## COFFIN TROLLEY

The church coffin trolley is used for church, funeral, crematorium to transport coffins.

### ■ INTRODUCTION:

ROUNDFIN design mobile morgue units, cadaver storage systems, transport trolleys, and other stainless-steel items for the morgue departments and anatomy laboratories. Transport Mortuary Trolleys are available in a large range of options to suit all requirements and budgets. Lift and transport trucks provide an ergonomic manual handling solution for handling and loading of body trays and coffins into storage racking.

### PRODUCT DISPLAY

**MODEL NO.: D411**

**MODEL NO.: D413**

**SPECIFICATION LIST:**

Model No.	D411
Color	Orange/Black
Material	Aluminum
size(mm)	1900*550*880
size(in)	74.8*21.7*34.6
Fold size(mm)	1900*550*400
Fold size(in)	74.8*21.7*15.7
Package size(mm)	1950*620*380
Package size(in)	76.8*24.4*15.0
Volume(m <sup>3</sup> )	0.46
Package	Carton
Wheels	125mm
Net Weight	34.5kg
Gross Weight	40.5kg
Capacity	160kg

Model No.	D413
Color	Golden/Silver
Material	Aluminum
size(mm)	1550*550*560
size(in)	61.0*21.7*22.0
Fold size(mm)	1930*550*830
Fold size(in)	76.0*21.7*32.7
Package size(mm)	800*620*210
Package size(in)	31.5*24.4*8.30
Volume(m <sup>3</sup> )	0.1
Package	Carton
Wheels	125mm
Net Weight	15.1kg
Gross Weight	16.2kg
Capacity	450kg

**USAGE SCENARIO:**
