## Catalogue of Toothbrush Machinery

### Company Profile:

Guangdong Chuangyan Technology Co., Ltd. is located in Yiyang Industrial Park, Xiashan Town, Chaonan District, Shantou City, Guangdong. It's a high-tech enterprise specializing in the manufacture of toothbrush machinery and equipment integrating research, production and sales. Our company covers an area of 8,520 square meters and a building area of 32,820 square meters. Since it established in 1988, it has been adhering to the corporate philosophy of "honesty, innovation, research, and refinement", making contributions to the society, creating value, and realizing the sustainable operation of the enterprise.

Guangdong Chuangyan Technology Co.,Ltd. has advanced technology research and development center, domestic and foreign first-class production equipment and testing equipment. The patented products independently developed include: automatic toothbrush blister labeling and packaging machine, integrated machine for planting and grinding, intelligent high-speed tufting machine, automatic trimming and grinding machine, intelligent manipulator, hot foil stamping machine, cutting machine, toothbrush production line, manual and electric toothbrush and mechanical equipment for daily brushes.

## Catalogue of Toothbrush Machinery

### General Tufting Machine

Model	AH9P-C2
Working Speed	820 holes/min
Weight	760KG
Machine Dimension	1180*1180*1400mm
Voltage	Three-Phase 380V 50-60HZ
Power	2.2KW
Diameter of Brush Hole	1.2-3.5MM
Tufting Length	50MM
Tufting Width	50MM

### Square Hole Tufting Machine

Model	ADH9P-C2
Working Speed	820 holes/min
Weight	760KG
Machine Dimension	1180*1180*1400mm
Voltage	Three-Phase 380V 50-60HZ
Power	2.2KW
Diameter of Brush Hole	1.2-3.5MM
Tufting Length	50MM
Tufting Width	50MM

**Guangdong Chuangyan Technology Co.,Ltd**  
**Catalogue of Toothbrush Machinery**

**Irregularly-shaped Hole Tufting Machine**

Model	AZH9PF-C3
Working Speed	750 holes/min
Weight	760KG
Machine Dimension	1180*1180*1400mm
Voltage	Three-Phase 380V 50-60HZ
Power	3.5KW
Diameter of Brush Hole	1.2-3.5MM
Tufting Length	50MM
Tufting Width	50MM

**Robot**

Model	CS
Working Speed	40 pcs/min
Machine Dimension	150KG
Measurement	1680*800*1320mm
Voltage	Two-Phase 220V
Power	1 KW

# Guangdong Chuangyan Technology Co.,Ltd

## Catalogue of Toothbrush Machinery

### Tufting & Trimming Machine 2 in 1

Model	ZMJ8M-C3
Working Speed	840 holes/min
Weight	1400 KG
Machine Dimension	1970*2450*1570mm
Vacuum Cleaner Dimension	1050*840*1960mm
Voltage	Three-Phase 380V 50-60HZ
Power	7 KW
Diameter of Brush Hole	1.2-3.5MM
Tufting Length	Max 50MM
Tufting Width	Max 50MM

### Trimming Machine

Model	CX-A8
Working Speed	2000 pcs/hour
Weight	850KG
Machine Dimension	2370*680*1230mm
Vacuum Cleaner Dimension	1100*640*1880mm
Voltage	Three-Phase 380V 50-60HZ
Power	4.5KW
Number of Trimming Disc	8 pcs
Trimming Rate	Flat 95%, Wave 90%
Working Length	Max 45MM
Working Width	Max 18MM
Working Depth	Max 10MM

# Guangdong Chuangyan Technology Co.,Ltd

## Catalogue of Toothbrush Machinery

### Pneumatic Cutting Machine

Model	QMJ
Working Speed	300 KG/hour
Weight	80KG
Measurement	1200*500*1200mm
Voltage	Two-Phase 220V
Power	0.5 KW
Cutting Shortage	5MM

### Automatic Blister Labeling Packaging Machine

Model	BJZ-B1
Working Speed	15-20 times/min
Weight	1850KG
Machine Dimension	3980*1068*1948mm
Voltage	Three-Phase 380V 50-60HZ
Highest Power	14.11 KW
Running Power	4.2 KW
Forming Length	195MM-250MM
Forming Width	20MM-190MM
Forming Depth	Max 40MM
Labeling Length	Max 80MM
Package Material	PVC/PET
Thickness of Package Material	0.15MM-0.5MM

# Guangdong Chuangyan Technology Co.,Ltd

## Catalogue of Toothbrush Machinery

### Automatic Hot Foil Stamping Machine

Model	CYJT-1
Working Speed	2000 pcs/hour
Weight	200KG
Machine Dimension	1700*620*1550mm
Voltage	Two-Phase 220V
Power	1 KW
Product Length	75MM-200MM
Product Width	5MM-25MM
Product Shape	Regular

### Laser Engraving Stamping Machine

Model	TJJ-LD
Working Speed	2000 pcs/hour
Weight	250KG
Machine Dimension	2080*680*1680mm
Voltage	Two-Phase 220V
Power	1 KW
Product Length	75MM-200MM
Product Width	5MM-25MM
Product Shape	Regular
