02

PART TWO  
Comparison

BOX lunch box VS lunch box on the market

# Shape

## PART TWO

1. BOX Lunch box use a more sleek design to make the lunch box look smaller and more fashion, saving space for placement. Round corner design, using the dishwasher can clean it without dead space.

1200 ml

VS

1200ml

# Functional design (4 in 1)

## PART TWO

2. BOX lunch box is 4 in 1 design (It can be changed into Item#TF109/TF108/TF111/TF112).  
Lunch box on the market cannot be taken away separately.

Full version

We can flexibly choose any 1 of the 4 variations according to different usage situation

# Cutlery

## PART TWO

3. Three cutlery (fork, knife, spoon) can be chosen flexibly according to the situation.

# Vent plug and sealing ring

PART TWO

4. Middle lids with V-shaped silicone sealing ring better sealing than the lunch box on the market.

The ventilation plug can easy opening and closing for the box. Also put in the microwave can prevent moisture loss.

# Materials

## PART TWO

5. BOX Lunch box is 50% Bamboo Fiber + 50% PP / Food Grade Silicone.

Other lunch box on the market have a high content of PP. Also pure bamboo fiber material is difficult to pass the LFGB.

The strap of lunch box on the market is made of Polyester material, which has a service life of only 1 to 2 years, while strap of BOX Lunch box is made of Nylon material, which has a service life of 3 to 4 years, and is more malleable, supporting the use of single-layer lunch box.

03

PART THREE

# Safety & Compliance

Comply with International Standards

# Safety

## PART THREE

Temperature endurance from -20°C to 120°C

Microwave safe\*, dishwasher & freezer safe.
