

BK-MMC01

Introduction

This product is suitable for laboratory, operating table for micro-operations, such as surgery under the microscope.

Features

- The chair can be rotated, lifted and lowered to adapt to the user's position and posture, to provide maximum support.
- The armrest surface is saddle-shaped, effectively alleviating sitting fatigue
- Backrest can be lifted, adjusted Angle
- The seat can be raised and lowered to adapt to different worktop heights and the foot control lifting function is optional.

Technical Parameter

Model	BK-MMC01
Handrail	PU handrail surface, electroplated handrail frame. It can be lifted and rotated
Chair Surface	Saddle-shaped cotton, PU leather
Backrest	Foam shaped cotton, built-in steel frame, PU leather + medical injection molding protective shell.
Chair Surface Size	400*380mm
Five Star Foot	Aluminum alloy five-star foot, diameter 560mm
Wheels	When the diameter is 2 (50mm), the PU layer of the medical silent wheel touching the ground does not hurt the floor SGS level 3 gas rod, and has passed the BIF and TUV safety certification.480-640mm
Function	Chair surface can be lifted and rotated, backrest Angle adjustment, height adjustment
Five Star Foot Size	Diameter 560mm
Lifting Range	510~650mm
Net Weight	16kg
Packing Size (W*D*H)	570*570*300mm, 380*500*200mm carton packing.
Gross Weight	17.5kg

BK-SC01

BK-SC017

Introduction

The Saddle Chair is an ergonomically designed seating solution that promotes better posture and comfort during prolonged sitting periods. Ideal for use in medical offices, laboratories, salons, and other professional environments.

Features

- Shape a healthy sitting posture and keep the body's physiological curvature as S shape.
- Reduce sitting fatigue, the unique shape of the saddle chair keeps the thigh and torso at 135 degrees, effectively reducing the pressure on the spine and sciatic nerves.

Technical Parameter

Model	BK-SC01	BK-SC017
Chair Surface	Polyurethane bulk foaming	Styling cotton foam, PU leather, injection molding decorative shell
Chassis	Dual function chassis, lift, forward tilt	
Gas Rod	Diameter 38mm, three level gas rod, passed SGS, TUV safety certification	
Five Star Foot	Aluminum alloy die casting	
Wheels	PU wheels	
Function	Chair front tilt, lift, slide, rotate	
Chair Surface Size	420*380mm	380*380mm
Five Star Foot Size	Diameter 540mm	Diameter 480mm
Lifting Range	510~650mm	
Net Weight	9.5kg	8kg
Packing Size (W*D*H)	520*520*320mm	
Gross Weight	10.5kg	9kg

Remark: BK-SC01: The default color is black, but you can choose from light blue and light green.
