N / New product

Model
Fly Chair (HY-021980)

Application:
COMMON CLASSROOM

Dimension:
606*440*460mm

Product Material

- **Steel Components:**
Chair legs: Made of $\phi 22 \times 2.0$ mm round tubes.
Leg connectors: Made of cold-rolled steel plates with a thickness
- **Integrated Chair Backrest:**
Dimensions: 423*432mm.
Material: PP (polypropylene).
The backrest features armrest cutouts with dimensions of 112*31mm for easy handling.
The backrest is designed with fishbone-shaped ventilation holes for breathability.
- **Foot Caps:**
Made of PP material, providing moisture resistance and floor protection.

N / NEW PRODUCT

Model
Ultimate desk (HY-02176)

- Product Materials:**
- Desk Top: E1 MDF+ Melamine surface+PP injection edge (Scratch- resistant and anti- microbial)
 - Frame: The table pipe is made of three rhombic steel pipes
 - Plate edge: Injection molding arc design, showing duck mouth shape
 - Chair: Ergonomic design of seat/back, fits the student's spine better

Dimension:
Desk: 655*455*760 ± 5mm Chair: 430*420*460mm

Big class: $L120 \times W60 \times 56$ cm

Classroom

The natural and simple Nordic life is represented by the five countries of "Norway, Finland, Denmark, Sweden and Iceland". Lillard class classroom furniture and overall space layout, integrating the customs and cultural characteristics of the five Nordic countries: the four continents around the classroom represent the four blue ice fields of "Norway, Finland, Denmark, and Sweden" respectively. The classroom is empty. The floating white ice field design in the room represents Iceland, the "Land of Ice and Fire". It enriches children's knowledge by creating interesting story scenes of the five Nordic countries. Broaden children's horizons.

Diverse functional area corner settings

- 1、Reading Area
- 2、Science Area
- 3、Art Area
- 4、Playing Area
- 5、Construction Area
- 6、Puzzle Area

4 table types to choose from

Easily match diverse classroom spaces

Classic conical angled foot design

Nordic classic conical sloping feet are used throughout the Lerad series, which is simple and stable, making it more stable and safe.

Classic round table with sloping legs

Straight leg round table

Small square table

Long table

The stacking design saves classroom storage space and creates a wider activity venue.

The handle-type chair back design is convenient for early childhood educators to lift and pull when storing.

Double insurance reinforcement design

The Lirad series was designed from the beginning to ensure product quality. The quality is excellent, and double guarantees are used in many places in the manufacturing of furniture. Risk-reinforced design to prevent deformation and cracking.

The height of the table legs can be adjusted more freely
