

21.5-inch Elevator Advertising Player

Product description

- This smart display terminal display device adopts an industrial-grade product design concept. It has a beautiful and thin body, stable performance, and can support 7*24 hours of uninterrupted power operation.
- Using high-grade high-definition LCD display module, it has high brightness, delicate picture, high color reproduction, and can achieve high-quality picture output display.
- It can be equipped with intelligent Andorra or stand-alone operating

system, with simple operation and powerful functions to meet the diverse needs of users.

- It can realize remote release/import of programs from USB disk in the background, without personnel maintenance, saving time, worry and effort, and low installation and maintenance costs.
- It has a wide range of application scenarios and is a high-end building display device that needs audio and video playback in elevators in various scenarios.

Display parameters

Module level	Brand new A+ LCD module
Panel size	21.5 inches
resolution	1920*1080
Viewing angle	89/89/89/89
Display area	476*268mm
Zoom	16:9
Screen brightness	≥250cd/m2 (typical value)
Backlight type	W-LED
Contrast	1000:1
Refresh rate	60HZ

Pixel Layout	RGB vertical stripes
Support Color	16.7M (8-bit)

parameters

can choose colour	white
Border material	Aluminum Profile
Body material	Hardware cold rolled sheet
Surface material	tempered glass
Packaging material	Neutral ordinary packaging
Net weight of fuselage	7kg
Including packaging weight	8kg
Dimensions	740*316*26.3mm
Package Size	800*370*10mm
Rack type	hanging board

Installation method	Wall installation
Anti-theft method	Equipped with anti-theft lock to prevent equipment from being stolen

System solutions

Online version	system version	Android 11
	motherboard chip	rk3568
	running memory	DDR3 2GB
	Storage Memory	EMMC FLASH 32GB
	System Ports	DC*1 USB*2 TF card holder*1 RJ45*1 Headphone holder*1 HDMI*1

	More Configuratio n	RK3128/RK3288/RK3568
--	-----------------------------------	----------------------

System functions

Memory expansion	Supports up to 32GB TF card expansion
Preinstalled Software	Information publishing software/support for third-party software
Telecommunicati on	Support wired network connection and wireless network connection optional 3G/4G
Video Decoding	Supports up to 1080P video and picture decoding and playback
Boot method	Support power-on auto-start, timer switch, network wake-up, remote control switch
language selection	Support Chinese, Traditional Chinese, English, French, German, Japanese, Korean, and other languages
Audio Features	Two built-in high-quality tweeters

Split screen display	Supports arbitrary cutting of images, free combination and division of playback areas, etc.
Mouse Function	Support inserting mouse and keyboard for use
Standalone function	Support USB program import and playback
System Upgrade	Support system background upgrade and local upgrade
Playback function	Supports videos, pictures, PPT, web pages, mixed playback, applications, weather, clock, etc.
Image Format	Supports image files in formats such as JPG, BMP, GIF and PNG
Video Format	Supports video files in VOB, AVI, WMV, MOV, MKV, RMVB and FLV formats
audio format	Supports audio files in MP3, AAC, APE, WMA, MAV and other formats
Terminal Management	Support local and remote control terminals
Hierarchical	Administrators can create new hierarchical roles and edit and

management	modify hierarchical permissions.
More features	Please contact the manufacturer for technical service support or reference instructions

Electrical performance

Input voltage	AC110-220V /DC12V
Standby power	$\leq 1W$
rated power	$\leq 40 W$
Usage Environment	Temperature -0°C~ 60 °C/Humidity 10%RH~90%RH
Storage Environment	Temperature -5°C~ 65 °C/Humidity 10%RH~90%RH

Packing List

Complete Machine	1 set
remote control	1 serving
WIFI ANTENNA	1
Certificate of	1 serving

Conformity/Warran	
ty Card	
Wall mounting	4 sets
screws
