

## LED Warning light

Item no. SM-7018-RWA

Function and performance	Parameters
Item no.	<b>SM-7018-RWA Strobe flashing model</b>
Dimension	<b>Φ164.8 * H150.5 mm /R6.49" x H5.92" Inch</b>
Components	PC Lens , PC housing
Rated power	54W (3W*18Pcs)
Working voltage	12-48V DC
Flash frequency	120 times/min (2Hz)
Light color	Amber
Waterproof and Dustproof	IP67
Vibration strength	9G
Working temperature	-40°C~ +65°C
Withstand voltage test	48V DC
Reverse polarity protection	48V DC
Life span	≥25000h, light attenuation is ≤10% for 8000h
Regulation	ECE-R65
EMC	ECE-R10 and CISPR-25 Class 3
Wiring method	External terminal connector DT04-2P +wire harness, wire length 300mm, accepted customized
Installation method	Screw fixture or , 700mm mounting holes distance
Application	Heavy truck、 Mine truck、 Engineering vehicle , Agricultural vehicle
Packaging	White color box,1set/box, 12sets/carton (6 Pairs)
