An aerial photograph of a city skyline at sunset. The sun is low on the horizon, creating a warm orange and yellow glow that reflects on the water and illuminates the buildings. The city is densely packed with skyscrapers and residential buildings. In the foreground, the water of a river or bay is visible. Overlaid on the image are several white geometric shapes: a large triangle in the upper left, a smaller triangle to its right, a large triangle in the upper right, a large triangle in the lower left, and a large triangle in the lower right. The text "Xuzhou Belse Electronic Technology Co., Ltd" is centered in the middle of the image.

Company profile

—BELSE—

Xuzhou Belse Electronic Technology Co., Ltd

Xuzhou Belse Electronic Technology Co., Ltd, located in xuzhou, the hometown of emperor and the birthplace of Han dynasty, was established in 2005. In 2018, it won the title of national high-tech enterprise. It was successfully listed in JiangSu equity trading center on Dec 20, 2017.

Xuzhou Belse Electronic Technology Co., Ltd

From January 29, 2018 to February 1, 2018, with high-quality and high-end b-ultrasound and color doppler ultrasound machines, we took part in the Arab Dubai international medical exhibition. In a short period of time, our medical products were well received by customers at the exhibition. Customers rushed to operate the instruments and equipment using the bell.

2019 Dubai Arab international medical exhibition

The success of the 2018 show gives us Bells more confidence in our products and services.

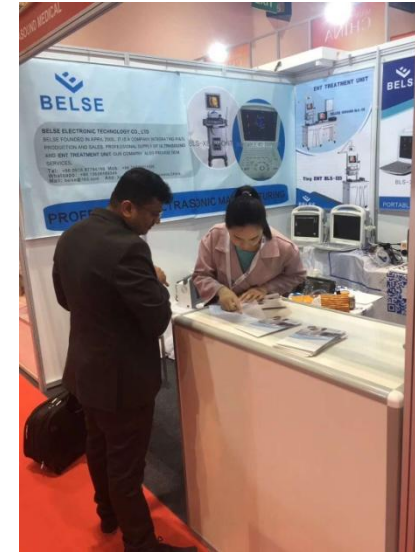

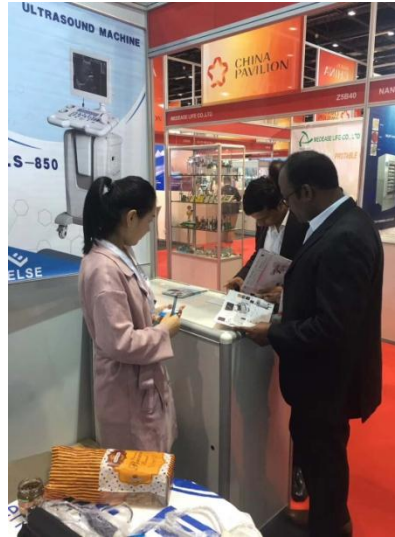

Figure 1 to Figure 3 are the photos of the general manager QiFeng and the foreign merchants who have experienced the Bells equipment.

Xuzhou Belse Electronic Technology Co., Ltd

From January 28th to January 31st, 2019, Belse participated in the Arab International Medical Exhibition in Dubai with high-quality, high-end ultrasound medical equipment. As an exhibitor, we highlighted the company's B-ultrasound and color-super products, including BLS-X1 and BLS-X2, BLS-X3, BLS-820, BLS-830, etc. Attracted dealers and doctors from the United Arab Emirates, Pakistan, Iraq, Bangladesh, Saudi Arabia, Sudan, Egypt, India, Kuwait, Malaysia, Indonesia, Poland, Ukraine, Turkey and many other countries in the Middle East, Europe and Southeast Asia to come to the booth for consultation and negotiation.

Xuzhou Belse Electronic Technology Co., Ltd

Every day, the booths were in the market, and the person in charge of the exhibition was busy “sleeping and forgetting to eat”. On the first day of the exhibition, nearly 100 customer cards were received. The exhibition is not only a way to meet new customers, but also an important way to meet face-to-face with old customers. The person in charge of the exhibition also met with dozens of old customers to negotiate on the spot and strive to achieve the best results.

In the communication, we have a deep understanding of the market capacity, usage status and needs of various countries in the field of ultrasound medicine, providing more accurate positioning and strategy for the promotion and sales of the company's products overseas market. At the same time, it effectively promotes the expansion of the company's overseas sales performance and continuously improves overseas. Market share and international recognition of the Bells brand.

PART TWO

Technical team

—BELSE—

Xuzhou Belse Electronic Technology Co., Ltd

Sales

It is distributed to medical institutions in more than 30 provinces, municipalities and autonomous regions in China, and is exported to Asia, Africa, Europe, Latin America, the Middle East and other regions. .

After sale

Intimate one-year after-sales service guarantee, solve problems online and remotely anytime, anywhere, and solve problems quickly and effectively.

R&D

With a professional R & D team, based on the original black and white ultrasound, launched a new generation of all-digital ultrasound diagnostic system, all-digital ultrasound guided gynecological uterine surgery instrument, ENT examination and treatment table, and has 2 invention patents, 2 utility models Patent, 1 appearance patent, 7 software copyrights. And achieved the knowledge of the standard system certification.

Produce

The integrated professional production line has ISO9001, ISO13485 certification and perfect quality management system to ensure product quality and service quality.

A scenic photograph of a mountain landscape. The foreground shows a steep, rocky slope covered in dry, golden-brown grass. A small patch of snow is visible on the left side of the slope. In the background, more mountain peaks are visible under a clear sky. A blue square is overlaid on the right side of the image, containing the number '03' in white.
