

45W Panel Light User Manual

Specifications

Lamp Beads: Red and Blue

Lamp Beads Wavelength: Red, 620nm-630nm; Blue, 460nm-470nm

Lamp Beads Quantity: Red, 165 Blue, 60

Wattage: 45W

Power Supply: AC85-264V

Electricity: 300MA

Operating Frequency: 50/60HZ

Service Time: about 50000h

Dimensions: 310mm*310mm*33mm

Package Size: 400*338*55mm

Weight: 1.34kg

Irradiation Area: 1.5 Square meter

Hang Height: 0.5 m-1m

Functions

- 1, made of ABS plastic, built-in gate type and three drive power supply;
- 2, consist of 225pcs 2835paster;
- 3, 60 degree condenser cup, suite surface with high temperature and spraying silver oil;
- 4, Shell back used 2.5mm paper plate, surface spraying black waterproof oil paint with high temperature resistant;
- 5, Small, Exquisite, Light, easy to transport, install. Safe, Environmental, not include pollution and harmful substances.
- 6, can use 50000h, 2 year warranty.

Applications
