

WELCOME TO

HuaXiang Precision Machinery CO. LTD

Item name	CNC machining
Tolerance	minimum tolerance 0.0005mm
Material	Stainless Steel: SS201,SS301,SS303, SS304, SS316, SS416 etc.
	Steel: mild steel, Carbon steel, 4140, 4340, Q235, Q345B, 20#, 45# etc.
	Aluminum: AL6061, Al6063, AL6082, AL7075, AL5052, A380 etc.
	Brass: HPb63, HPb62, HPb61, HPb59, H59, H68, H80, H90 etc.
	Copper: C11000,C12000,C12000, C36000 etc.
	Plastic: ABS, PC, PE, POM, Delrin, Nylon,PP, Peek etc.
	Other: Titanium,etc.We handle many other type of materials. Please contact us if your required material is not listed above.
Surface Treatment	Stainless Steel: Polishing, Passivating, Sandblasting, Laser engraving,Oxide black,Electrophoresis black
	Steel: Zinc plating, Oxide black, Nickel plating, Chrome plating, Carburized, Powder Coated, Heat treatment.
	Aluminum: Clear Anodized, Color Anodized, Sandblast Anodized, Chemical Film,Brushing,Polishing.

	Brass: Nickel plating,chrome plating,Electrophoresis black,Oxide black,Powder coated.
	Plastic: Plating gold (ABS), Painting, Brushing (Acrylic), aser engraving.
Drawing Format	jpg/.pdf/.dxf/.dwg/.igs./.stp/x_t. etc
Testing Machine	CMM,Digital Height Gauge, caliper, Coordinate measuring machine, projector machine, roughness tester, hardness tester and so on
MOQ	1 piece
Delivery time	10-15 days after placed order
Quality Control	Conducted by ISO9001 System and PPAP Quality control documents
Inspection	IQC, IPQC,FQC,QA
Service	Warm and quick response service provided by the professional Export Sales Team with many years' experience in handling exports to the US, Europe, Japan and other countries and regions.

Our Advantage

CNC Machining Services

The minimum tolerance we can do is 0.0005mm

- 1.We promise:All the parts from our company have no sharp edge. All dimensions are controlled according to your drawings. Every product will be fully inspected and carefully packed to prevent the bump and rust in transit.
2. The craftsmanship of all parts we machined is controlled rigorously, Every product has its own process card and process chart.
3. Our quality inspection procedure is quite strict.it must self-inspected during production, we have flow inspectors and professional inspectors.
4. Each size of product must be tested one by one after completing production and provide quality report.

Machining Capability:

Switch Turning, CNC Turning, CNC Lathing, Auto-Lathes, Milling, Honing, Grinding, Secondary Machining, Brazing, Soldering, Magnafluxing, Bending, Slotting, Knurling, Threading, Crimping, Assembly, Heat Treating, Plating, Zone Annealing, Wire EDM/ODM cutting, Electric welding, Tapping, Polish, Drill, Punch... etc.

Workshop:

CNC machining center, Milling machines, Turning machines, CNC Lathes, Auto-Lathes, Lathes., Punching machines, Precision screw cutting machines, CNC bending machines, Driller, CD texture machines, Polishing machines, Grinders, Wire EDM/ODM, Welding EDM, Tapping machines, Electric welding machines, Wire cutting machines, etc.

Workshop

Inspection:

3D instruments, 2D Instruments, Projectors, Height Gauges, Inner diameter dial indicators, Dial gauges, Thread and Pin gauges, Digital calipers, Micro calipers, Thickness testers, Hardness testers, Roughness testers, etc. (Detection accuracy to 0. 001 millimetre)

We control our products quality by different test instrument and machines. All products to be 100% inspected according to customer's request before packing

Inspection Equipments

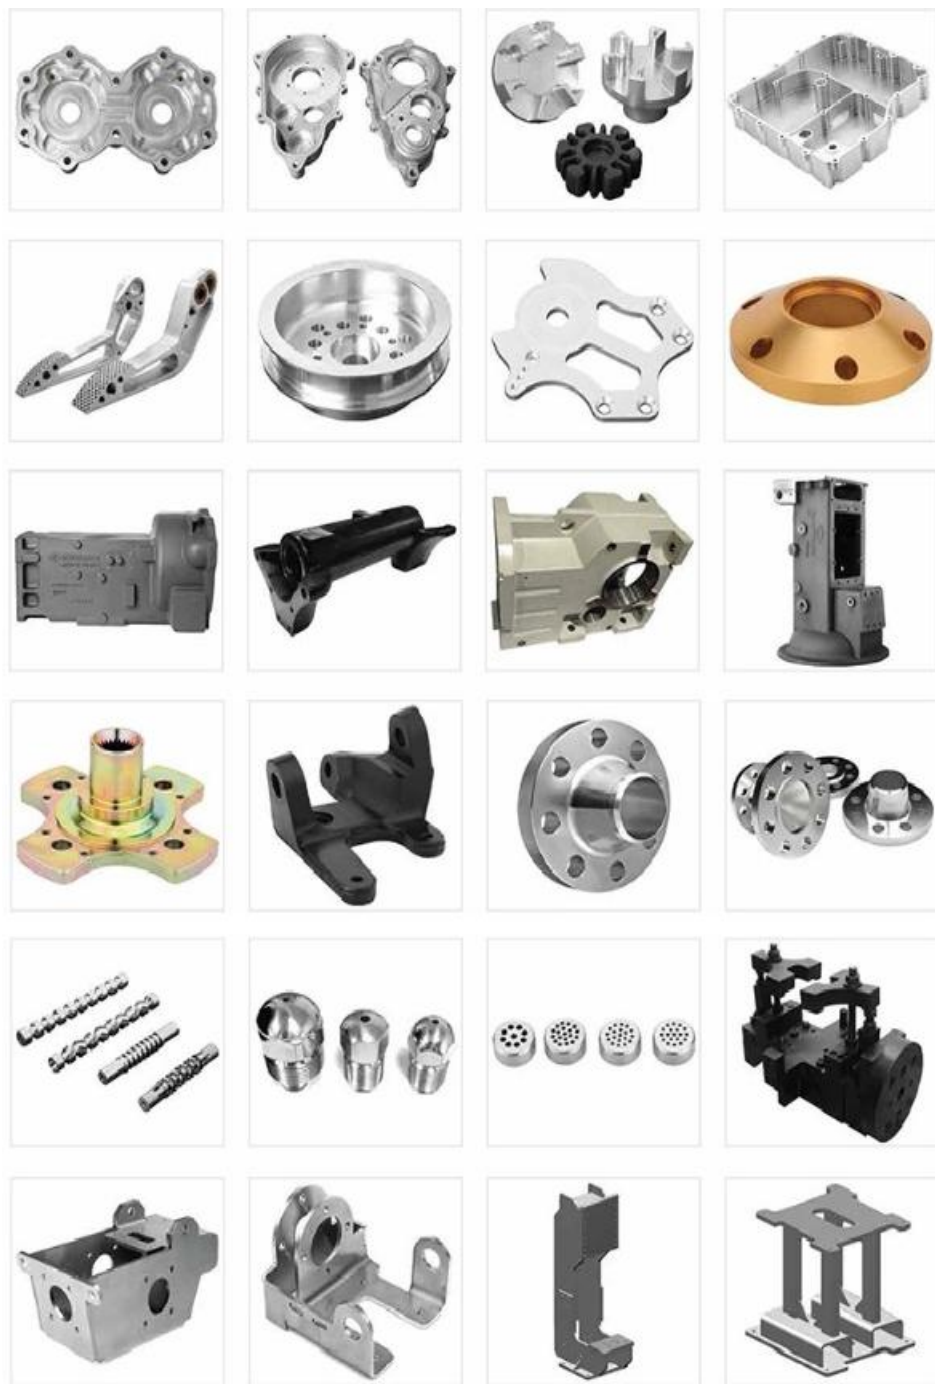

Customer ordered and we produced some part's display:

MAIN PRODUCTION EQUIPMENT	Aluminum	Steel	Brass
CNC machining center			
CNC lathe (turning)			
wire EDM			
casting/forging			

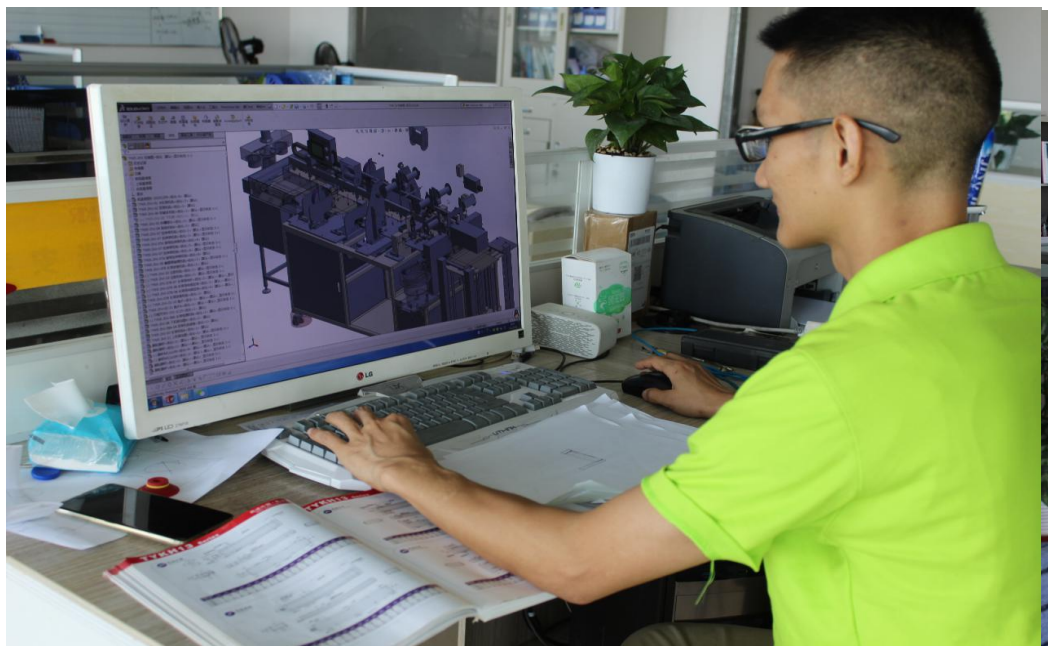

Shipments:

We usually delivery the mould and machinery parts by sea/DHL/FEDEX/TNT/UPS according to the customers requested.

» How to order from us ? «

Dongguan Huaxiang Machinery CO. Ltd is located in Dongguan City, Guangdong Province, China. Development of the times and industrial upgrading, We accumulated the great deal of experience, professional technology, spirit of innovation, humane management and human philosophy quality are the cultural spirit of us entire enterprise. Cultural influence by the work team to make full use of advanced technology, the idea for the technical design will be more delicate and professional, more sophisticated manufactured the perfect product; and dedication to provide quality integration technology service to all customer. We'd like become your strongest and helpful manufacturer accompany your rapid development, We will always be your best partner and friend in China.

We committed to professional: Tools parts of automation, machinery parts machining, Variety of precision metal and plastic mold development and manufacturing, Standard and non-standard parts customization. we provides technical support and sales, it's products are widely used: Metal machinery, automobiles, motorcycles, electronics, electrical appliances, medical equipment, space industry, LED lighting.. etc different areas. provide the variety of products which can meet your multifarious demands.

We has passed ISO9001: 2015 international quality management system certification and related third certification report, and import the advanced ERP management system that allows the company's production processes and management systems to rationalize; Scientific.

Quality Policy: Quality win market, Integrity casting brand, Never use inferior raw materials

Business philosophy: Continuously innovative technology, Provide High-quality products, Meet customer requirements, management based on man, cooperation creates value.

Honest and trustworthy, win-win cooperation, sustainable development. We adhere to the management principles of "quality first, customer first and credit-based" since the establishment of the company and always do our best to satisfy potential needs of our customers.

Our commitment:

The most stable quality The most competitive price

The speed of delivery is instantaneous 24 hour rapid response

Excellent team spirit Professional technical support

Reduce the consumption of resources Provide environment-protection products

Adheres to the quality as the center, sustainable development, sustainable management, professional serious attitude, committed to serve you.

Our company is sincerely willing to cooperate with enterprises from all over the world in order to realize a win-win situation since the trend of economic globalization has developed with an irresistible force.
