

Manual Tablet Press Machine

Applications:

It is a small desktop manual and the lightest single-punch tablet press machine. The machine has good performance, light operation and easy movement, which is very suitable for laboratories, family clinics and schools. This machine can press various grain-like crystals or powdery materials with good fluidity into tablets. It is suitable for small batch production and scientific research experiment teaching in pharmaceutical, health care products, food, agriculture, chemical industry, electronic batteries, metallurgical ceramics and other industries.

Technical Parameters:

Model	BK-TPM10
Max Pressure (KN)	15
Max Diameter of Tablet (mm)	12
Max Depth of Fill(mm)	12
Max Thickness of Tablet(mm)	6
Production Capacity(pcs/h)	About 2000pcs(Depends on hand crank speed)
Overall Size(mm)	330*220*520
Net Weight(kg)	21
Packing Size(mm)	400*330*600
Gross Weight(kg)	33
