» » » Company Profile

Hessan Machinery (Guangzhou) Co., Ltd, located in Shawan Town, Panyu District, Guangzhou City, has been dedicated to the research&development&production of board laminating machine and profile wrapping machine. We launched China's first PUR board laminating line in 2007. With nearly 20 years of hard work, "Hessan" brand has won praise and reputation for its first-class quality and first-class service.

At present, the main products of the company include:

1. PUR board laminating production line: suitable for laminating PET film, PVC film, PP film, aluminum film, as well as acrylic sheet, fireproof sheet, aluminum sheet, stone plate and other sheets, providing professional solutions according to customer needs.
2. Board/profile wrapping machine: applicable to various boards, indoor/outdoor profiles surface wrapping , ect.
3. White glue laminating production line: suitable for cold white glue laminates with decorative paper and PVC film.
4. Other production lines: Acrylic-PVC composite equipment, PET-PVC film composite equipment, honeycomb door laminating line, flooring laminating line.
5. Other supporting equipment: automatic board loading/unloading machine, turnover machine, sanding machine, dust removal machine, pearl cotton laying machine, PVC slitting machine, glue hot melt machine, etc.

》 》 》 Our advantages

1. With more than 10 years of experience in manufacturing, research and development of PUR board lamination equipment, continuous innovation, Hessan is recognized as the leading brand in China.
2. Insist on treating people with sincerity, we own a large group of customers in domestic and in more than 20 countries and regions around the world, including many large enterprises and listed companies, our product has been widely recognized by the market.
3. With more than 10 years of export experience, the equipment is always produced according one standards for China and intenational customers.
4. We are able to provide seppliers who make boards, PET/PVC or other laminating materials, PUR glue.
5. Two members of after-sales team have more than 10 years of experience in the industry, we offer good service for installation, training, technical guidance, and equipment lifelong after-sales.

» » » **PUR Hot Melt Glue Profile Wrapping Machine: HY-FE-350**

Using with PUR hot melt glue can do different kind of material, like PVC, veneer, paper, CPL ect and base profile for MDF, WPC, PVC plastic, Aluminum. Which suitable for various feild of profile such as door, windows, picture frame, flooring ect.

» » » **Technical Specifications: HY-FE-350**

1. PUR melt tank and glue knife 1 set

3. Primer coating apply device 1 set

5. Material placing shelf 1set

7. 5.8M wrapping machine 1set

2. PLC touch screen 1set

4. Cleaning device 1 set

6. Pressing wheel, pressing pole 1 set

8. Wrapping shelf 1 set

» » » Technical Specifications: HY-FE-350

Type	HY-FE-350	Type	HY-FE-350
Wrapping width	350mm	Thickness of profile	2-90mm
Min. lenght of profile	600mm	Working speed	5-60m/min
Main Transmission power	2.2 KW	Power of melt tank	7.4KW
Control type	PLC control screen	Cleaning device	0.12+0.37KW
Slot nozzle heating power	5KW	Weight	2500kg
Size	5800x800x1800mm		

» » » QUOTATION: HY-FE-350

NO.	ITEM NAME	SPECIFICATION	QTY	TOTAL PRICE(USD)
1	HY-FE-350 PUR Profile Wrapping Machine	350mm	1 set	US \$23800

Price term: FOB Guangzhou In USD

Payment: 30 % deposit before production and 70 % balance paid before machinery loading.

Packing: Plastic film

Time of delivery: 45 working days after deposit received

Installation:

We will provide the installation service for the customer as requested. If the buyer request the seller to do the service in the seller's work place, the charge for applying visa, round tickets should be paid by the buyer as well as the food and hotel. USD200 per day should be paid for each technician's salary. Machine is under one year guarantee.
