

**Oil Free Air Compressor**

HY-100

HY-200

HYT-200

**Features:**

- \* Pure oil-free: pure oil-free design, the output gas does not contain oil, and protects the terminal gas equipment.
- \* Anti-rust of tank body: After finishing the inner wall of the storage tank, spray plastic treatment, anti-corrosion and anti-bacterial, to ensure the safety of gas equipment.
- \* Automatic control: The pressure switch automatically controls the start and stop of the machine.
- \* Easy to operate: it can be used after power on.
- \* Simple maintenance: easy maintenance and easy to use.
- \* Muffler box, drying system and filtration system can be added according to user needs to reduce noise, increase pressure dew point and improve filtration accuracy.

**Technical Parameters:**

Model	HY-100	HY-200	HYT-200
Max Pressure	0.75MPa		
Max Gas Output	100L/min	150L/min	300L/min
Rotation Speed	1450rpm		
Gas Tank Capacity	24L	38L	60L
Gas Outlet	φ8mm		
Power	550W	750W	1500W
Power Supply	Standard: 220V 50Hz, optional: 110V 60Hz		
Dimension	420*420*600mm	450*450*750mm	690*390*660mm
Net Weight	24kg	37kg	70kg
Packing Size	470*470*650mm	470*470*800mm	850*480*870mm
Gross Weight	26kg	40kg	78kg
