

HIGOLD®

BL1.0 Multi-functional Sink

Omnipotent change, free control

6 major innovations Technology upgrade

Bring the double enjoyment of convenience and cleanliness

HIGOLD

Dual slide lips Misalignment partition

228mm deepened tank

185mm large draining hole Rapid drainage

PVD NANO Wear-resistant and scratch-resistant

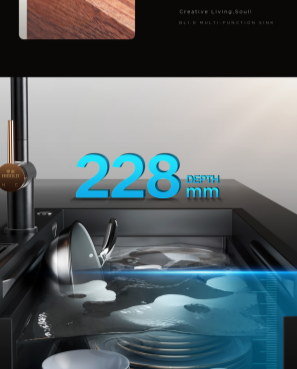

Dense hole filter

rear drainage increase storage

N+1 Integrated Consoles Enjoy washing in the kitchen

Walk less, cook faster

HIGOLD

High-quality solid wood cutting board

Detachable knife holder

PVD nano coating sink

Dense hole colander

Heat-resistant PC basin

Misplaced dual-track design fun sliding, 1 slot and 4 zones

Add auxiliary accessories as needed, single tank swift changes to double tanks. Rest assured clean by partition washing, two - person operation without interference

HIGOLD

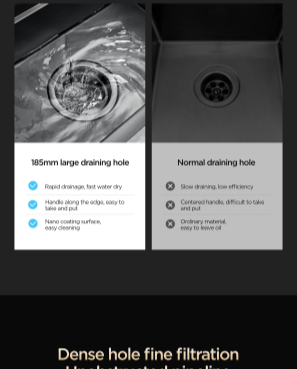

Soaking area Washing and soaking

Cutting area Washing and cutting

Intimate silicone pad Faster draining prevents mold

CREATIVE LIVING SOLUTIONS BL1.0 MULTI-FUNCTION SINK

228 DEPTH mm

228mm deepened tank Wash pots and pans at the same time

Deepen and widen the design, upgrade the large-capacity tank. Deep cleaning without restriction

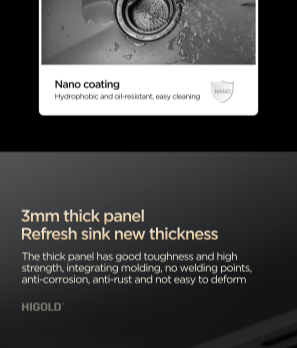

HIGOLD

Large capacity washing more

Meet the needs of large family gatherings

HIGOLD

X-shaped water guiding design Large-diameter flood discharge type fast draining

The large aperture interacts with the X-rays to form a low point that creates a swirl of water flow for fast drainage

HIGOLD

185mm large draining hole

Rapid drainage, fast water dry

Handle along the edge, easy to take and put

Nano coating surface, easy cleaning

Normal draining hole

Slow draining, low efficiency

Confined hands, difficult to take and put

Ordinary material, easy to be scratched

Dense hole fine filtration Unobstructed pipeline

Upgrade the dense small hole filter to improve the ability of slag separation. Drainage does not discharge, bid farewell to frequent maintenance

HIGOLD

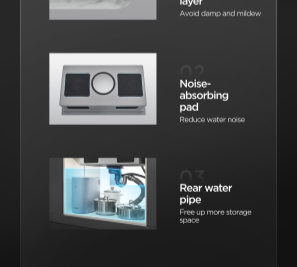

PVD nanotechnology

High-tech frozen age quality

Using environmentally friendly PVD coating technology, the wear resistance has reached a new level. Equipped with nanotechnology, the PVD coating on the surface is densely protected. Keep your sink looking new

HIGOLD

Nano film

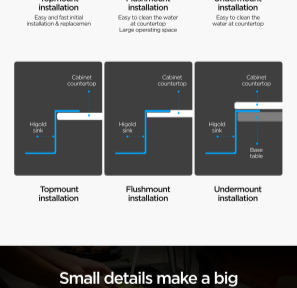

PVD Vacuum coating

SUS304 stainless steel base

Nano coating

Hydrophobic and oil-resistant, easy cleaning

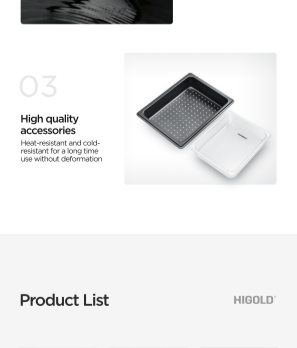

HIGOLD

3mm thick panel Refresh sink new thickness

The thick panel has good toughness and high strength, integrating molding, no welding points, anti-corrosion, anti-rust and not easy to deform

HIGOLD

Configure detachable knife holder Free up countertop space

The knife holder and the sink combine 2 into 1, all the knives are in order, realizing high-efficient dish preparation

HIGOLD

360° rotating faucet All-round pull and rinse

Hot and cold dual outlets, 3 flushing modes. Make housework easier

HIGOLD

Shower water Powerful rinse

Spray water Not easy to splash

One key water stop Easy to operate

Great charm of omnipotent sink

Be silent, storage, details

HIGOLD

Anti-condensation layer

Avoid damp and mildew

Noise-absorbing pad

Reduce water noise

Rear water pipe

Free up more storage space

Support three installation methods

Flexible installation and free choice

HIGOLD

Topmount installation

Easy and fast initial installation & replacement

Flushmount installation

Easy to clean the water at countertop. Large operating space

Undermount installation

Easy to clean the water at countertop

Topmount installation

Flushmount installation

Undermount installation

Small details make a big difference

HIGOLD

01 Multi-functional reserved hole

Soap dispenser or purification water faucet can be installed

02 Inverted triangle overflow

Prevent flooding

03 High quality accessories

Heat-resistant and cold-resistant for a long time use without deformation

HIGOLD

Product Parameters

HIGOLD®

Product Name: BL Series Nano Sink

Item No.: 952257F

Product color: Matt black

Panel thickness: 3mm

Faucet diameter: 35mm

Surface treatment: PVD Nano Coating

Soap dispenser hole: 28mm

Drain hole diameter: 185mm

Product size (LxWxH): 750x480x228mm
