes； Negative ions : Support； Constant temperature hair care function: Support； Three levels of hot and cold adjustment；； One key cold wind: supportPower cord length ： 1.5m； Whether to fold : No； Silent support support voltage: 220V/110V 110v need to batch customization； Three gears temperature: 75C ° / 67C ° / 57C °； Three gear wind speed: 63km/h,55km/h,47km/h； Wind pressure: 145g； Wind noise: 75-80db Test distance : 15cm (subject to environmental impact)； Wind nozzle × 2: smooth × 1, 1
	selling points:	110000RPM brushless motor Intelligent cleaning, negative ion intelligent temperature control, alternating cold and warm s three gears, high and low speed cycle, l two wind, a key cold wind mouth care hair
	Package dimensions:33 * 18 * 10cm merchandise quantity:1pcs Package weight:0.85kg	
	number:	TJ3298
	specifications:	Black (customized color)
	Product properties:	BLDC Hair Dryer ◎ Brushless motor with high speed 110,000rpm ◎220-240V 50-60Hz 1500-1800W ◎3 Speed & 3 Heat Settings ◎LED light indicate different speed & heat settings ◎Cool air shot function ◎Lock switch to fix the speed & heat setting ◎Overheating protection ◎Removable end cap for easy clean ◎Professional slim nozzle
	Product selling points:	110000RPM brushless motor Intelligent cleaning, negative ion intelligent temperature control, reverse self -cleaning, 9 types of hair drying mode, alternating cold and cold, medium and high and low speed
	Package dimensions: Gift box size:250*50*270mm Carton size: 415*315*290mm Qty: 12pcs/ctn merchandise quantity:1pcs Package weight:6.5kg	
	number:	TJ888
	specifications:	Black (customized color)
	properties:	BLDC Hair Dryer ◎ Brushless motor with high speed 110,000rpm ◎ 220-240V 1800W ◎ Perfectly Balanced ◎ 3 temperature & 3 speed setting ◎ 4 color Ambient light rings: blue for low temperture, Orange for mid temprature, Red for highest temperature, Green light for Cool air ◎ Cool shot button ◎ Auto Cleaning function Reverses inlet mesh dust ◎ Magenic Concentrator: 63mm
	selling points:	110000RPM brushless motor Intelligent cleaning, negative ion intelligent temperature control, reverse self -cleaning, 9 types of hair drying mode, alternating cold and cold, medium and high and low speed circulation to take care of hair

	Package dimensions: Gift box size:282*57*305mm Carton size: 585*300*325mm Qty: 10pcs/ctn merchandise quantity:1pcs Package weight:6.5kg	
	number:	TJ8320
	specifications:	Black (customized color)
	properties:	BLDC Hair Dryer ◎ Brushless motor with high speed 110,000rpm ◎220-240V 50/60Hz 1800W ◎3 Speed & 3 Heat Settings ◎Cool air shot function ◎Lock switch to fix the speed & heat setting ◎Three different styling concentrators:big nozzle with 96*46 mm; small nozzle with 73.5*46 mm;anti-fly warping nozzle; ◎Overheating protection ◎Removable end cap for easy clean ◎Self-clean function
	selling points:	110000RPM brushless motor Intelligent cleaning, negative ion intelligent temperature control, reverse self -cleaning, 9 types of hair drying mode, alternating cold and cold, medium and high and low speed circulation to take care of hair
	Package dimensions: Gift box size:226*262*65mm Carton size: 543*462*410mm Qty: 24pcs/ctn merchandise quantity:1pcs Package weight:6.5kg	
	number:	TJ3299
	specifications:	white (customized color)
	properties:	Hair Dryer ◎ 30000RPM high speed DC motor ◎ 220-240V 50/60HZ 1400-1600W ◎ 2 Speed / Heat Settings ◎ Cool shot function ◎ Overheating protection ◎ Special Styling concentrator
	Product selling points:	110000RPM brushless motor Intelligent cleaning, negative ion intelligent temperature control, reverse self -cleaning, 9 types of hair drying mode, alternating cold and cold, medium and high and low speed circulation to take care of hair
	Package dimensions: Gift box size:210*65*265mm Carton size: 437*407*552mm Qty: 24pcs/ctn merchandise quantity:1pcs Package weight:6.5kg	

 	number:	TJ2068	
	specifications:	White/blue (customized color)	
	Product properties:	Rated voltage ： 220V-240V Hair care function millions of negative ions Rated frequency： 50\60Hz Memory function Shutdown start, automatic identification Rated power ： 1450-1800W Automatic cleaning 10 seconds motor reversal cleaning Motor rotation ： 110000rpm Accessories Modeling size wind nozzle, diffuser Manual cleaning Filter can be removed to clean Wind speed ： 25m\s Temperature ： 98°-108° Noise ： 68-72db Wind speed ： 3 speed adjustment Temperature ： 3-speed adjustment	
	Product selling points:	110000RPM brushless motor Intelligent cleaning, negative ion intelligent temperature control, reverse self-cleaning, three gears of hot and cold, medium, high and low speed cycles to care for hair	
	Product packaging:	Package dimensions:	193.5*166.8 *46mm
		merchandise quantity:	1pcs
		Package weight:	280g
	number:	TJEY9905	
	specifications:	Peach/Green (customized color)	
	properties:	Three adjustable temperature / speed, intelligent cleaning, negative ion intelligent temperature control, reverse self-cleaning, 9 kinds of dry hair mode, alternating hot and cold, high and low speed cycle, care for hair Motor Type: Brushless Motor Rated power: 1200W (inclusive)-1499W (inclusive) (W) Power supply mode: plug in Air nozzle style: collecting air nozzle + loose air nozzle Product Specifications: Ordinary Rated voltage: 220 (V) Motor: DC motor Heating wire: spiral wire Wind speed gear 2nd gear Additional features Negative ion, high speed, low frequency constant	
	selling points:	110000RPM brushless motor Intelligent cleaning, negative ion intelligent temperature control, reverse self-cleaning, three gears of hot and cold, medium, high and low speed cycles to care for hair	
	Package dimensions:30x22x8cm merchandise quantity:1pcs Package weight:6.5kg		

Quotation of Multifunctional high-speed curling iron set all in one

Picture	name:	Multifunctional high-speed curling iron set	
	number:	TJHA-5036A	
	specifications:	pink (customized color)	
	properties:	Hot Air Styler ◎ 5 in 1 Multifunctional Styling ◎ DC motor; ◎ 220V~240V 50-60Hz 900W ◎ 0-cool-warm–hot setting; ◎ Safety cut off ◎ Swivel cord ◎ 5 accessories: A. Hair dryer nozzle B. Half brush C/D. Air wrap (diameter 30mm) left / right hair curling by air, anti-heating tip. E. Round brush (diameter 34mm)	
	selling points:	100200RPM brushless motor This product set blowing, curling, dry method as a whole, the product design is novel, easy to carry, popular with the public	
	packaging:	Package dimensions: Gift box size: 23.7x6.8x30.3cm Carton size: 62X48.8X43.1cm Qty: 24pcs/carton merchandise quantity:1pcs Package weight:3kg	
	number:	TJHA-5036B	
	specifications:	pink (customized color)	
	properties:	Hot Air Styler ◎ 5 in 1 Multifunctional Styling ◎ High speed Brushless motor 110,000RPM ◎ Working life 4000 hours; ◎ 220V~240V 50-60Hz 900W ◎ 0-cool-warm–hot setting; ◎ Safety cut off ◎ Swivel cord ◎ 5 accessories: A. Hair dryer nozzle, B. Half brush, C/D. Air wrap (diameter 30mm) left / right, hair curling by air, anti-heating tip. E. Round brush (diameter 34mm)	
	selling points:	100200RPM brushless motor This product set blowing, curling, dry method as a whole, the product design is novel, easy to carry, popular with the public	
	packaging:	Package dimensions: Gift box size: 23.7x6.8x30.3cm Carton size: 62X48.8X43.1cm Qty: 24pcs/carton merchandise quantity:1pcs Package weight:3kg	
Picture	name:	Multifunctional high-speed curling iron set	

	number:	TJHA-5016
	specifications:	gray (customized color)
	properties:	Hot Air Styler 6 in1 hot air comb ◎ 220-240V 50/60Hz 1000-1200W ◎ 0-cool-1-2 Speed & Heat settings ◎ 360° swivel cord ◎ Six accessories as optional: I: Big volume oval brush J: Hair curler K: Air comb L: Straight hair comb M: Small volume oval brush N: Concentrator
	selling points:	This product set blowing, curling, dry method as a whole, the product design is novel, easy to carry, popular with the public
	packaging:	Package dimensions: Gift box size: 23.7x6.8x30.3cm Carton size: 62X48.8X43.1cm Qty: 24pcs/carton N.W. / G.W.: 18.5/19.2kg merchandise quantity:1pcs Package weight:3kg
Picture	**name:**	**Multifunctional high-speed curling iron set**
	number:	TJWT-622
	specifications:	gray (customized color)
	properties:	5 in 1 hot air comb Single voltage/fixed power cord color: Gray Voltage: 110V/220V Frequency: 50-60 HZ Power: 1000W Brush motor speed: 35,000 RPM, high speed DC motor The wind temperature at 1st gear is about 61-63 degrees Second gear about 96-98 degrees, The 3rd gear temperature is about 136-140 degrees
	selling points:	This product set blowing, curling, dry method as a whole, the product design is novel, easy to carry, popular with the public
	packaging:	Package dimensions: Packing :32.5*22.5*8cm Packing: 70*53*37cm Product: 0.95KG Bare machine: KG/PCS 18PCs/ box/actual weight 18KG merchandise quantity:1pcs Package weight:3kg

Picture	name:	Multifunctional high-speed curling iron set
	number:	TJWT-623
	specifications:	white (customized color)
	properties:	6 in1 hot air comb Voltage: 110V/220V Frequency: 50-60 Hz Power: 1000W Brush motor speed :65000 RPM, high speed DC motor The wind temperature at 1st gear is about 61-63 degrees Second gear about 96-98 degrees, The 3rd gear temperature is about 136-140 degrees
	selling points:	This product set blowing, curling, dry method as a whole, the product design is novel, easy to carry, popular with the public
	Product packaging: Package dimensions: Packing: 32.5*22.5*8cm Packing: 70*53*37cm Product: 0.95KG Bare machine: KG/PCS 18PCS/ box/actual weight 18KG merchandise quantity:1pcs Package weight:3kg	
Picture	**name:**	**Multifunctional high-speed curling iron set**
	number:	TJWT-626
	specifications:	Black silver, white gold (customized color)
	properties:	7 in1 hot air comb Voltage: 110V/220V Frequency: 50-60Hz Power: 1350W -1400W Brushless motor speed: 100,000 RPM High-end 130C° Mid-range 75C° Low-range 55C° Line length: 2.0M*1.0mm² with swivel tail Temperature control lock, power protection boot.
	selling points:	This product set blowing, curling, dry method as a whole, the product design is novel, easy to carry, popular with the public
	packaging:	Package dimensions: Packing: 39*19.2*15.5cm Packing: 62*43*49cm Product: 1.95KG Bare machine: KG/PCS 9PCS/ box /17.5 Real weight KG merchandise quantity:1pcs Package weight:3kg

	number:	TJYF860	
	specifications:	Black pink golden (customized color)	
	properties:	Dc 5V Charging time: 2.5-3 hours Usage time: 45-50 minutes Material of heat conductor: tourmaline ceramic USB cable length: 16cm-20cm Switch: Single key Temperature display :LED gear light Gear: 3/160/180/200 Heating body: heating film Battery: 21700 (4800 mA) Plastic material: double six nylon	
	selling points:	fast heating 21700 Large capacity 4800ma battery, battery life of 45 minutes	
	packaging:	Package dimensions: Gift box size: 255*72*50mm merchandise quantity:1pcs Package weight:0.388kg	
Picture	name:	Automatic hair curler	
	number:	TJHB-08	
	specifications:	Black pink blue (customized color)	
	Product properties:	1) Voltage :100V-240V AC 50/60HZ 2) Power :30W 2) Temperature range :160°C-210 °C 3) 30 seconds fast heating, 20 minutes no operation automatic sleep, 60 minutes automatic shutdown FCC/CE/ROHS/3C	
	selling points:	1) Unique planetary gear transmission + metal bearing transmission system, more stable, long life, low transmission sound 2) Simple button design, in the process of use, will not misoperate 3) Easy to operate, intelligent curling system, just one key press, curling automatically completed. 4) Easily create a variety of styles, from soft curls to voluptuous waves 5) Anti-hot design, double insulation design, stick to the face	
	packaging:	Package dimensions: Gift box size: 360x105x83mm merchandise quantity:1pcs Package weight:0.783kgs
