Creative Stepped Design Cure Choice Difficulty of Single Bowl or Double Bowls Sink

When we buy a sink for decoration, it's hard to decide whether to buy a single bowl or double bowls sink. HIGOLD combines the advantages of both sinks through the creative stepped design, one sink, two cleaning experience.

HIGOLD®

HIGOLD®

The stepped design creates multi partitions Single bowl sink with double bowls functions

Clean wet items could be placed on the step, without making the countertop wet.

HIGOLD®

HIGOLD®

Step down saving water cleaning area

No need to fill the whole sink with water, avoiding the common problem of wasting water in ordinary single bowl sink.

HIGOLD®

HIGOLD®

Accompanied with a small bowl

Washing together with the big bowl at the same area, just like double bowls sink operation.

HIGOLD®

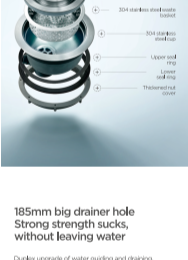

HIGOLD®

Washing large items in a single bowl sink, Cleaning big pots without water splashing

Single bowl sink with large cleaning space, more convenient and easier for washing large items.

HIGOLD®

HIGOLD®

No difficulty to choose you can use it all

HIGOLD®

Stainless steel rack Home for dish towels

After washing dishes, the wet dish towel is no longer nowhere to be placed.

HIGOLD®

HIGOLD®

Single bowl sink with back drainage pipe More space saving than double bowls sink

No space waste under the sink, leaving more room for water purifier, small appliances and kitchenware storage.

HIGOLD®

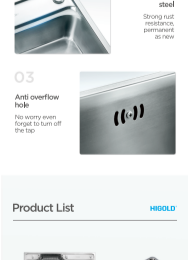

HIGOLD®

Drainer with dual filters Draining smoothly and prevent blocking

Effectively remove the hidden trouble of pipe blockage from the source, double care and more assured.

HIGOLD®

HIGOLD®

185mm big drainer hole Strong strength sucks, without leaving water

Duplex upgrade of water guiding and draining, making drainage more thorough.

HIGOLD®

185mm

185mm Dip Drainer Hole

Winged water guiding line

HIGOLD®

Standard equipped with pull-out faucet Pull-out for washing without limitation

When cleaning large items or the corner of the sink, it's easy to control the direction of washing, no need to wash by hand, avoiding water splashing.

HIGOLD®

300mm

Pull-out length

HIGOLD®

Various ways, free installation

Topmount, undermount or flushmount, different installation ways, different convenient choices.

HIGOLD®

HIGOLD®

Every tiny detail is perfect in workmanship

HIGOLD®

01

Sound deafening pad

Farewell to the noisy water flow

HIGOLD®

HIGOLD®

02

304 stainless steel

Strong rust resistance, permanent as new

HIGOLD®

03

Anti overflow hole

No worry even forget to turn off the tap
