

Low Power HD Wireless Battery Camera

- * 100% Real Wireless 1080P Full HD Low Power Network Camera.
- * Ultra low power consumption, battery full operation 3-6 months (2*18650 rechargeable batteries).
- *1080P full HD picture quality, support infrared night vision.
- *Support D-DWR, highlight compensation, backlight compensation, mobile detection.
- *PIR infrared human body sensor mobile detection, effectively prevent false alarm.
- *Support 2.4G Wi-fi, free APP, 2 seconds speed activation, speed alarm push.
- *Full duplex two-way voice intercom, TF card local storage.

Scheme	HI3518E
Imaging Sensor	2 Megapixel CMOS
Maximum Capacity	64GB TF Card
Resolution	1080P (1920 × 1080 px)
Viewing Angle	130°
Video Quality	HD 1080P @ 25f/s
Scene Selection	backlight compensation, infrared night vision, highlight compensation, motion compensation, digital wide dynamic
Mobile Detection	PIR Infrared human sensors
D/N Switching	Automatic
Audio Inout	Support
Audio Output	Support
Image Coding Standards	H.264
Video Standard	PAL、 NTSC
Video Stroage	TF Card
Remote playback&download	Support
Alarm Input	No
Motion Detection	video push, alarm video, catch picture
Ethernet Network	1*RJ45, 10/100M, support wifi
Wifi	WiFi 2.4 GHz, IEEE 802.11 b\g\n
Networking Protocol	Support TCP/IP、 RTSP、 ONVIF
Power Battery	2*18650 Lithium battery
Temperature	0°C - + 55°C
Working Humidity	85% without condensation
