

BAIANDA®

BAIANDA is a professional company which is engaged in developing and manufacturing personal protective equipments. BAIANDA is the only one manufacture factory in China that can produce P3, P2, P100, N100 level protective respirators.

We offer a wide selection of products that meet different customer demands globally with complete and up-to-date Safety Certifications.

BAIANDA controls quality of raw materials, semi-products, finished products strictly according to ISO9001:2015 and different nation's standards.

Incoming Raw Materials:

Incoming raw materials must pass the test before being used.

Semi-products:

The parts must pass the test before going into the next procedure.

Key part —Exhalation valves are 100% testing.

Finished Products :

Finished products must be tested and proved to be qualified for delivery in conformity with standards and customer demands.

Testing Capacity

With advanced testing equipment and professional technical, products meet standards of China LA, NIOSH, CE, etc.

Core Business

PPE Research and Development Innovation

PPE Manufacture, Inspection and Technical services

PPE Original Equipment Manufacturer (OEM)

RESPIRATOR AND FILTER/CARTRIDGE MATRIX

Possible combination for half masks, gas filters, particle filters, retainers and adapters

BAIANDA Half Mask
Reusable Respirator

OUR ADVANTAGE

Head Harness & Plug:

Sturdy & Durable, easy to adjust.

Filtration efficiency: $\geq 99.95\%$, comprehensive use cost is lower.

Exhalation valves:

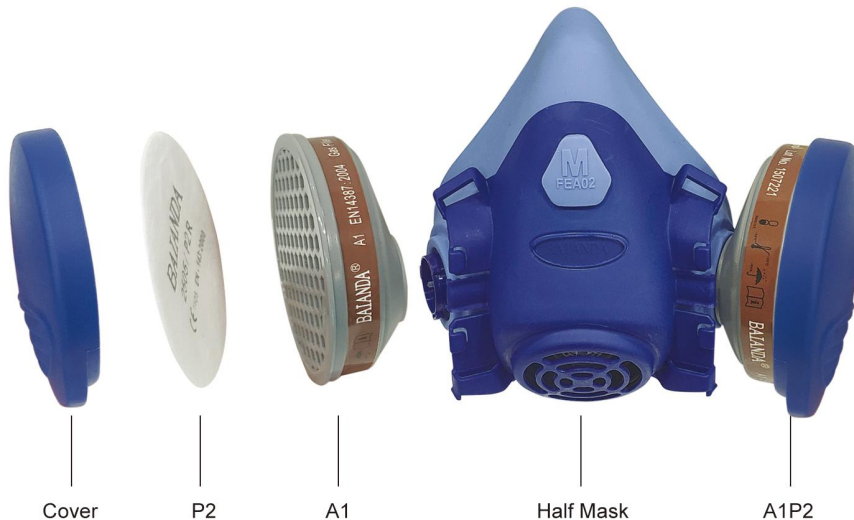

100% testing.

Half Mask: Food-grade silicone, non-toxic odorless, best fit with skin, soft, no allergy, washable, light weight, maintenance-free, replaceable accessories, long service life.

Double-sided Filter: the filter area is 3-4 times of the single particle filter, large dust holding capacity. Low breathing resistance, users breathe more smoothly and more comfortably.

Strap: Superior tensile strength, good rebound, high durability.

HALF MASK FOR TRIANGLE BUCKLE

Part No.	Half Mask	Description	Note	Package
FEA02		<p>Food-grade silicone, no harm to skin, good fit and sealing. Conforms to human engineering, good compatibility with other PPE. More breathing space, lower breathing resistance. Patented corrugated low "dead air" space. Light weight, comfort and compatibility, without compromise. Simple design allows for easy cleaning, while replaceable parts extend product life and maximize value.</p>	Liquid Silicone Rubber M	1 Pcs/Bag 36 Bags/Carton

FEA06 /
FEA07 /
FEA08

Food-grade silicone, no harm to skin, good fit and sealing.
Conforms to human engineering, good compatibility with other PPE.
More breathing space, lower breathing resistance.
Patented corrugated low "dead air" space.
Light weight, comfort and compatibility, without compromise.
Simple design allows for easy cleaning, while replaceable parts extend product life and maximize value.

PARTICLE FILTERS

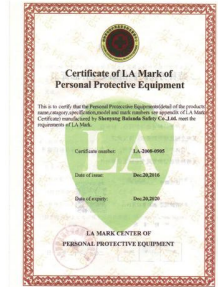

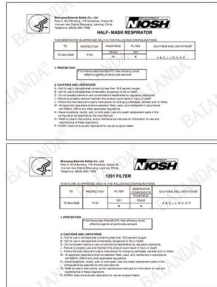

Part No.	Filter	Description	Label	Package
2501		Oily and Non-oily Particle Filter	P3	2 Pcs/Bag 160 Bags/Carton
2502		Oily and Non-oily Particle Filter	P3	2 Pcs/Bag 36 Bags/Carton
2505		Oily and Non-oily Particle Filter	P2	10 Pcs/Bag 180 Bags/Carton

GAS FILTERS

Part No.	Filter	Description	Label	Package
5111		Against certain Organic Gases and Vapours with a Boiling Point >65°C	A1	2 Pcs/Bag 36 Bags/Carton
5311		Against Sulphur Dioxide and other Acidic Gases and Vapours	E1	2 Pcs/Bag 36 Bags/Carton
5411		Against Ammonia and Organic Ammonia Derivatives	K1	2 Pcs/Bag 36 Bags/Carton
5611		Against certain Organic Gases and Vapours, Acidic Gases and Vapours	A1E1	2 Pcs/Bag 36 Bags/Carton
5711		Against certain Organic Gases and Vapours, Inorganic Gases and Vapours, Acidic Gases and Vapours	A1B1E1	2 Pcs/Bag 36 Bags/Carton

5811		Against certain Organic Gases and Vapours, Inorganic Gases and Vapours, Acidic Gases and Vapours, Ammonia and Organic Ammonia Derivatives	A1B1E1K1	2 Pcs/Bag 36 Bags/Carton
COMBINED FILTERS				
Part No.	Accessories	Description	Label	Package
51313		Against certain Organic Gases and Vapours with a Boiling Point >65°C, Particles	A1P3	1 Pcs/Bag 36 Bags/Carton
53313		Against Sulphur Dioxide and other Acidic Gases and Vapours, Particles	E1P3	1 Pcs/Bag 36 Bags/Carton
57313		Against certain Organic Gases and Vapours, Inorganic Gases and Vapours, Acidic Gases and Vapours, Particles	A1B1E1P3	1 Pcs/Bag 36 Bags/Carton
58313		Against certain Organic Gases and Vapours, Inorganic Gases and Vapours, Acidic Gases and Vapours, Ammonia and Organic Ammonia Derivatives, Particles	A1B1E1K1P3	1 Pcs/Bag 36 Bags/Carton
COMBINED FILTERS				
Part No.	Accessories	Description	Label	Package
51312		Against certain Organic Gases and Vapours with a Boiling Point >65°C, Particles	A1P2 (5111 Gas Filter + 2505 Particle Filter + Round Cover)	All Combination Products Details Please see the Respirator and Filter/Cartridge Matrix
COMBINED FILTERS				
Part No.	Accessories	Description	Label	Package
FET02		Particulate Cotton Round Cover	—	550 Pcs/Carton
FEN02		Filter Protector: Use for 1000,2000 series Particle Filter, can against water, mud, and sparks generated in the metal thermal processing, etc	—	200 Pcs/Carton
