

# Catalog

Products	Model	Characteristics	Main Application	Comparable Products
Impact Modifiers MBS	RH-707	Transparency, non-crease whitening	Sheets, high grade packing film	BTA-707, B-621, B-513
	RH-717	Transparency, low crease whitening	Sheets, films	BTA-717, MB-870
	RH-730	Transparency, good low temp. Performance	Sheets, films, bottles	B-22, BTA-730, C-132
	RH-564	Super impact strength	Opaque sheets, pipes, fittings (indoor)	B-564, BTA-753, MB-838
Acrylic Impact Modifiers	H-50	Excellent low temp. Impact strength, weatherable	Profiles, pipes, pipe fittings	FM-50
	H-55	Improved process ability, high impact, strength weatherable	Profiles, sheets, pipe fittings	FM-55, D-520, KM-369
	H-61	High impact strength, weatherable	Profiles, sheets, fencing, pipes, pipe fittings	KM-355P, D-320, FM-40, IM-808A
	AMB Series	High impact strength, cost-effective	Profiles, sheets, fencing, pipes, pipe fittings	ACM-J9, ACM-J17, AM-600
Lubricating Processing	HR-175	Good metal release property	Profiles, sheets, fencing, pipes, pipe	P-710, PA-101, K-175

Aids			fittings	
	HR-102	Good metal release property	Sheets, films, pipes, profiles pipe fittings	HL-175, ACR-301
	HR-103	Fast fusion, good metal release property	Sheets, films, pipes, profiles pipe fittings	P-770
Acrylic Processing Aids	HR-551	Fast fusion, excellent clarity, good melt flow	Sheets, films, pipes, profiles pipe fittings	P-551, PA-910
	HR-20	Fast fusion, excellent clarity, good melt flow	Sheets, pipes, profiles, films	PA-20, K-120, 10F
	HR-23	General usage	Sheets, pipes, profiles, pipe fittings	K-125, PA-828
	HR-401	Good comprehensive performance, general usage	Profiles, pipes, pipe fittings, transparent sheet	
	HR-02	Good melt flowing	Profiles, pipes, pipe fittings	
	HR-400	High molecular weight, high comprehensive performance	Pipes, profiles	
	HR-901	High molecular weight, quick plasticize	Pipes, profiles	
	HRT-01	Quick plasticize, better finish	Pipes, profiles	
	HRT-02	Plasticize flow, high performance price ratio	Pipes, profiles	
Acrylic Foam	HR-530	General usage, foam application	Sheets, pipes, profiles, foam-sheets, foam	P-530, K-400, PA-930, 20F

Regulator			pipes, WPC	
	HR-40	Fast fusion, high melt strength, good surface gloss	Sheets, pipes, profiles, foam-sheets, foam pipes, WPC	PA-30
	HR-50	Fast fusion, high melt strength, good surface gloss	Sheets, pipes, profiles, foam-sheets, foam pipes, WPC	PA-40, K-440
	HR-80	Excellent process ability	Sheets, pipes, profiles, foam-sheets, foam pipes, WPC	
	HR-81	Fast fusion, good process ability	Sheets, pipes, profiles, foam-sheets, foam pipes, WPC	PA-60, K-435
	HR-90	Fast fusion, high melt strength, high melt expansion	Sheets, pipes, profiles, foam-sheets, foam pipes, WPC	
	HR-910	High melt strength,	Sheets, pipes, profiles, foam-sheets, foam pipes, WPC	
Impact Modifier	CPE13 5A	Good impact strength	Sheets, pipes, profiles, foam-sheets, foam pipes, WPC	
PVC Lubricant	H-60	Internal and external lubricant	Sheets, film, bottles	G-60, L-60
	H-74	External lubricant	Sheets, film, bottles	G-74, L-74
Stabilizer		High stability	Special profile	

		Stability, lubricating, good balance	Pipe	
		Good stability, coupling	Sheets	
		Good stability, coupling	Foam products	
Foaming Agent	AC-110	Wide temperature range, big gas evolution, good stability	Foaming pipes, boards, WPC, artificial leather	
	NC-220	Good stability	Foaming pipes, boards, WPC, artificial leather
