## Shining Electrical Appliance Co., Ltd.

Shining Electrical Appliance Co., Ltd., founded in 2008, is a professional electrical fan and spare parts manufacturer. We keep focusing on the R&D and sales of ventilation products. we have more than 200 employees, and annual electrical fans output reaches 1.5 million pieces.

In order to control product quality better, Shining invests continuously in spare parts improvement and manufacturing, including motors, grill sets and base set etc.

From whole set product exportation to spare parts exportation, from selling products only to offering consultation on setting up production line, Shining always satisfied different needs of worldwide customers.

In the past 10 years, Shining has won good reputation by high quality products and warm service attitude. Shining will keep exploring overseas market and making further progress, firmly committed to being a professional manufacturer and consultant of ventilation industry.
