

Engineering vehicle Work light

SM-5027-SFB

Function and performance	Parameters
Item No.	SM-5027-SFB
Dimension	109*139.7*49.4 mm (including the bracket) W4.29" x D5.5"x H1.94" Inch
Theoretical power	27W (LED- 9Pcs* 3W Rexchip Led lamp chip)
Working voltage	12-36V DC
Color temperature	5700~6500 K
Luminous flux	1500±150LM, Luminous efficiency > 70lm/W
Working temperature	-40°C- +85°C
Waterproof and Dustproof	IP67
Beam angle	50%(H,V)= (55°,45°) Flood
Transient shock	75VDC, 40μS
Reverse polarity protection	36VDC, 60Min
Life span	> 25000h
Connection	Integrated DT Connector with wire harness, L300mm, terminal connector DT04-2P
Installation method	Bracket stand, screw fixture M10
Application	Engineering vehicle、 Special vehicle
Packaging	White color box. 1set/box, 20sets/carton (10 Pairs per carton)
