Fun Stools:

Transform stationary sitting into an activity. These stools are intended for temporary sitting. E.g. during brainstorming sessions, circle time, or short-term computer works. The convex base allows for movement in all directions, keeping blood flowing which is critical to student development, focus and physical well-being. Polypropylene body is highly durable, yet lightweight. The soft basepadding prevents slipping, while the foam sitting surface ensures comfort. Stools are non-returnable.
