Guide:

- cook over low heat, to avoid damage to the pan
- use plastic or wooden cooking utensils to prevent scratching
- remove acidic foods from your pans immediately after cooking, and wash promptly to prevent damage to the seasoning
- Dry cookware after washing, If desired, lightly coat the inside of the pan with oil, and heat for a minute or two longer.
- do not store foods in cast iron, as this can break down the seasoning
- never submerge cast iron in water
- never put cold water in a hot pan; this can cause the pan to crack or warp
- do NOT wash cast iron in the dishwasher; hand wash ONLY with hot water
- do NOT use in microwave
