

HIGOLD

Andra • OFFER WHAT YOU WANT

304 Stainless steel multi-functional big bowl sink

Refuse gimmicks Remain nature

It is easy to add function, but hard to restrain it. While the dazzling functions are pursued nowadays, HIGOLD choose to return to our original intention. Make a nearly pure sink and keep it as what it is.

Open up large space

Washing dishes, big or small bowl sink is fine, while washing pot, big single bowl sink is better. Open up large space to load the whole pot.

Ingenious storage design

Integrated knife holder design. Vacated the space. Countertop is more spacious, more convenient to use.

Energized Single Bowl Sink

304 stainless steel colander, add a small partition on the single bowl sink, offering it similar function like double bowls sink, bringing more cleaning possibility.

Foresee the future

The reserved hole is not only for soap dispenser but also for the water purifier when it's needed in future.

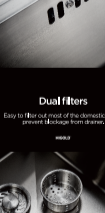

Water purifier faucet Installation display

Exquisite craftsmanship

Handmade sinks with exquisite craftsmanship, regarded as a model of craftsmanship manufacturing, each is a rare work of honor.

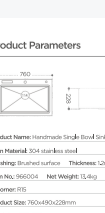

As bright as new

Fine and smooth brushing, non-stick to oil, easy to clean and keep it as bright as new. Make it look more brilliant.

Environmental protection PP drainage pipe

PVC raw materials, corrosion resistance, high temperature resistance.

Fast draining

50mm diameter's drainage pipe. Incredible fast draining, the vortex caused by the rapid drainage. Looks as wild as a tornado.

Hot or cold water Free control

304 hot/cold faucet, artistic design, more beautiful. A soul creation to match the kitchens.

Anti-condensation coating protection

Perfect spraying technology, strictly prevent condensation. Say goodbye to dripping water, more comfortable for use.

304 stainless steel

12mm thick stainless steel, rust proof and durable.

Overflow holes

Consider occasional carelessness. Avoid water flood in kitchen.

Dual filters

Easy to filter out most of the domestic waste, prevent blockage from drainer.

Sealed stainless steel cover

No water leakage.

The ingenuity of the details
