

以品质塑造未来  
TO QUALITY MOLDED THE FUTURE

# HUIDEXING

Stainless steel pipe

一件优秀的产品，是由无数个细节经验而成的。汇德兴管业深知细节对于一个企业、一个品牌的重要性，每一个细节都做到精雕细琢、精益求精。一直以来，我们将技术与先进的生产设备作为核心，精选优质原料、依托高性能的新型生产设备、一流的人才、科学的管理，层层把关，在每一个细节上做足功夫，全面提升，力求保证每一产品都是精品。

An excellent product that is made by the experience of countless details. Department of HUIDEXING aware of the details for a business, an important brand crafted every detail to achieve excellence. For a long time, we will as the core technology and advanced production equipment, select high-quality raw materials, relying on the high performance of new production equipment, first-class talents, scientific management, cengcengbaguan, on every detail do kung fu, comprehensively promotes, makes every effort to ensure that every product is high-quality goods.

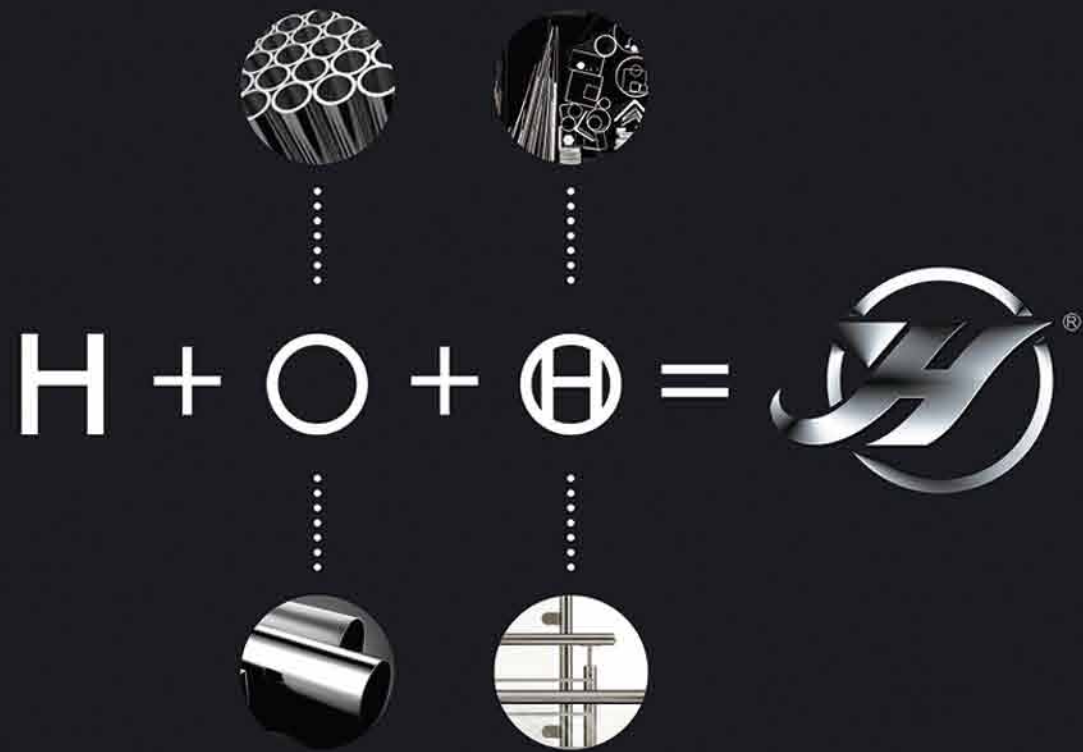

PROOF OF THE STRENGTH OF THE / 实力规模 用实力证明

# SCALE WITH STRENGTH

高性能的生产设备，源于先进的生产动力。为了产品的质量完美，我们引用具有国际先进水平的焊管成套及冷轧设备，并在生产的每一环节，都执行了严格的生产程序，务求每一条钢管都是最优质的产品，确保产品符合标准和满足客户的严格要求。

High-performance production equipment, advanced production from power. In order to perfect the quality of the product, we refer to sets of pipe and cold equipment with international advanced level, and in every aspect of production, perform a rigorous production process, each pipe is to ensure the highest quality products to ensure that products meet standards and meet strict requirements.

公司管理井井有条，舒适优美的环境和完善的配套设施，为了达成企业形象对外传播的一致性与一贯性，应该运用统一设计和统一大众传播，用完美的视觉一体化设计，将信息与认识个性化、明晰化、有序化，把各种形式传播媒体上的形象统一，创造能储存与传播的统一的企业理念与视觉形象，这样才能集中与强化企业形象，使信息传播更为迅速有效，给社会大众留下强烈的印象与影响力。

Company management organized, comfortable and beautiful environment and complete supporting facilities, in order to achieve consistency with the external communication of corporate image consistent, unified design and unity should use mass media, with perfect visual integration design, personalized information and knowledge, clarity, orderly, unified image of the various forms of communication media, creating a unified energy storage and dissemination of corporate philosophy and visual image, so as to focus and strengthen corporate image, so that the dissemination of information more quickly and effectively, to leave a strong impression on the public and influence.

TAILORED / 服务流程 量身定制

# SERVICE PROCESSES

安排专人上门沟通，了解每一位客户的需要，具体安放场所，以及所需定制不锈钢管的长度，由内部人员商量、研究、给出一套完整的定制方案，从细节到外观都为您考虑周到，以专业为您解答所有的问题，以及您的实际用途，为您提供适合您完美方案，过程中有专业人员解答您的问题。

Arrange on-site communication, understanding each customer's needs, the specific placement sites, as well as custom stainless steel tube length required by the Internal staff to discuss, research, given a complete set of customized solutions, both from the details for you to consider the appearance thoughtful,

## 2/ CONTRACT 签署合同

签署合同，为您提供产品保修等一系列安全保障，确保令每一位客户无后顾之忧，放心定制。

Signed a contract to provide you with product warranty and a series of safeguards to ensure that every customer peace of mind, rest assured customization.

## 3/ MATERIAL 材质核定

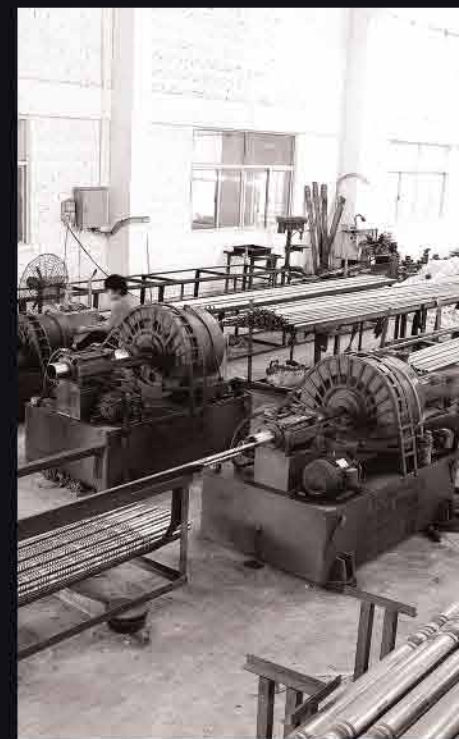

利用先进的工艺，打造具有前瞻性的创新产品以满足市场不断变化的需求。

The use of advanced technology to create innovative products to meet with prospective changing market demands.

## 4/ PRODUCTION 专业生产

先进的生产设备，选用优质的原材料，所有产品经过严格检测，每一个环节都井然有序。

Advanced production equipment, high quality raw materials, all products undergo rigorous testing, each link in order.

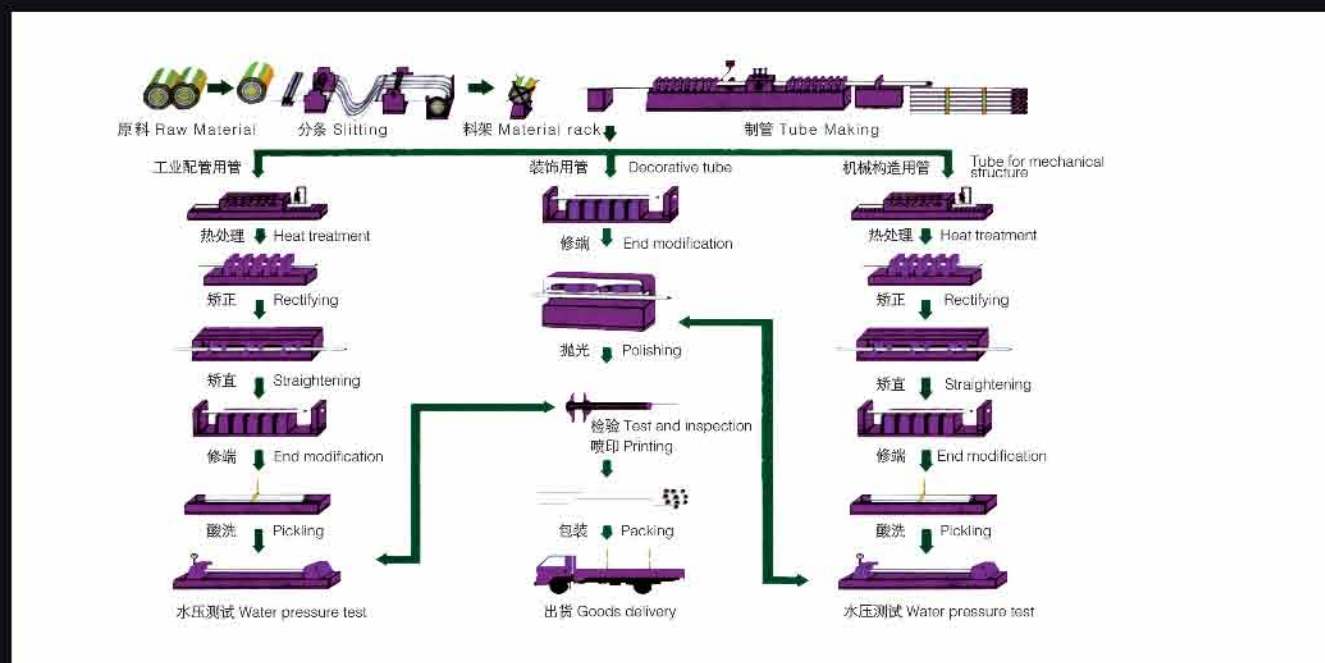

## PIPE PRODUCTION / 管材生产流程图

# FLOW CHART

企业的研发, 生产, 质检, 销售, 服务, 等各大板块紧密配合, 强化沟通, 互动分享, 共同进步, 这是我们共同发展的有力保证。  
我们紧紧把握市场节奏, 紧密围绕市场需求而调整企业的经营目标和导向, 让生产和经营更加适合市场发展。

Corporate R&D, production, quality, sales, service, and other major sectors work closely together to strengthen communication and interactive sharing, common progress, this is a powerful guarantee for our common development. We firmly grasp the rhythm of the market closely and adjust the business objectives and guidance, so that is more suitable for the development of production and business markets around the market demand.

TRANSPORTATION  
MANAGEMENT

# TRACKING SERVICE

在物流的三大成本库存、仓储和运输中，运输是最显著，而且是最复杂的部分。运输涉及到每日的运作，对于运输来说，如何实现在保证客户服务水平下降低运输成本是一项艰巨的挑战。而三强的运输车辆离开物流中心后的追踪管理，并非仅仅是掌握车辆情况，更重要的是，提供对客户的服务承诺。

Three stocks in the logistics costs, warehousing and transportation, transportation is the most significant, and is the most complex part of the management. Transportation related to daily operations, for transportation, how to achieve lower transportation costs while ensuring customer service levels following is a daunting challenge. The top three transport vehicle tracking management after leaving the logistics center, not just a vehicle to grasp the situation, and more importantly, provide customer service commitment.

优化运输 追踪管理

STAINLESS STEEL / 不锈钢管广泛的应用领域

# WIDE APPLICATION FIELDS

## 室内工程 (家用、办公室) / INDOOR ENGINEERING (HOME, OFFICE)

汇德兴集多年生产不锈钢管经验, 专注研发, 应用于家庭、办公室等不锈钢应用解决方案, 满足客户对家居和办公生活安全性、美观性、耐用性的需求。汇德兴生产的304不锈钢管不易生锈, 质优, 大大提升居生活品质。

Department of HUIDEXING set many years experience in the production of steel endlessly, focused research and development, used in homes, offices and other stainless steel application solutions to meet customers' home and office life safety, aesthetics, durability requirements. Department of Dexing produced 304 stainless steel pipe rust, high quality, greatly enhance the living quality of life.

## 楼宇工程 / BUILDING ENGINEERING

写字楼等建筑整体设计原则上, 加上在楼梯立柱, 防盗窗的应用上, 可达到统一的整体感, 在美观、大方的基础上加强安全性、可靠性。并根据用户实际需求, 定制不同需求的自动门解决方案。

The overall design principles, such as office buildings, plus columns on the stairs, security windows applications, the overall sense of unity can be achieved, to strengthen security in the beautiful, generous, based on Reliability. And according to the actual needs of the different needs of the automatic door customized solutions.

## 市政工程 (火车站、机场、码头、地铁、河道护栏)

## MUNICIPAL ENGINEERING (TRAIN STATION, AIRPORT, DOCK, SUBWAY, RIVER FENCE)

汇德兴的市政解决方案广泛适用于车站、机场、码头、地铁站、河道护栏等公共场合。坚固、美观、方便适用、安全、可靠性强。

Department of HUIDEXING municipal solutions widely used in railway stations, airports, terminals, subway stations, river fence and other public occasions. Strong, beautiful, easy to apply, safe and strong reliability.

# INNOVATION IS 创新, 无处不在。 HERE AND THERE

设计为先, 在汇德兴的世界中设计贯穿每一个产品细节, 时刻引领欧洲高端潮流, 将美学价值与金属材料完美地结合在一起。我们坚信汇德兴就是创新。

Design comes the first. In the world of HUIDEXING, design runs through every detail of a product. And it successfully leads European high-end fashion and skillfully combines aesthetic value with metal material together. We firmly believe that HUIDEXING stands for Innovation.

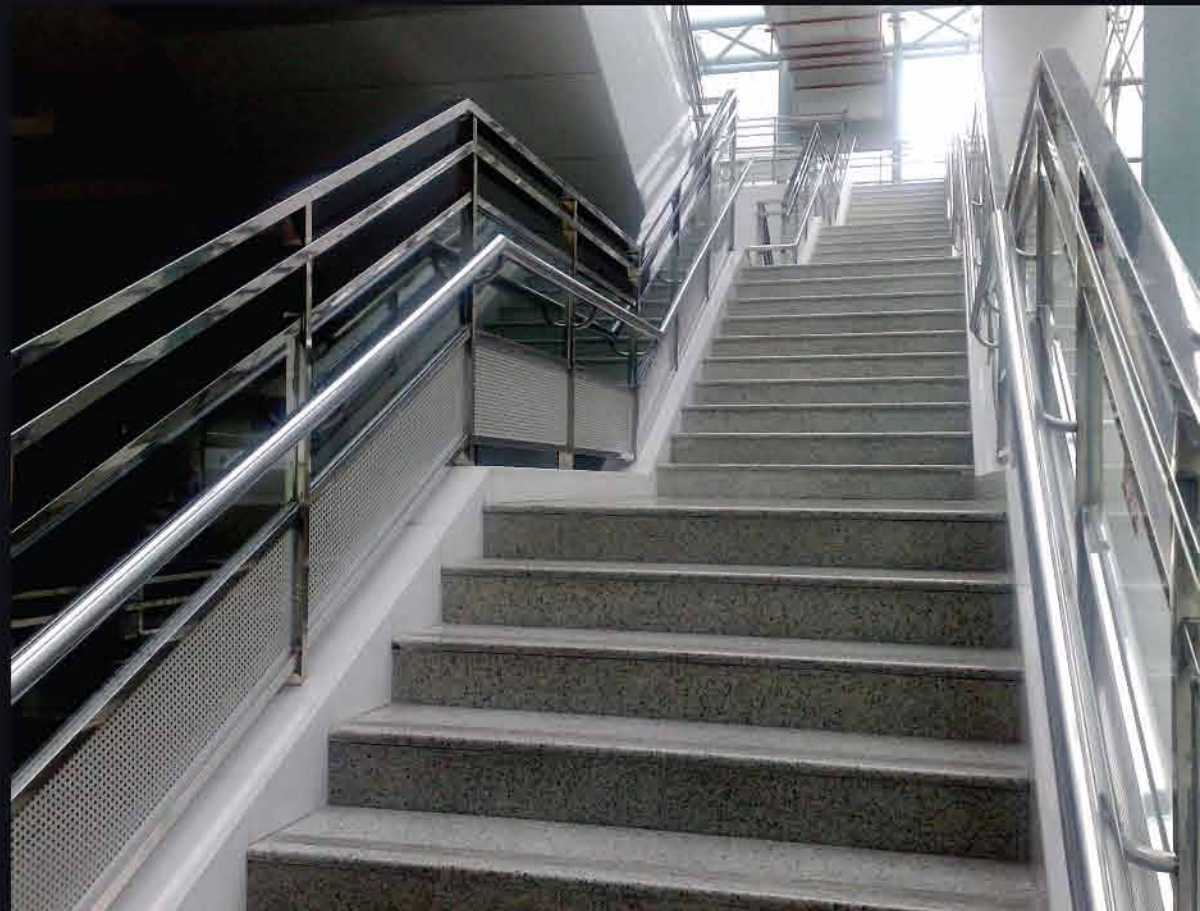

# PROJECT 工程案例 CASES

在客户成本控制和专业完美表现中获得适当平衡，发挥不同项目的独特个性，并以高质量的设计服务作为核心，利用团队的力量，打造国际级的设计作品。

To obtain proper balance between customer cost control and perfect professional performance, and play the unique personality for different cases, we will take high quality as the core of design service and create a world-class design works by the power of our teamwork.

03

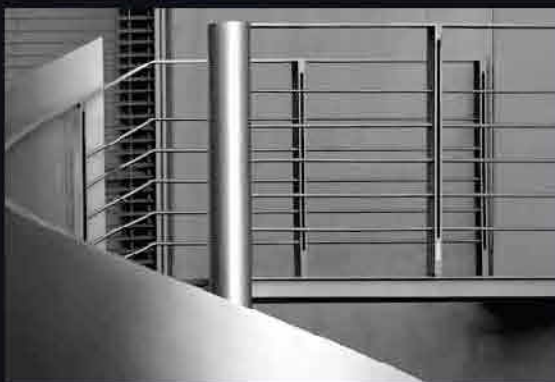

04

品质是企业的第一生命力，我们提供的品质是多年来技术磨练的结晶，每一件商品都让您感受到制作者所要表达的心意。

Quality is the first vitality of a company. We ensure to provide you convincing quality as they are the result of technical training for many years. Each item is to let you feel the same way as its producer does.

# DIFFERENT SPACE 不同空间 · 见证不同成就 WITNESS OF DIFFERENT ACHIEVEMENTS

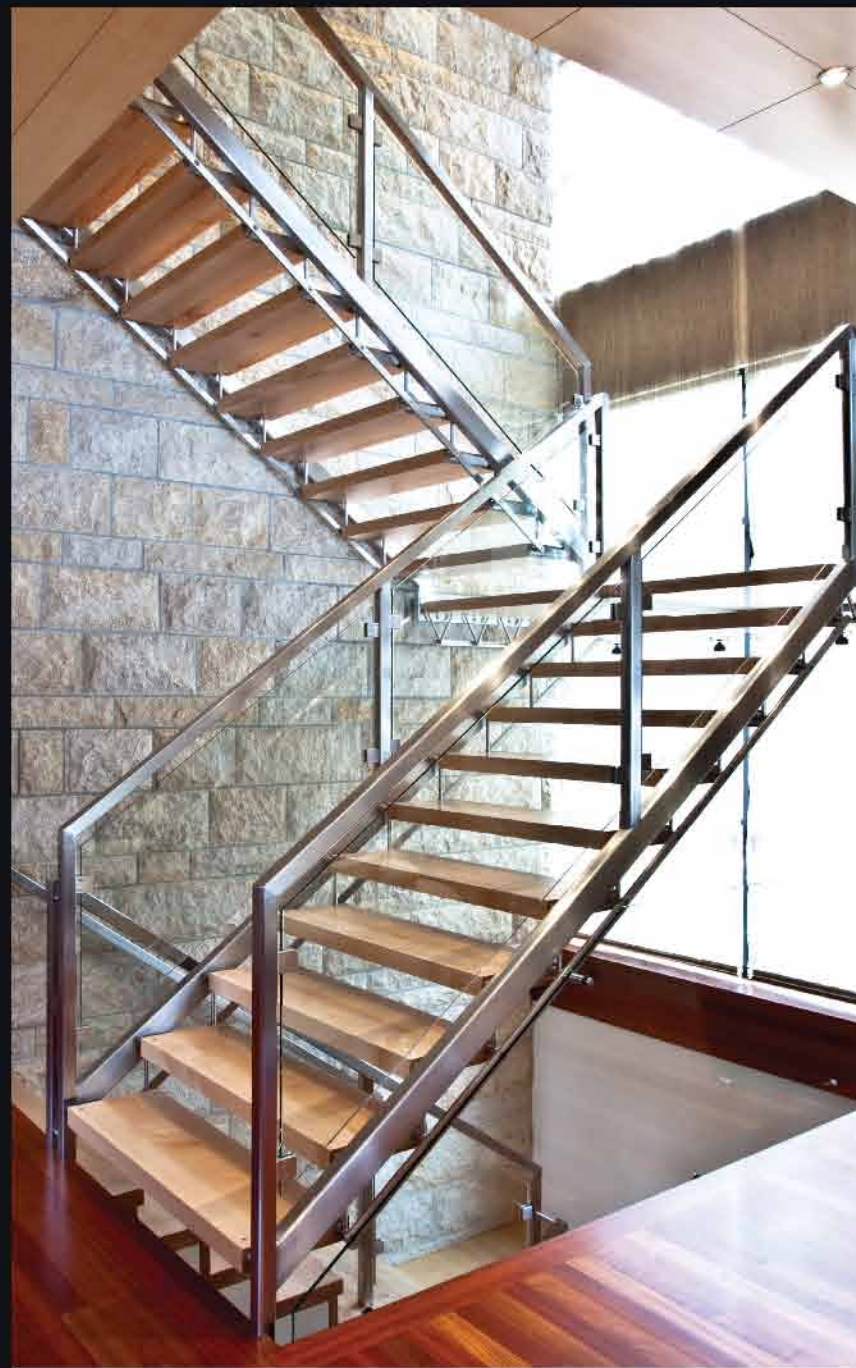

科技启迪智慧，智慧创造未来，汇德兴以宣扬精益求精的精品态度，造就了动人心魄的不锈钢精品，在每一件产品的细节中，您都可以了解到现代的品质与品位，在制作工艺上更值得您细细品味。

Science and technology creates wisdom, and wisdom creates future. HUIDEXING promotes the attitude of striving for better quality goods, and this brings fascinating stainless steel products to people. From the details of each product, you can learn about the modern quality and taste. Its workmanship is definitely worth to taste.

写字楼等建筑整体设计原则上，加上在楼梯立柱，防盗窗的应用上，可达到统一的整体感，在美观、大方的基础上加强安全性、可靠性。

Apart from the overall design principle of office building, we can achieve a unified sense of wholeness plus the stair columns, application of security window. On the basis of beauty and elegance, we can also strengthen its safety and reliability.

# TECHNOLOGY 工艺, 精益求精

## STRIVE FOR PERFECTION

不断开拓创新, 保持企业的旺盛的竞争力和健康的生命力, 以独特的创造力和高品质的执着精神, 让人在工作和生活的每个细节中充满激情, 更加人性化, 体现对人生、对企业、对客户和对社会的价值观

It constantly develops and innovates, to maintain the enterprise's exuberant competitiveness and healthy vitality. In the dedication spirit of unique creativity and high quality, it makes people full of passion to every working and living detail, which is more humanity and reflects its value to life, enterprise, customer and society.

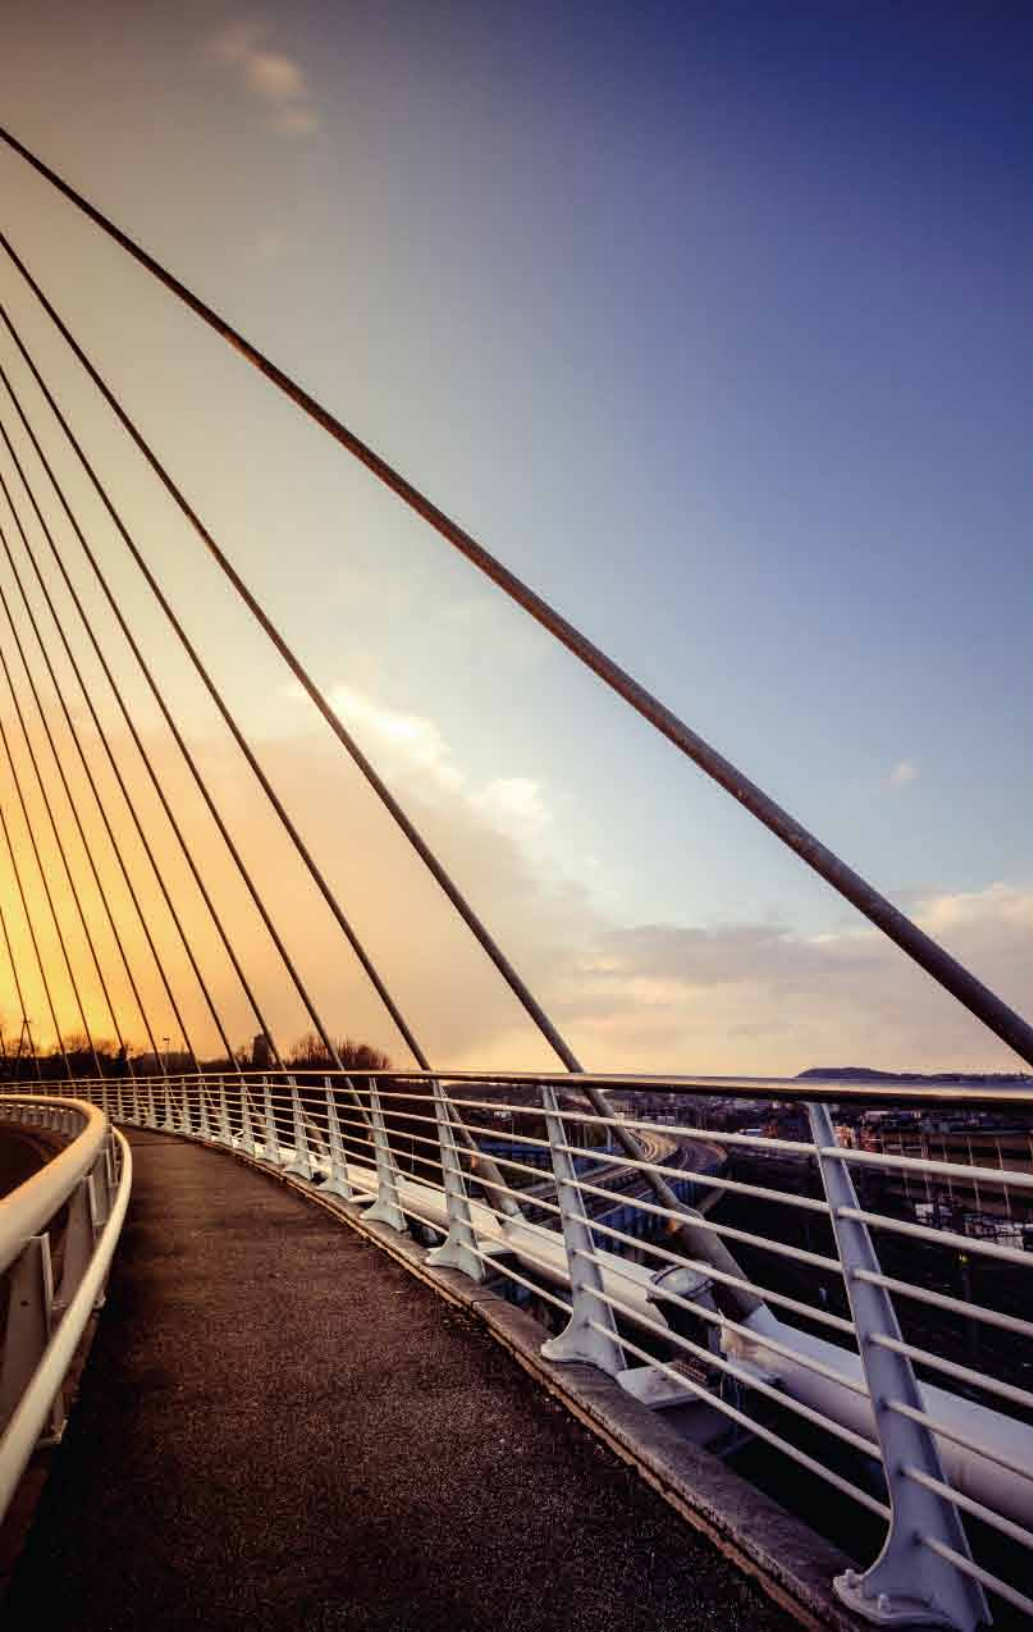

## ESTABLISH A 打造不锈钢领先品牌 LEADING BRAND OF STAINLESS STEEL

汇德兴多年生产不锈钢管经验，专注研发，应用于家庭、办公室等不锈钢应用解决方案，满足客户对家居和办公生活安全性、美观性、耐用性的需求。汇德兴生产的304不锈钢管不易生锈，质优，大大提升生活品质。

HUIDEXING has many years of experience in production of stainless steel tube, and it focuses on research and development. Products are applied in household, office and other relevant places, meeting customers' requirements of home and office life security, aesthetics and durability. HUIDEXING's 304 stainless steel tube is not easy to rust, with high quality, which greatly improves the quality of life.

以卓越品质装饰着每一城市空间的亮点一直是我们的追求，实力构筑未来，追求更高品质，更快发展，更强技术是汇德兴管业理想，为了适应全球市场不断细化的要求，跟进市场尖端潮流，以科技为先导，为客户创造价值，从而赢市场

HUIDEXING builds the stairs to success heart and soul. Using excellent quality product to decorate the highlight of each urban space has always been our pursuit. It is strength that builds the future. Strive for higher quality, faster growth and stronger technology is the goal of HUIDEXING tube industry. In order to meet the continuous refined demand of the global market, we keep up with the market cutting-edge trend and bring value for our customers with science and technology as our guidance to win the market.

汇德兴已发展成为深受消费者与工程用户的喜爱与认可的不锈钢管品牌, 我们的营销网络遍布全国各地, 并以强劲势头继续稳步发展, 成为业内颇具影响力的一匹黑马。在中国东、南、西、北、华南五大区各设办事处和大区总监, 产品出口至世界各地。

HUIDEXING has developed into a famous stainless steel brand that is deeply loved and supported from customers and engineering users. Our sales network covers every place of the whole world, and it is developing itself and making steady progress with strong momentum, becoming a powerful brand that has great influence in the industry. Offices and regional director are set in China's five main districts. And its products are exported to all over the world.

汇德兴产品一直坚持国际化的生产管理，层层把关，力求做到精益求精，并且得到国内外用户的一致好评。在钢管密度和工艺水平上处于同行前列，产品具有做工精细、抗腐蚀性、光泽度高、拉伸弯度好、精美、耐用等特点。

HUIDEXING sticks to international production management and strictly check every procedure in order to gain consistent good praise from our users at home and abroad. We have a leading role in the same industry in terms of tube density and technology. Our products have a lot of good characters, such as fine workmanship, strong resistance to corrosion, sharp glossiness and bending capacity, good-looking and durability and so on.

## 佛山市汇德兴不锈钢管重量表

我们致力为您提供优质的生活品味，我们始终如一的恪守“质量第一，客户至上”的服务宗旨。不断完善管理方式，利用先进的工艺，打造具有前瞻性的创新产品以满足市场不断变化的需求。保证使用质量，也在乎视觉的欣赏度。时刻关注您的感官质量，竭诚提供专属于您的服务。

We are committed to provide you with best quality taste of life, we consistently uphold the service principle of "Quality first, Customer upmost". Constantly improve the management mode, by using advanced technology to create forward-looking innovative products to meet the changes of market demands. Not only ensure the quality, but also care about visual appreciation. Always pay attention to your senses of quality, and dedicate to provide exclusive service of yours.
