TEXTURES

a sensorial experience

Marble experience can not be limited to observation, with the eyes you can appreciate colors and elegance of the grain, but with your hands you can complete the sensation. GANI offers a wide variety of finishes to its marble tiles, inspired by typical finishes of the natural marble, giving serious consideration to the tactile experience of each product.

DESIGN FREEDOM

A vast range of sizes and textures for each marble tile allow design freedom and increased flexibility. The big slabs 600 x 1200 mm, 900 x 1200 mm and 900 x 900 mm drastically reduce the amount of interruptions to the design unit while their sub-multiples 600x900 mm and 600x600 mm ensures great versatility for all needs. Our textures range gives a luxury and sophisticated feeling to every space: from indoor wall and floor to furniture and outdoor cladding.

Polished, honed, natural, antique, matt and sandblast finishes allow a flexible use of marble tiles in each kind of environment. Interior and exterior spaces can be finally designed with a unique concept. Gani Marble Tiles gives designers maximum freedom and minimum limitations.
