- 10: Trolley with 125mm standard casters, can be customized.
- 11: Optional height and body tray width will be according customer requirements.

USAGE SCENARIO:

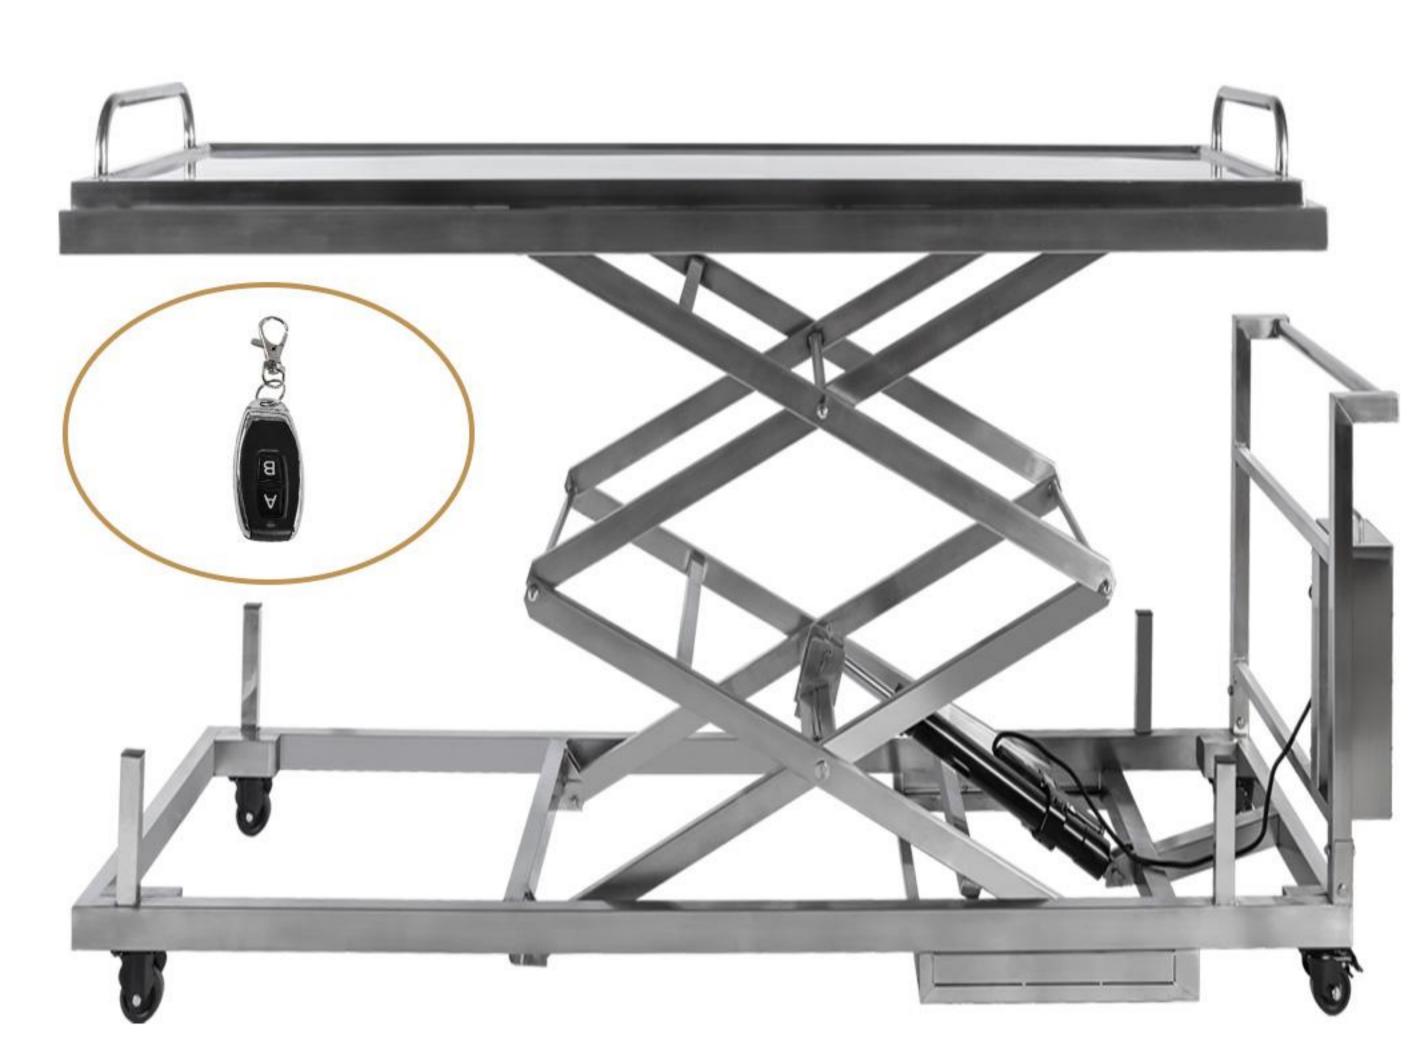

SPECIFICATION LIST:

Model No.	RD-1527I
Material	Stainless steel 304
Operation	Fully electric (Battery powered
Operation method	Remote key
Scissors	
Adjustable lift height(mm):	400 to 1700
Dimensions lowest position W/D/I	H: 2060*660*400
Dimensions highest position W/D/	/H: 2060*660*1700
Number of trays	1 Piece
Number of handles on tray	One on each side. (Customization available
Body tray size(mm)	1940*580
Thickness of stainless steel	1.0mm
Carrying capacity	200kg
Wheel	4pcs (2pcs locked
Single person operation	Yes
Battery	12\
Charging time	4-8 hours
Package	Plywood
Packing Size(mm); Weight	2200*690*550; 128kg
Certification	CE
Customization	Yes

Model No.	RD-1531
