LED Reading light

Item no. SM-RF8030-A

Function and performance	Parameters
Item no.	**SM-RF8030-A**
Dimension	L187.8 * W67.8 * T24 mm L7.36" x W2.67" x T0.94" Inch
Function	1.Reading light (Warm White), In the middle 2.Interior light (White), 3.Ambient lighting (Amber/Red) -2&3 Round the fringe
Working voltage	12V DC
Theoretical power	30 W
Waterproof and Dustproof	IP54
Working temperature	-40°C ~ +60°C
Color temperature	Reading light (Warm yellow) Interior light (White) Ambient lighting (Amber/Red)
Over voltage protection	14V DC
Reverse polarity protection	14V DC
Life span	> 25000h
Switching mode	Switch Button
Housing Materials	Optical PC
Mounting method	Embedded install with Screws 2-M5 bolt
Wiring method / Connection	Intergrate DT with open wire 200mm Connector DJ211-4B & DJ221-4B.
Application	Engineering vehicle, Truck
Packaging	White color box, 8set/box，160sets/carton (80 Pairs)(Wrapped with PVC flame retardant sleeve)
