

HIGOLD®

## Andra • OFFER WHAT YOU WANT

304 Stainless steel multi-functional double bowls sink

### Refuse gimmicks Remain nature

It is easy to add functions, but hard to restrain it. While the dazzling functions are pursued nowadays, HIGOLD choose to return to our original intention. Make a nearby pure sink and keep it as what it is.

HIGOLD®

### Double bowls Free enjoyment

Washing on the left, draining on the right, easy washing for both food and tableware. Reasonable partition makes daily life more practical, ease and convenient.

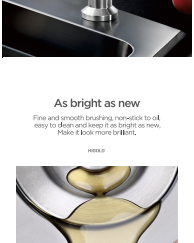

HIGOLD®

### Advantages of water retaining edge

Easy to place chopping board and colander, easy to block the splashing water during washing. People-oriented design, think what you think, offer what you need.

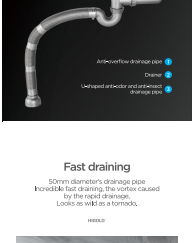

HIGOLD®

### Ingenious storage design for cutlery

Integrated knife holder design. Vacated the space. Countertop is more spacious, more convenient to use.

HIGOLD®

### Exquisite craftsmanship

Hand-made sinks with exquisite craftsmanship, regarded as a model of craftsmanship manufacturing, each is a rare work of honor.

HIGOLD®

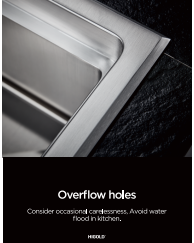

- R15 Golden Round Corner
- 12mm thickness
- X shape water guiding line

### Foresee the future

The reserved hole is not only for soap dispenser. But also for the water purifier when it's needed in future.

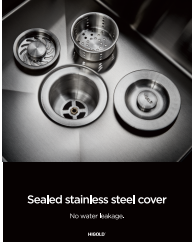

HIGOLD®

### As bright as new

Fine and smooth brushing, non-stick to oil, easy to clean and keep it as bright as new. Make it look more brilliant.

HIGOLD®

### Environmental protection PP drainage pipe

PVC raw materials, corrosion resistance, high temperature resistance.

HIGOLD®

### Fast draining

50mm diameter's drainage pipe. Incredible fast draining, the vortex caused by the rapid drainage. Looks as wild as a tornado.

HIGOLD®

### Hot or cold water Free control

304 hot/cold faucet, artistic design, more beautiful. A soul creation to match the kitchen.

HIGOLD®
