

Blood Glucose Meter

BGM-101

BGM-102

Features:

- * Rapid Test: Test result in 5 seconds
- * Code: Code/No Code
- * Operation: Easy to read
- * Intelligent Data: Independent statistics before and after meals

Technical Parameters:

Model	BGM-101	BGM-102
Methodology	Electrochemistry Method	
Measurement Range	Glu: 20-600mg/dL (1.1-33.3mmol/L)	
Specimen	Fresh capillary or venous whole blood	
Power Supply	3.0V CR2032 Lithium battery	
Battery Endurance	Approximately 1,000 tests	
Unit of Measurement	Mmol/L, mg/dL	
Memory	200 records	
Automatic Shut Off	1 minute after displaying results	
Size	84.5*52*18mm	
Net Weight	50g	
Storage Condition	0-55°C; ≤90% RH	
Operation Condition	8-37°C; ≤90% RH, altitude 3000m	
Carrying Bag	Yes	NO
Function of Automatically Exiting the Test Strip	Yes	NO
Packing Size	110*45*160mm	
Gross Weight	131g	

Remarks: The machine should be used with reagents.
