

HW-LED5

Operating Light

Technical Parameter

Light Head:	LED5
Illumination (Lux):	120,000
Color temperature (Kelvin):	3800-4800
Operator's head temperature rise (°C):	≤1
Surgical field temperature rise (°C):	≤2
Effective working depth of focus (mm):	≥600
Spot size adjustment range (mm):	120-230
Average life of light bulb (h):	100,000
Min installation height (mm):	2700
