PM's Pahela Boisakh gift

Amphitheatre, fountain at Hatirjheel

Staff Reporter | newsbangladesh.com

Inserted: 15:20, Thursday 13 April 2017

Dhaka: Prime Minister Sheikh inaugurated an eye-catching state of the art amphitheatre and a grand musical dancing fountain, set up at the city's Hatirjheel lake to attract more visitors and tourists, on Thursday on the eve of Bangla New Year 'Pahela Boisakh'.

PM opened those under a Rajuk project titled 'Integrated Development of Hatirjheel area

including Begunbari Canal' through a videoconference from her official residence Ganobhaban on Thursday morning.

"It is a gift for the people of capital as well as the country for entertainment", she said at inauguration.

She also urged city dwellers to keep clean the area.

Army chief General Abu Belal Md Shafiul Haque and Hatirjheel project director Major Abu Syed Md Masud Chowdhury outlined details of those two structures in the programme that was hosted by principal secretary of Prime Minister's office Kamal Abdul Naser Chowdhury.

Hatirjheel to house largest dancing fountain

 Published at 01:47 AM April 09, 2017
Last updated at 01:48 AM April 09, 2017

A musical dancing water fountain has been set up on a trial basis at Hatirjheel in the capital, to be formally launched around Pahela Baishakh. The photo was taken on Saturday **DHAKA TRIBUNE**

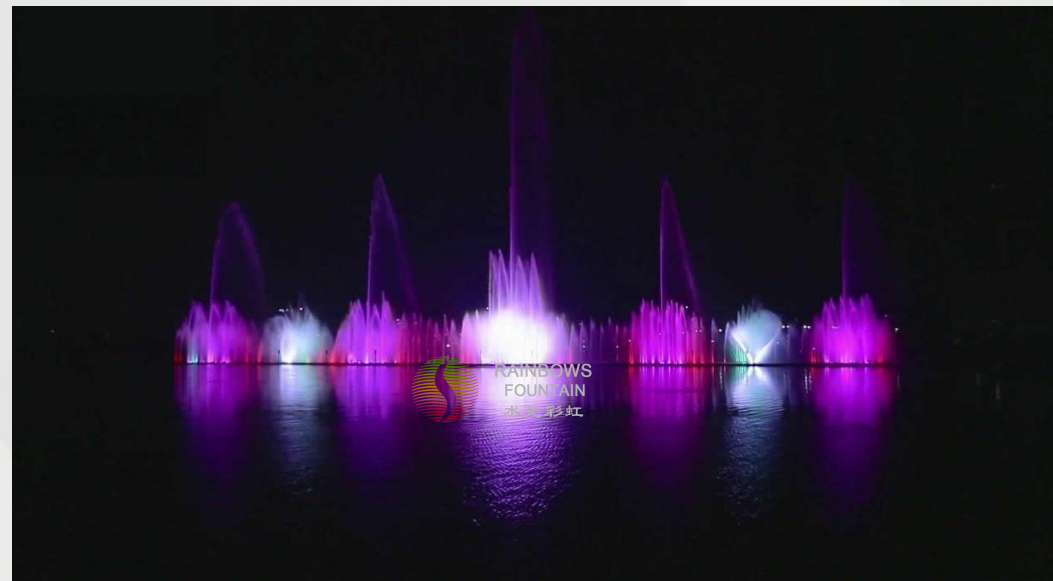

Hatirjheel Musical Dancing Fountain will be the largest colourful water fountain in South Asia

If you visit one of Dhaka's leisure spots, Hatirjheel lake, in the evening, you might be treated to an amazing dance of colours and music.

The 1,960 square metre Hatirjheel Musical Dancing Fountain, built in the waters of Hatirjheel lake, is the first dancing water fountain in Bangladesh.

The fountain creates aesthetic designs of different colours and three-dimensional images, achieved by employing the effects of timed sounds and light, including lasers against water particles. The water refracts and reflects the light, and in doing so, produces the images.
