...

How We Control Quality

1. Block Selection

match grain & veins

✓

avoid big cracks or spots

✓

guarantee small color variance

✓

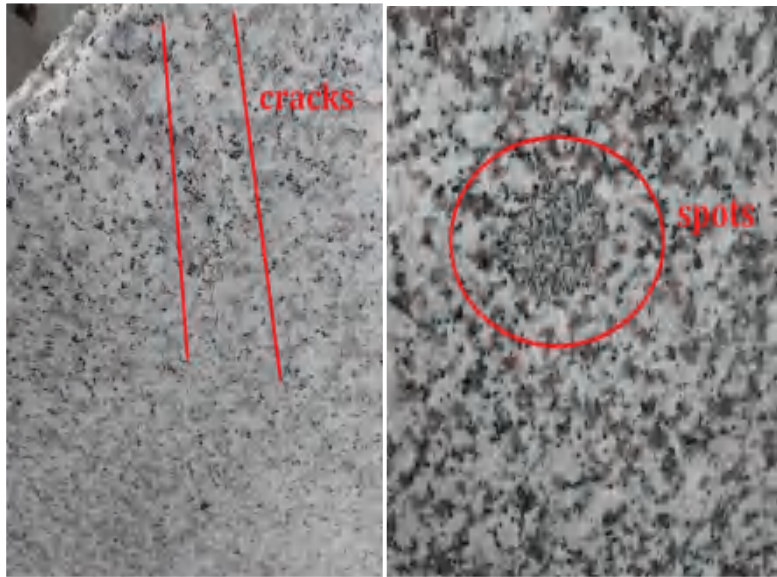

How We Control Quality

2. Slabs Checking

Flatness ✓
Color ✓

Avoid cracks and spots during cutting!

Thickness Tolerance:
-2/+1mm

How We Control Quality

3. Cut to Size

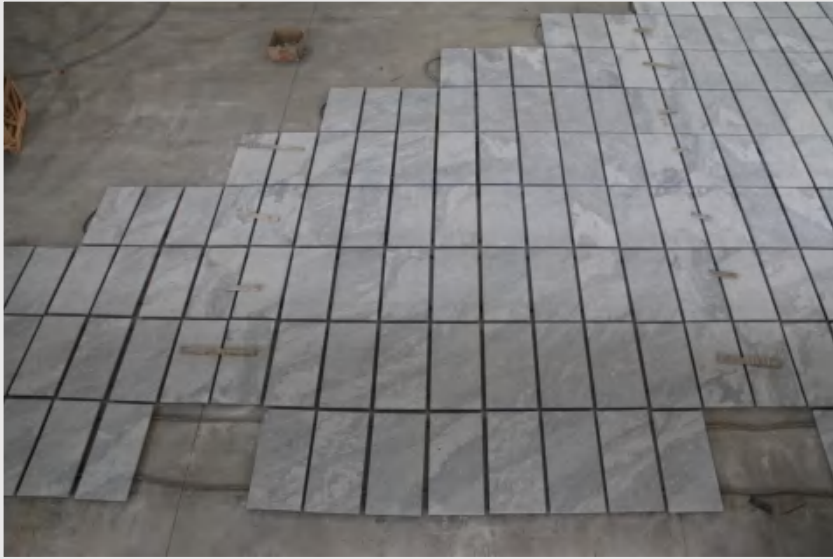

- Rejected tiles:**
- wrong finishes ✕
 - out of specification ✕
 - obvious color difference ✕
 - unexpected pattern, such as big spots or shells ✕

All tiles with above quality problems will be picked out and replaced with approval ones.
