

## **SURGE PROTECTIVE DEVICE - TYPE 1ca SPD**

c**FL**°us

Basic circuit diagram

Dimension drawing

UL recognized Type 1ca surge protective device is especially designed for low-voltage power supply system surge protection, especially for point of entry (Category C,D, ANSI/IEEE C62.41) and sub-circuit (Category B, ANSI/IEEE C62.41) protection.

## **Technical Features**

- ➤ UL recognized Type1ca SPD, passed short circuit current rating (SCCR) 200kA without external fuse or CB..
- High reliability due to global patented thermally protected MOV with special arc-extinguish device (TPAE technology).
- Large surge energy capability up to 50KA per mode.
- > DIN-rail mounting configuration.
- > Pluggable module for easy replacement
- > Degradation failure indication.
- Meet both standards of UL1449-4th and IEC61643-11:2012
