MTBJZJ[®]

Epoxy Color Flakes Floor Coating System

The Epoxy Color Flakes Floor Coating System makes concrete flooring as beautiful as it is practical and cost-effective. Color Flakes, also commonly referred to as chips, flakes, flecks, or epoxy flake systems, utilize a unique product that is integrally pigmented, brilliantly colored, and random in shape and size. You can use custom blends with infinite possibilities to achieve optimal appearance and texture qualities with a epoxy floor coating that is great for garages, commercial spaces, and more.

Color Flakes Epoxy Flooring is available in over 150 solid color-styles and six standard sizes that can be blended, mixed, and matched to customize your floor and compliment any decor.

Features	Benefits
Safe	MTBJZJ [®] provide epoxy color flakes flooring with excellent slip resistance to prevent slip and fall injuries and liability.
Durable	Superior color fastness, chemical, abrasion and impact resistance for the most extreme heavy-duty environments.
Decorative	Enhance your high-performance flooring environment by adding custom color and texture to compliment any décor.
Hygienic	No joints or seams delivers an easy-clean, seamless finish, where no bacteria or dirt can dwell in crevices.
Custom	Virtually limitless color combinations provide design latitude so that each floor can be customized to suit the environment.
Renewable	After years of use, efficiently revitalize your resinous flooring system by sanding the surface and applying a new topcoat.
Economical	MTBJZJ [®] provide a cost-effective flooring solution with extraordinary resilience under the most demanding conditions.
