

ABOUT US

JOINZEAL company founded in 2008, located in Jinli Town, Gaoyao District, Zhaoqing City, Guangdong Province, our company is a professional manufacturer of building doors and windows hardware.

JOINZEAL company after more than ten years of honed, pay close attention to the market demand change, adhere to the implementation of strict quality assurance system and a full range absorption of advanced production technology at home and abroad, has formed its own unique market advantages, brand advantages, technological advantages and geographical advantages, and thus the rapid rise in the field of hardware and windows engineering.

JOINZEAL company mainly specialized in handle, crescent lock, window lock, hinge, door and window hardware. The product sales network is spread all over the world, and is highly praised by customers for its excellent cost performance. Company with a number of retailers and agents to establish a long-term stable cooperative relations, welcome to join with us.

FRICION STAY 窗撑系列 SERIES

Friction Stay Series

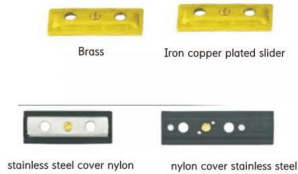

Material	Stainless steel SUS201/SUS430/SUS304/SUS316
Size	8"10"12"14"16"18"20"22"24" etc.
Groove	Round groove, square-groove
Groove width	15mm/18mm /19mm/22mm ,Opening angle:45°~90°
Bar thickness	2.0mm/2.5mm/3.0mm
Service	OEM/ODM

Available from 8-24 inches at alltimes.
More options can be custom-ized.

The thickness de-pends on the weight and size of the window,
1.5mm/2.0mm/2.5mm/3.0mm/4.0mm available.

The slideway: Provide mul-tiple options and
comprehensive solu-tions to meet customer needs.

Square groove, Round-groove

FZD-01C
22mm heavy duty stainless steel open sliding support(4Bars)

FZD-02C
22mm heavy duty stainless steel top hung

FZD-03C
13.5mm heavy duty stainless steel top hung

FZD-04C
13.5mm heavy duty stainless steel open sliding support(4Bars)

FZD-05C
18mm light duty stainless steel open sliding support(4Bars)

FZD-06C
19mm light duty stainless steel drawback round groove(4Bars)

FZD-07C-A
19mm light duty stainless steel casement window friction stay(4Bars)

FZD-07C-B

FZD-08C
Top hung window peg stay

FZD-09C
18mm stainless steel square groove two bar hinge

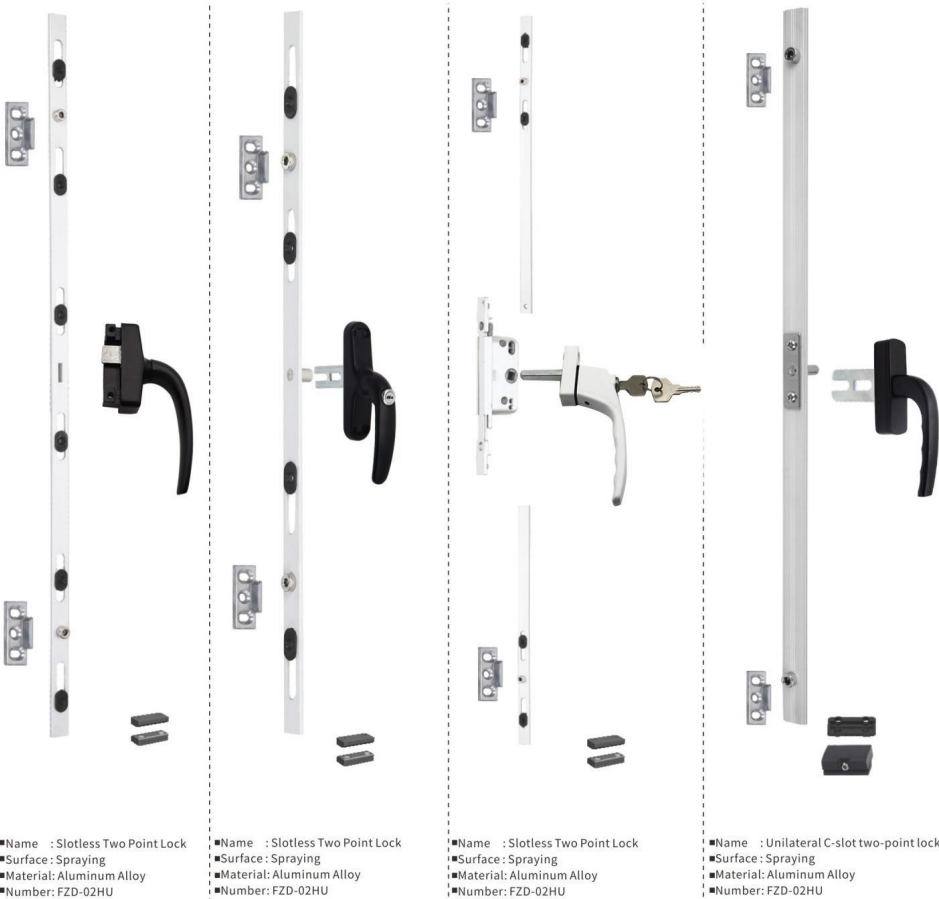

FZD-10C
Stainless Steel European 10inch

FZD-11C
Stainless Steel European 8inch

Configuration instructions:

- ★ Different sliding braces have different load-bearing capacity
- ★ The best sash dimension is 600mm (width) X 1200mm (height)
- ★ The maximum sash dimension is 750mm (width) X 1500 (height)
- ★ Different handles can be chosen;
- ★ Hinge and keepers need to match according to different profiles
