MSO

「Mulsanne Series」

The stars and rivers are brilliant, and the dream is enlightening the nine states; the divine boat is soaring, and we are forging ahead. The creativity of the Mulsanne series comes from the spaceship. The oversized L-shaped combined table top is like a spacecraft console. The table top is integrated to expand the work area and keep everything under control. The table legs are like side wings, with unique shape and strong support. The overall design presents a light luxury fashion style, and the soft and smooth lines coincide with the connotation of "aim high and be down-to-earth".

HTA

「 Hongtai Series 」

The Hongtai series is a new Chinese-style office furniture. The design is inspired by the traditional Chinese decorative pattern "Hui". Because of its repeated loops and continuous extension, there is a folk saying that "wealth never stops", and continuous auspiciousness. With a long-lasting auspicious meaning, the shape mainly adopts tough and concise straight lines, combining gentle ebony wood with rustic slate. The combination of hardness and softness, fashion and elegance not only make the classical and rustic connotation of Chinese furniture appear, but also meet the pursuit of modern office. Fashionable and practical.

The door is equipped with Norwell metal handle, which is thick and stable with a sense of layering. The product is three-dimensional and highlights the new Chinese style.

The double-layer curvature design of the countertop is embellished with craft seams, and the wood grain and slate interact with each other to create a rich sense of layering and stability.

The front face is covered with leather technology, and is decorated with grid strips to show the Chinese charm.

The layout of the side cabinet is reasonable, with three doors and one drawer, which is flexible and controllable to improve quality. The drawers each adopt Qujia fingerprint locks, making the space user-friendly and highly private and secure.
