homeowners and contractors**

OUR STORY

Our cabinets are built with all the modern upgrades you would expect: soft closing doors and drawers, and a wide variety of space saving cabinets such as lazy susan cabinets, trash roll-outs and spice pull-outs. All UniKraft Cabinetry drawers are constructed with dovetail joints. Dovetail drawer boxes offer the strongest box construction available. The durability of the corner construction makes dovetail joints the top choice for any cabinet in your home. Doors that are hung on concealed hinges can feature soft close technology so they close silently and effortlessly. Soft close is also available for the glides so they close quietly and smoothly too.

We are always here to helping homeowners and contractors

INFORMATION

ABOUT US

Our company produces a full line of traditional framed and frameless construction. Some of our features include Solid Wood Doors with Plywood Construction, Dove-Tail Drawers for extra stability, Cabinet Grade Under-Mount Glides, and more. Our extensive selection of accessories can be integrated with standard cabinets to make your kitchen unique and beautiful. We provide quality cabinetry for residential homes, multi-family complex and commercial buildings. Our products are ideal for owners who desire a dream kitchen that's elegant, unique and cost-effective. Quality is a fundamental factor to our business and all our products come with limited lifetime warranty.
