

Ozone Air Sterilizer

BKCY-Y-20G

BKCY-B-20G

Applications:

Ozone Air Sterilizer uses the strong oxidizing properties of ozone gas to make pathogenic microorganisms lose their vitality, eventually dissolve and die. Ozone disinfection has a good disinfection effect on common bacterial spores, viruses, fungi, etc., but because of its toxicity, it cannot coexist with humans and machines.

It is suitable for static disinfection of indoor air in families, schools, libraries, blood banks, nursing homes, museums, archives, restaurants, public places, etc.

Features:

- * Built-in high-concentration heat-dissipating generator, high sterilization efficiency.
- * High-brightness digital tube display is used to visually display the working status of the sterilizer.
- * The appearance is small and light, and it is made of metal material through modern moisture-proof technology, so it does not hide dirt.
- * Infrared remote control operation mode is adopted, which is convenient for users to operate and safer.

Technical Parameters:

Model	BKCY-Y-20G	BKCY-B-20G
Type	Mobile	Wall mounted
Disinfection Type	Ozone	
Ozone Generation Capacity	20g/h	
Suitable Disinfection Volume	60m ³	
Power	≤130w	
Power Supply	Standard: 220V 50Hz, optional: 220V 60Hz, 110V 50/60Hz	
External Size	198*206*485mm	
Net Weight	7.2kg	6.8kg
Packing Size	274*286*567mm	
Gross Weight	8.8kg	8.3kg
