LED Warning light

Item no. SM-6008-X

Function and performance	Parameters
Item no.	SM-6008-X
Dimension	W34.3*T10.2mm / W1.35″ x T0.4″ Inch
Working voltage	12 - 36V DC
Theoretical power	8W
Accessories materials	Light strip: Colorless and transparent; Rubber belt: Black rubber, metal buckles on both sides; Drive box: Aluminum profile, black
Led lamp chip	OSRAM 1W*20PCS (Color temperature 1700K)
Working temperature	-40℃- +65℃
Flash frequency	60 times/min (2Hz)
Waterproof and Dustproof	IP67
Life span	> 25000h
Mounting method	Embedded install with Screws 2-M5 bolt, the distance between two mounting hole is 194.8mm
Wiring method	Direct wiring, Intergrate DT terminal and cable with detachable drive box, wire length 200mm
Package	Wrapped with PVC flame retardant sleeve 50Units /Carton
Application	Engineering vehicle、Forklift
Packaging	White color box, 2set/box, 40sets/carton(20 Pairs)
