

HIGOLD®

## Nano Stone Texture Sink

Sink with integrated multi-function

**Dual steps design**  
Separate double bowls can be changed for use at will

**3D Embossed**  
Anti-scratch and wear-resistant

**Swash and store in partitions**  
No hanging things at all

**Foldable roll-mat**  
Innovation cleaning

**Nano technology**  
Self-cleaning and antibacterial

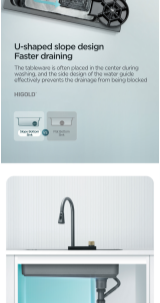

**SUS304**  
Strong and resistant

## Gold C position, 1 for everyone

### One sink solution for washing cutting and draining

Solve the space limitation of small apartments and optimize the function of the sink. Reduce the occupation of the countertop area, high-efficient food preparation

HIGOLD®

Washing area

Soaking area

Cutting area

## 3D Embossed Scratch-resistant and wear-resistant

Upgraded 3D embossing, higher density and less sticky oil. The texture can reduce the contact area between the tableware and the sink, and it is not only stain-resistant but also scotch-resistant

HIGOLD®

**3D embossed sink**  
Anti-scratch

• Smooth surface design

• Smooth surface contact with tableware and sink

• The surface of the sink is easy to clean

**Normal sink**  
Anti-scratch

• Smooth surface with scratches

• The surface of the sink is easy to clean

• The surface of the sink is easy to clean

## U-shaped slope design Faster draining

The tableware is often placed in the center during washing, and the side design of the water guide effectively prevents the drainage from being blocked

HIGOLD®

**U-shaped slope design**  
Faster draining

• Faster drainage

• Faster drainage

## Right side drainage pipe Free up storage space under the sink

Right side drainer design to free up the space to the greatest extent, let the creative storage fill the home life

HIGOLD®

The cleaning mode can be switched freely

HIGOLD®

Turn left  
Waterfall outlet mode

Turn right  
Waterfall outlet mode

## Three water outlet modes of the faucet, 50cm pull length

50cm | 360°  
Water outlet | Rotation

HIGOLD®

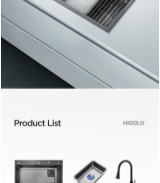

Cold water  
Only one tap

Shower water  
Wide spray of water

Black water  
Strong impact force

## Focus on details and quality

HIGOLD®

01  
**3mm thick panel**  
SUS304 stainless steel  
Tough enamel, anti-scratch and wear-resistant

02  
**Dual layers filter**  
Drains fast and anti-blocking

03  
**Silent Condensation Layer**  
Effective sound absorption, reducing moisture in the cabinet

## Matted Black A set

HIGOLD®

### Product List

HIGOLD®

### Product specification

HIGOLD®

Product Name: Nano-embossed sink

Item No.: 800267H Material: SUS304

Surface treatment: Matt Black with Nano Coating

Steel thickness: 0.8mm Panel thickness: 3mm

Hole size for soap dispenser: 62mm

Hole size for faucet: 63mm

Product dimension	Topmount cabinet size	Bowl size	Step size
L: 750 W: 470 H: 225	L: 730 W: 490	L: 690 W: 348	L: 713 W: 399

\* The unit is mm and the specific data is subject to the actual product.
