

悍高HIGOLD®

HIGOLD BUSINESS PITCH

Part 1 Know HIGOLD

What you should know about Higold?

One of the largest manufacturer of kitchen sinks, kitchen storage accessories as well as outdoor furniture in Asia

With the below amazing facts:

- Since 2004 with 2800+ Employees
- 400.000 M² Production Base
- 600+ Patents
- Partnered with world top designing team — Pininfarina
- 8+ RedDot  Design Award Winner & 9+ IF Design Award Winner 
- 500+ Agents overseas, covering 200+ countries regions.
- \$ 300 Million in revenue (FY2023)
- To be listed in China Stock Market.
- Renowned customers we serve: Costco, Hafele, Leroy Merlin, etc.

Part 2 Why HIGOLD

What values can Higold generate for you ?

One stop purchasing platform for all kinds of kitchen Sinks & Faucets

Creative patented products to help you distinguish from competitors

Boost Your price competitiveness

Share Higold innovation resources to turn ideas into products.

Capacity and Quality fulfillment

Part 3 What From Higold

A. Pressed Sinks

- Handmade-like pressing sink
- BL2.0 Plus Thick Panel Single Bowl Sink
- BL2.0 Multi-Functional Sink with Embossed Surface
- BL3.0 Thick Panel Single Bowl Sink

- Handmade-like pressing sink

HIGOLD®

Higold R20 series sink
Handmade-like pressing sink
-----Affordable Luxury

The combination of square
and round design has a more
aesthetic feeling

HIGOLD®

R20 radius
corner
no dirt remains

Integrated
molding
truly seamless

Nano coating
easy cleaning

SUS304
tough and durable

Rear
drainage
more storage space

Anti-condensation
coating
protects cabinets

Combine three advantages

HIGOLD®

01

Friendly
and practical
One-piece stamped
drawn sink

02

Easy
maintenance
Nano-coating
surface

03

Premium
and gorgeous
Small R corner
design

Significant cost advantage
Upgrade integrated technology

Quality comparable to handmade sink
with lower cost

HIGOLD®

Cost
reduction

15-20%

R20

Design similar to handmade sink
Stainless steel sink
Integrated molding, cost saving

Handmade sink

Handcrafting
Stainless steel sink
High cost

R20

HIGOLD®

20° Radius Corner

Gorgeous and easy to clean
Large space usage

R20

Smooth without
oil stains
More convenient to clean

R35-100

Compared to large
round corner
More washing space

One-piece stamped drawn sink
**Design comparable to
handmade sink**

R20 series sink is not only a seamless
integrated molding with no welding point
but also achieves premium and gorgeous
appearance like a handmade sink

HIGOLD®

**Rear draining hole
for unobstructed
storage under the sink**

Backward drainage hole design, smooth drainage
leaving more storage space under the sink

HIGOLD®

● BL2.0 Plus Thick Panel Single Bowl Sink

HIGOLD®

BL 2.0 Multi-Functional Kitchen Sink

Dual steps design / Side drain hole More space for storage

HIGOLD IP Design

Dual steps design

Single bowl changes into double bowls

More efficient meal preparation

High and low steps design

Free reconfiguration of the sink space

Integrated washing, cutting, draining and storage in one sink

Not only save space but also avoid walking back and forth

Faster draining U-shaped micro-slope drainage design

Increase the slope of the bottom left side of the sink
Water flows to the lower place affected by gravity

Multi-functional structure design

Reject the single label of washing sink, Endow the initiative of clean kitchen

Right side drain hole More space for storage

Scientific offset design, the water pipe does not occupy
More space under the sink that releases the storage space

Item(920283)	Information
Product Dimension (L*W*D)	760*490*218mm
Material	SS#304
Thickness	3+0.9mm
Corner	R40
Cutout size(Topmount)	740*470mm(R15)
Surface finishing	PVD Matt Black+Nano Coated
MOQ(pcs)	100
Warranty (years)	5

- BL2.0 Multi-Functional Sink with Embossed Surface

HIGOLD

Nano embossed sink

Sink with integrated multi-function

HIGOLD IP Design

Gold C position, 1 for everyone

One sink solution for washing, cutting and draining

Solve the space limitation of small apartments and optimize the function of the sink
Reduce the occupation of the countertop area, high-efficient food preparation

3D Embossed Surface Anti-scratch and wear-resistant

Upgraded 3D embossing, higher density and less sticky oil.
The texture can reduce the contact area between the tableware
and the sink, and it is not only stain-resistant but also anti-scratch.

U-shaped slope design
Faster draining

Pressurize cup washer
One-press
water outlet, no electricity required

Waterfall faucet
Full rinse without splashing water

Item(920677)	Information
Product Dimension (L*W*D)	750*470*225mm
Material	SS#304
Thickness	3+0.8mm
Corner	R25
Cutout size(Topmount)	730*450mm(R15)
Surface finishing	PVD Matt Black+Nano Coated
MOQ(pcs)	100
Warranty (years)	5

● BL3.0 Thick Panel Single Bowl Sink

HIGOLD®

BL 3.0 Multi-Functional Kitchen Sink

Inspired by celestial meteors
Moments of brilliance make eternal works

HIGOLD IP Design

HIGOLD®

3D mechanical diversion

The water drains quickly

HIGOLD®

Excellent water guide system

Water flows naturally in places
Where food waste is easy to accumulate,
making it easier to clean up quickly

● BL3.0 Thick Panel Single Bowl Sink

Item(920287)	Information
Product Dimension (L*W*D)	750*480*228mm

B. Handmade Sinks

- Regular Stainless Steel Sinks
- PVD + Nano Sinks
- BL1.0 Pro Stone Texture Handmade Sink
- BL 1.0 Series Multi-functional Nano Double Bowls Sink
- Working Station Channel Sink
- Smart Sink 1.0
- Smart Sink 2.0

- Regular Stainless Steel Sinks

HIGOLD®

- **Made of strong SS#304 stainless steel**
- **Excellent sound insulation**
- **Undercoating for anti-condensation**
- **X lines for perfect drainage**
- **R10 corner for easy cleaning**
- **Undermount/Flushmount/Topmount**
- **Durable & Fashionable**

● PVD + Nano Sinks

PVD
and Nano
Coating
Kitchen Sink

Where there is demand ,
there is creation.
Life deserves more colors and
endless possibilities.

Gun-Black PVD

Golden PVD

Rose PVD

- Various colors available for option
- Nano surface finishing endows the sinks with Anti-scratch feature as well as easy- to-clean

● BL1.0 Pro Stone Texture Handmade Sink

HIGOLD®

BL1.0 pro
Stone Texture Handmade Sink

Super wear-resistant/ PVD Nano Coating / Various accessories switch to double bowls

HIGOLD IP Design

HIGOLD®

Washing, cutting and draining in one sink,
sparing large space at countertop for use
Accompanied with basin in basin for use,
single bowl is switched to double bowls,
washing by partition, clean and sanitary

HIGOLD®

Strong drainage system

Flood type large draining

All-in-one top-flow drainage configuration

Draining water is much faster than the normal sink

HIGOLD®

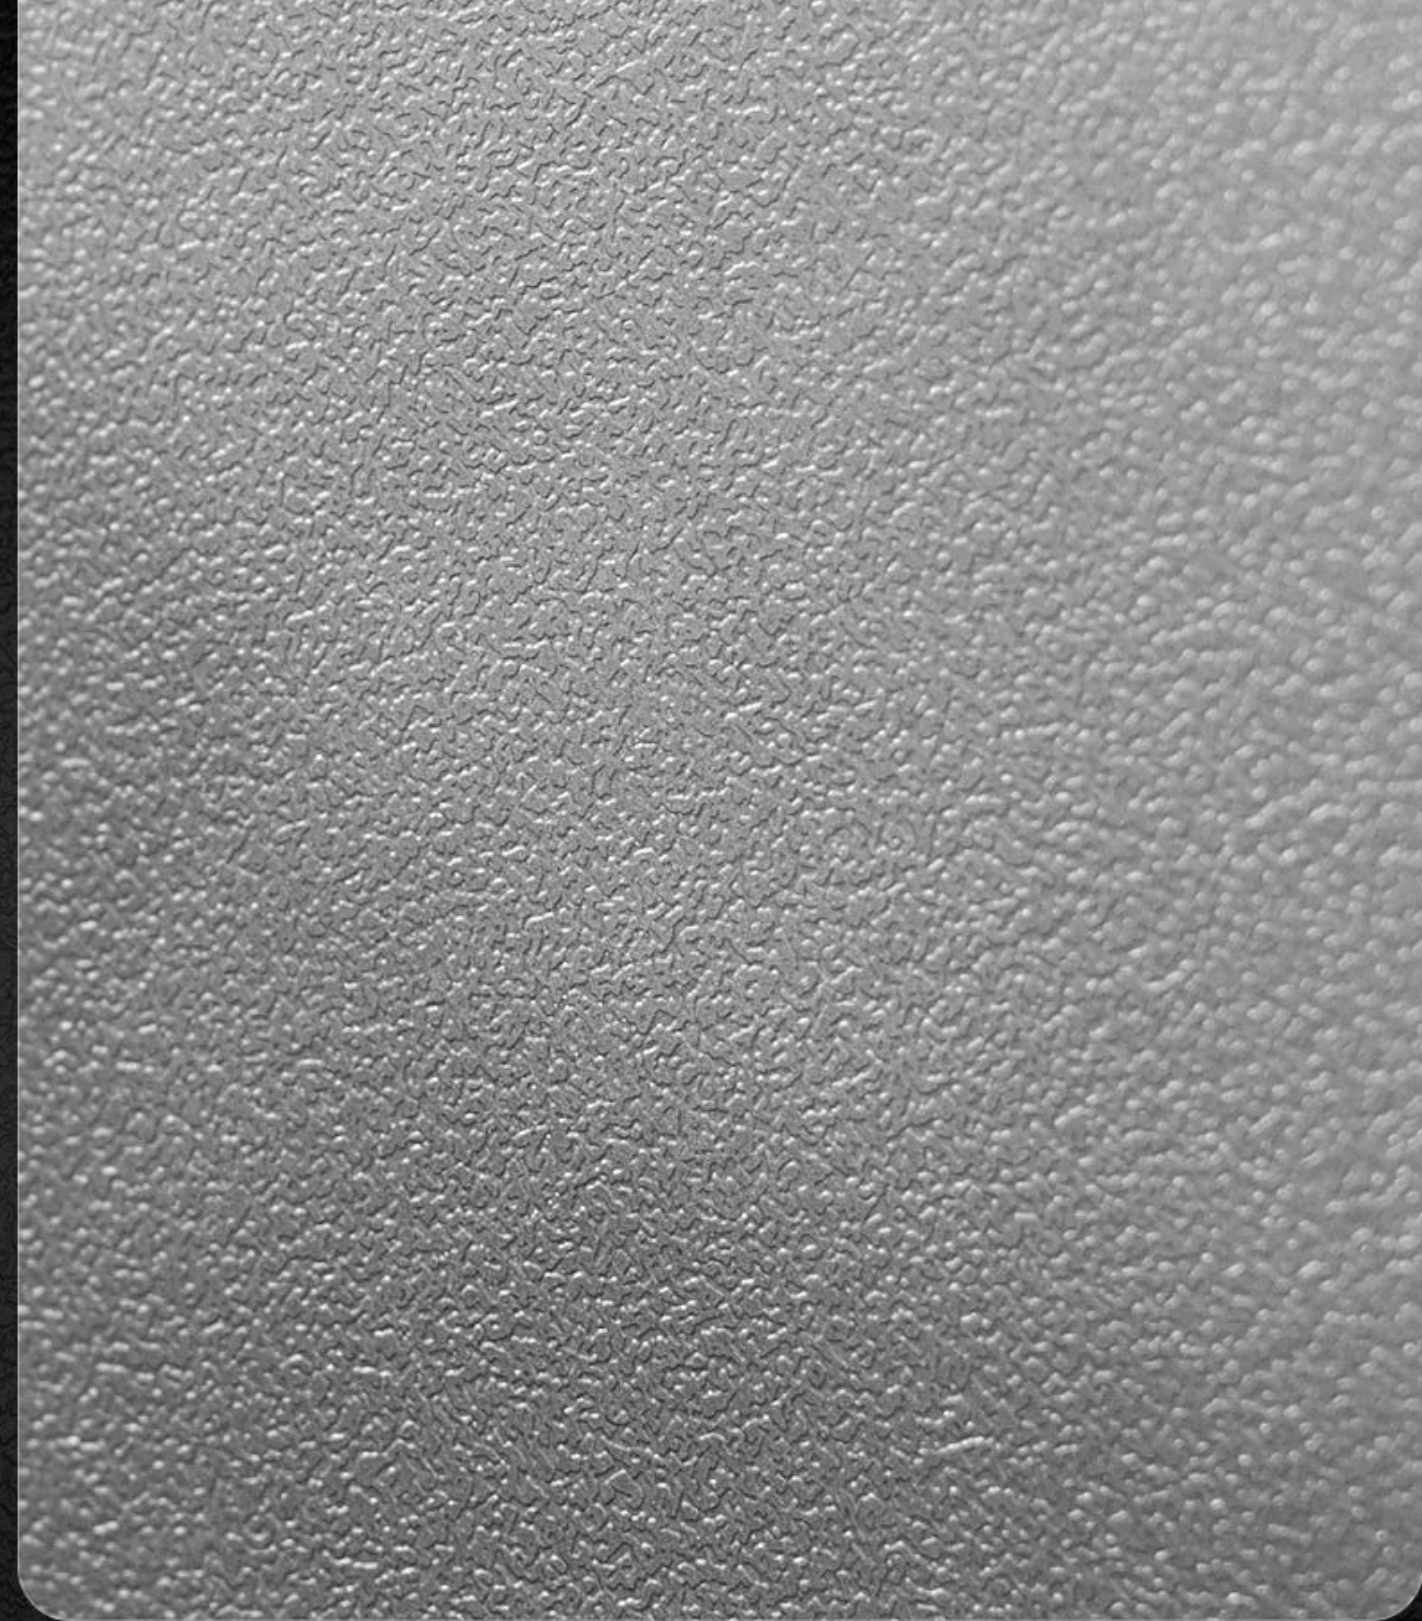

3D micron texture Clean without care

Through high-tech embossing technology, the tightly embossed grain surface attached to the body, improving the hardness of the sink to resist the deformation during daily scratches.

HIGOLD®

PVD + Nano + Stone Texture + Stainless Steel
Strong and wear-resistant

Drainage head

● Smart Sink 2.0

HIGOLD®

Intelligent Purification Cleaning Sink

Create a healthy fresh world

HIGOLD IP Design

Is it really clean to wash your ingredients by hand every day?

The ingredients contain various bacteria/pesticides/hormones, which is very difficult to remove by traditional hand washing

HIGOLD®

Meat hormone

Antibiotics, clenbuterol, animal residues affect children's physical development

Fruit and vegetable pesticide residue

Long-term consumption can cause chronic poisoning

Remove sand from shells

It's very difficult to remove sand from shells by conventional cleaning methods

Three advanced technologies Wash ingredients with one key operation

0 ozone, 0 consumables, 0 additive 0 residual
Provide healthy food
Pregnant women and babies eat at ease

HIGOLD®

01 Ultrasonic shocking without hidden dirt

High frequency ultrasonic shock
Easily shake off sand and parasites, Enjoy the
seafood feast healthily

HIGOLD®

40KHZ
Ultrasonic
wave → Bubble → Shock
wave → Stain
shedding

02 Turbine scouring powerful decontamination

Automatically turn on turbine scouring,
create a high-pressure water flow
Increasing the cleaning efficiency

HIGOLD®

03 Dual-catalyst purification

Water catalyst decompose water
molecules and produce self-purification factors
Combined with UV ray photo catalyst to
remove pesticide residue

HIGOLD®

Water catalyst
Decompose
pesticide residue

Photo catalyst

C. Composite Sinks

Enjoy the Exquisite Life

Yearning for delicacy and beauty

Higold patented recipe, Pass FDA, Strong hardness, High temperature resistance, No odor, Non-porous

Food grade materials without odor Agency approval by both FDA & National Standard

The production of quartz sink,
requires a certain amount of plastic to bond
quartz stone together.

Please refuse non-food grade materials,
which will bring great hidden danger to health.

HIGOLD®

Testing performance:

At the request of the applicant, please refer to the attached page for all details

Conclusion:

Testing sample	Standard	Conclusion
Submitted samples	GB 4806.7-2016 national food safety standard for food contact plastic materials and products, Chapter 4.2 sensory requirements and chapter 4.3 physical and chemical index requirements	qualified
	GB 4806.7-2016 national food safety standard for food contact plastic materials and products, Article 4.3.2 requirements on specific total migration (limit of formaldehyde)	qualified
	GB 4806.7-2016 national food safety standard for food contact plastic materials and products, Article 4.3.2 determination of migration of 2,4,6-triamino-1,3,5-triazine (melamine)	qualified

No dyeing, no odor

No formaldehyde

No melamine

Born for classic inheritance

Satisfy any imagination of quartz sink.

HIGOLD®

Good-looking
The more you use,
the newer it is

No fading
High temperature resistance
and anti-scratch

No air holes
High strength and
impact resistance

Food grade
FDA agency
approval

Fast draining
High
flatness

Easy cleaning
One wipe, oily stains
are all gone

No tiny air hole

Big industrial
breakthrough

High strength

Stronger and
more durable

HIGOLD Quartz Sink

Anti-scratch, the material goes
all the way through

Defective products

Easy to scratch, internal
white

Defective products

If the manufacturer said
"it's normal to have tiny air hole",
suggest you to give a full
consideration on it.

position in domestic
strong technical R&D
in College of Germany
university patents and
and awards metal surface
treatment in Asia. HIGOLD
with its extensive
collaboration with 100
concept of "strong
and functional".

A close-up, high-angle shot of a HIGOLD laser cutting machine. The machine's gantry, featuring orange and black sections, is positioned above a dark metal workpiece. A laser head, with a prominent red and silver body, is actively cutting the metal, creating a shower of bright orange sparks. The background shows the industrial setting with various machine components and a chain of orange lights.
