ABOUT CAPSULE

With own production facilities in He Yuan City, China, Capsule (previously Bowker Garment Accessories) has been engaging in quality garment accessories manufacturing business for over 20 years.

Our products cover a wide variety of narrow-textiles and packaging goods. Having a reputation for high quality standards, Capsule works close with world famous brands.

We treasure every chance to serve our valuable customers with the finest accessories made by exceptional craftsmanship. Capsule carries out production that reduces costs and waste, and is eco-friendly. We will continuously work to improve our environmental preservation activities as we believe acting as a responsible business will contribute to lasting success.

#accessoriesmatter

Our Philosophy

At Capsule, we believe that accessories matter. The goal of embracing details is to get you to achieve the best possible design. We are here to support your brands and products with these small details of awareness and craftsmanship.

Our Mission

We continue to innovate, to work on manufacturing high-quality and eco-friendly products, and we strive to get recognized by the global fashion industry.

Capsule Limited

On December 21 2020, we saw the Great Conjunction of Jupiter and Saturn in Aquarius. It was the first time in more than 800 years that this Great Conjunction returned to the air element, and it will remain there for about 200 years. This is critical for the arts, as Aquarius symbolizes a break from previously established traditions, thereby allowing for new and unusual ideas to flow more freely and for new pathways to emerge.
