

Water Purifier Consumables

Model Type	PP filter	5um PP deep filter	20" PP filter	Folded composite filter element	Active carbon filter	Granular active carbon filter	Active carbon block filter	12L Deionization purification column (imported resin)	12L ultra-purified column (imported resin)	Ultra-purified column (imported resin)	RO membrane	Organic matter purification column	0.2µm imported PES terminal filter	MWCO 5000D UF ultrafiltration module	Dual wavelength (185nm & 254nm) UV lamp
Replacement term/set(months)	2-6	5-6	2-3	6-12	4-6	2-6	2-6	about 2000L pure water/set	about 20000L pure water/set	about 1000L pure water/set	12-24	about 9000L pure water/set	/	/	about 9000 hours
