Epoxy Color Quartz Floor Coating System

Epoxy Color Quartz Floor Coating System is a high build, double broadcast system using colored quartz aggregate and sealed with a protective top coat.

It is composed of a two component, 100% Solids Epoxy containing no solvents, formulated with decorative quartz aggregate to form a workable matrix that is applied over a concrete or wood floor in thicknesses of 1/8" to 1/4" and trowelled or broadcasted to a smooth or slipproof surface.

Features	Benefits
Safe	MTBJZJ® provide epoxy color flakes flooring with excellent slip resistance to prevent slip and fall injuries and liability.
Durable	Superior color fastness, chemical, abrasion and impact resistance for the most extreme heavy-duty environments.
Decorative	Enhance your high-performance flooring environment by adding custom color and texture to compliment any décor.
Hygienic	No joints or seams delivers an easy-clean, seamless finish, where no bacteria or dirt can dwell in crevices.
Custom	Virtually limitless color combinations provide design latitude so that each floor can be customized to suit the environment.
Renewable	After years of use, efficiently revitalize your resinous flooring system by sanding the surface and applying a new topcoat.
Economical	MTBJZJ® provide a cost-effective flooring solution with extraordinary resilience under the most demanding conditions.

ADVANTAGES

- Ease of maintenance
- Aesthetic improvements & decorative floor finish
- Increase slip resistance in wet areas
- Hard with excellent abrasion resistance
- VOC free - CA 01350 air quality compliant
- Excellent stain & chemical resistance
- Anti-microbial, seamless & hygienic
- Fast set available for quicker turn around time
- Wide array of color combinations

SAMPLE COLOR CHART

Epoxy Color Quartz Floor Coating systems are available in 10 basic colors consisting of Green, Blue, Red, Grey, Buff, Brown, Caymen Green, Plum, Black, Tan and White. Other special colors orders are available.

The colors can be custom designed, mixed, and blended to provide hundreds of color variations achieving a "salt and pepper" effect.
