

QinYang XianFeng Insulation Material Co.,Ltd

THE LEADER OF THE ELECTRICAL INSULATION MATERIALS

Company Info: QinYang XianFeng Insulation Material Co.,Ltd

QinYang XianFeng Insulation Material Co.,Ltd is founded in 1994 years, located in beautiful city--QinYang city that is famous thousands of years history town. We are one large-scale professional manufacture of insulating materials, specialize in electrical insulating materials of production、sale and service .The annual capacity cover 800 tons products of the electric composite materials and billions of insulation pipe production.

The Dupont Company is our golden supplier of Nomex raw materials .Through many years development,We own the high technology control equipment of high speed three and four layer composite materials digitization and high planeness control technology equipment, we Solve the reel and tunnel effect problem。 Our every products have XianFeng brand logo clearly with top technology level in China.

THE QUALITY CERTIFICATIONS OF XIANFENG COMPANY

ITEM	MATERIA	CLASS	CODE	ADVANTAGE	APPLICATION
6641	Mylar and polyester fiber non woven fabric flexible composite materials	F	Q/XF3-207-2006	1、excellent heat resisting property and dielectrical property	Used for Y2 series F class electrical machine and F class slot insulation、 Pad insulation、 inturn-insulating in electrical equipment
6640	Mylar and aromatic polyimide fiber paper composite material	F	JB/T 4061.1-1995	Excellent mechanical and electrical performance heat resisting property	Used for F class electrical machine and F class slot insulation、 Pad insulation、 inturn-insulating in electrical equipment
6650	Polyimide membrane and aromafic polyimide fiber flexible composite material	H	Q/XF3-205-2007	Excellent mechanical heat resisting property	Used for H class electrical machine and F class slot insulation、 Pad insulation、 inturn-insulating in electrical equipment.
6630	Mylar and polyester non woven fabric flexible composite material	B	JB 4060-91	1、excellent mechanical strength; 2、high stiffness, Suitable for mechanical wiring.	Use for Y series electrical machinery、 slot insulation、 Pad insulation、 inturn-insulating in electric equipment
6630A	Mylar and polyester non woven fabric flexible composite material	B	JB 4060-91	Product Soft、 low stiffness, suitable handmade wiring;	Use for Y series electrical machinery、 slot insulation、 Pad insulation、 inturn-insulating in electric equipment

◎Glass fiber pipe series◎

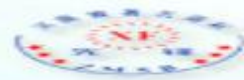

THE QUALITY CERTIFICATIONS OF XIANFENG COMPANY

INSULATING SLEEVING	ADVANTAGE	APPLICATION	Resistant Voltage LEVEL	temperature classification
2715 Pvc Glass Fiber Pipe (F-PVC)	Excellent Dielectric performance chemical resistance ,good mechanical strength	wiring and mechanical protection of electrical machinery、 electric circuit、 appliance、 instrumen	3 levels: 1000V、 2000V、 4000V	A
2752 silastic fiberglass silicone sleeving (F-SRN)	Excellent Self extinguishing and inflaming retarding and dielectrical performance, good elasticity、 plasticity .passed the UL CERTIFICATION in 1997	Used for insulation protection of Internal wiring 、 bundling in F /H class electrical machinery、 electrical equipment insulation protection	4levels: 1200V、 1500V、 2500V、 4000V	F、 H
HTG FIBER GLASS SLEEVING (HTF)	Excellent Dielectric performance High temperature resistant	Used for insulation protection Of electrical machinery、 electrical equipment ,special wire protection of high temperature appliance like light-fixture		thermostability 500° C
2751 silicon rubber glass fiber pipe、 (F-SRB)	Excellent High temperature and freeze resistant, Dielectric performance, good elasticity、 plasticity	Used for insulation protection of Internal wiring 、 bundling in F /H class electrical machinery	2levels: 2000V、 4000V。	F、 H
Acrylic glass Fiber sleeving (F-PA)	Excellent Dielectric performance。	Used for wiring insulation protection and Mechanical protection of the electrical machinery、 electrical equipment electric circuit		B

THE QUALITY CERTIFICATIONS OF XIANFENG COMPANY

In domestic market we are long term golden supplier of LanZhou Electric Machinery Company and Sima electric machinery company which belong top hundred electric machinery company in China. All over the world ,our products are mainly exported to United States, European Union, Middle East, Southeast Asia, Africa and HongKong etc

QinYang XianFeng Insulation Material Co.,Ltd sincerely welcome customers from all over the world to establish business relationship with us!
