BS-2706  
Frame: Matte Yellow

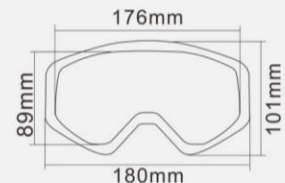

### MATERIAL

- **Lenses:** Italian-made Polycarbonate. Full UV protection. Drop Ball Test compliant.
- **Frame:** Soft-rubber TPU

### FEATURES

- Italian-made, dual-layer PC lens. Full UV protection. Drop Ball Test compliant. Lens options: Revo, Smoke Black, Silver Mirror and many others
- Photochromatic lens automatically lightens/darkens as the lighting changes
- Extra-large frame and lens give adding peripheral view
- Ultra-soft, triple-layer (2-foam, 1 soft fleece), absorbent and breathable 'memory foam' gives optimal face contact for the most comfortable fit
- Quick-release strap, with Easy-Slide adjusters, allows for easy replacement or upgrade to new colors or a silicone-backed anti-slip strap

### SIZE

When the lens is exposed to sun, the user will see it change from virtually-clear to light-grey

As sunlight increases, the lens changes to dark grey without the user being distracted by the change. The outside-appearance will become a beautiful smoke dark black

- The Photochromatic lens automatically adjusts from virtually-clear to dark grey according to sun's intensity.
- From the outside, the appearance will change from virtually-clear (eyes visible) to dark smoke black (eyes not visible)
- With great versatility, this goggle is perfect for winter-sports such as skiing and snowboarding in varied conditions.
- The Photochromatic lens is also perfect for outdoor winter labor where lighting varies throughout the day

## PG-3800 Series

Polarized

Easy to replace lenses

### MATERIAL
