塑料挤出模具专业生产商

PROFESSIONAL PLASTIC EXTRUSION MOULD MANUFACTURER

企业简介

COMPANY PROFILE

湖北卓然模具有限公司是一家集研发、设计、制造和调试为一体的塑料挤出模具专业厂家。

在湖北和广东佛山分别建有两个工厂。

公司自成立以来，本着“诚信为本，品质永恒”的原则，走出了一条积极进取，平稳发展的道路，我司为国内外客户提供来图来样订制各种模具服务，并以优质的产品获得了客户的一致好评。

公司现拥有员工100余人，中高级技术人员二十余名，专业试模人员10多名，且拥有高精密数控加工中心、慢走丝线切割、数控电加工及专业试模生产线设备等百余台。我司年产挤出模具近1500套。

对于产品结构的更新和新产品的开发，我司亦投入了大量的精力和时间，并随着行业的发展而进步。目前我司主导产品有：（1）PE/PP+木粉，PE共挤模具；（2）PVC塑料异型材模具；（3）宽幅门板及护墙板模具；（4）PVC木塑发泡模具；（5）仿大理石材和线条模具。

源于专业与创新，湖北卓然模具有限公司愿以雄厚的技术实力，高品质的产品，永不满足的创新精神，合理的价位，完善的售后服务，真诚与您合作，互利互赢！

Hubei Zhuoran Mould Co.,Ltd is a professional manufacturer for developing, designing and producing plastic extrusion mould. Still now,our company has two factories which located in Hubei Huangshi and Guangdong Foshan.

Our company owns hundreds of workers, including over 20 senior technicians, who work from the beginning of plastic extrusion mould industry. There are hundreds of equipments put in production, like CNC milling center, CNC wire cutting machine, mould testing production line and so on. The production capacity is around 1500 sets extrusion mould per year.

As a professional extrusion mould manufacturer, we can offer our customer referenced material formula, extrusion machine, mould testing and related service. In addition all our moulds have one-year warranty.

We pay great attention on updating mould structure, speeding up mould production and developing new products.

Still now, Zhuoran mould can offer you the products as following:

- (1)PE and PP wpc mould
- (2)PVC profile mould
- (3)Wide door and wall panel mould
- (4)PVC WPC and foaming profile mould
- (5)Imitation marble board and line mould

The finished profiles are widely used in the industry of window and door, gardening design, household decoration, traffic pillar and so on.

Zhuoran moulds have exported to Europe, Southeast Asia, Middle East, Africa and so on. Our products get very good reputation from customer by perfect effective and appearance quality.

Our company hopes to cooperate with you sincerely, and create future together by our rich technical resource and high quality products, reasonable price and perfect after-sell service. We believe we will get better and better together.

PE .PP木塑模具
 PE and PP WPC Mould

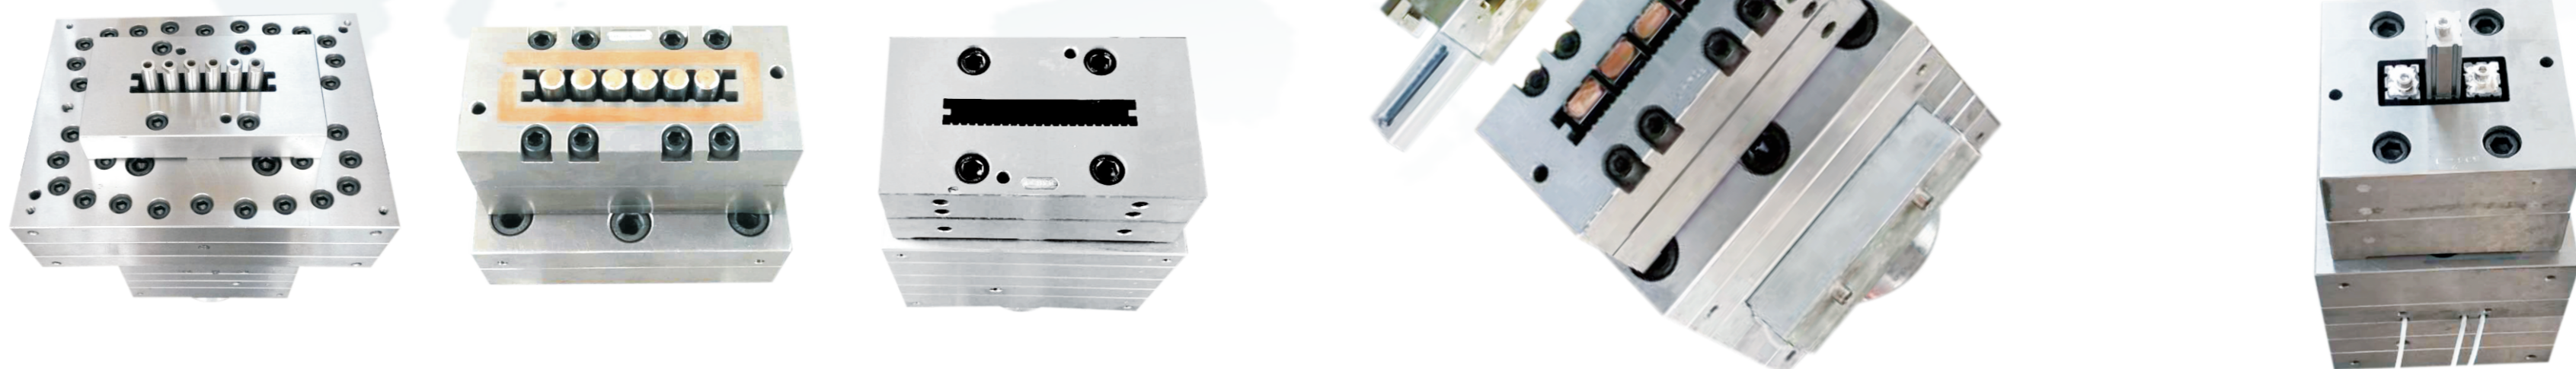

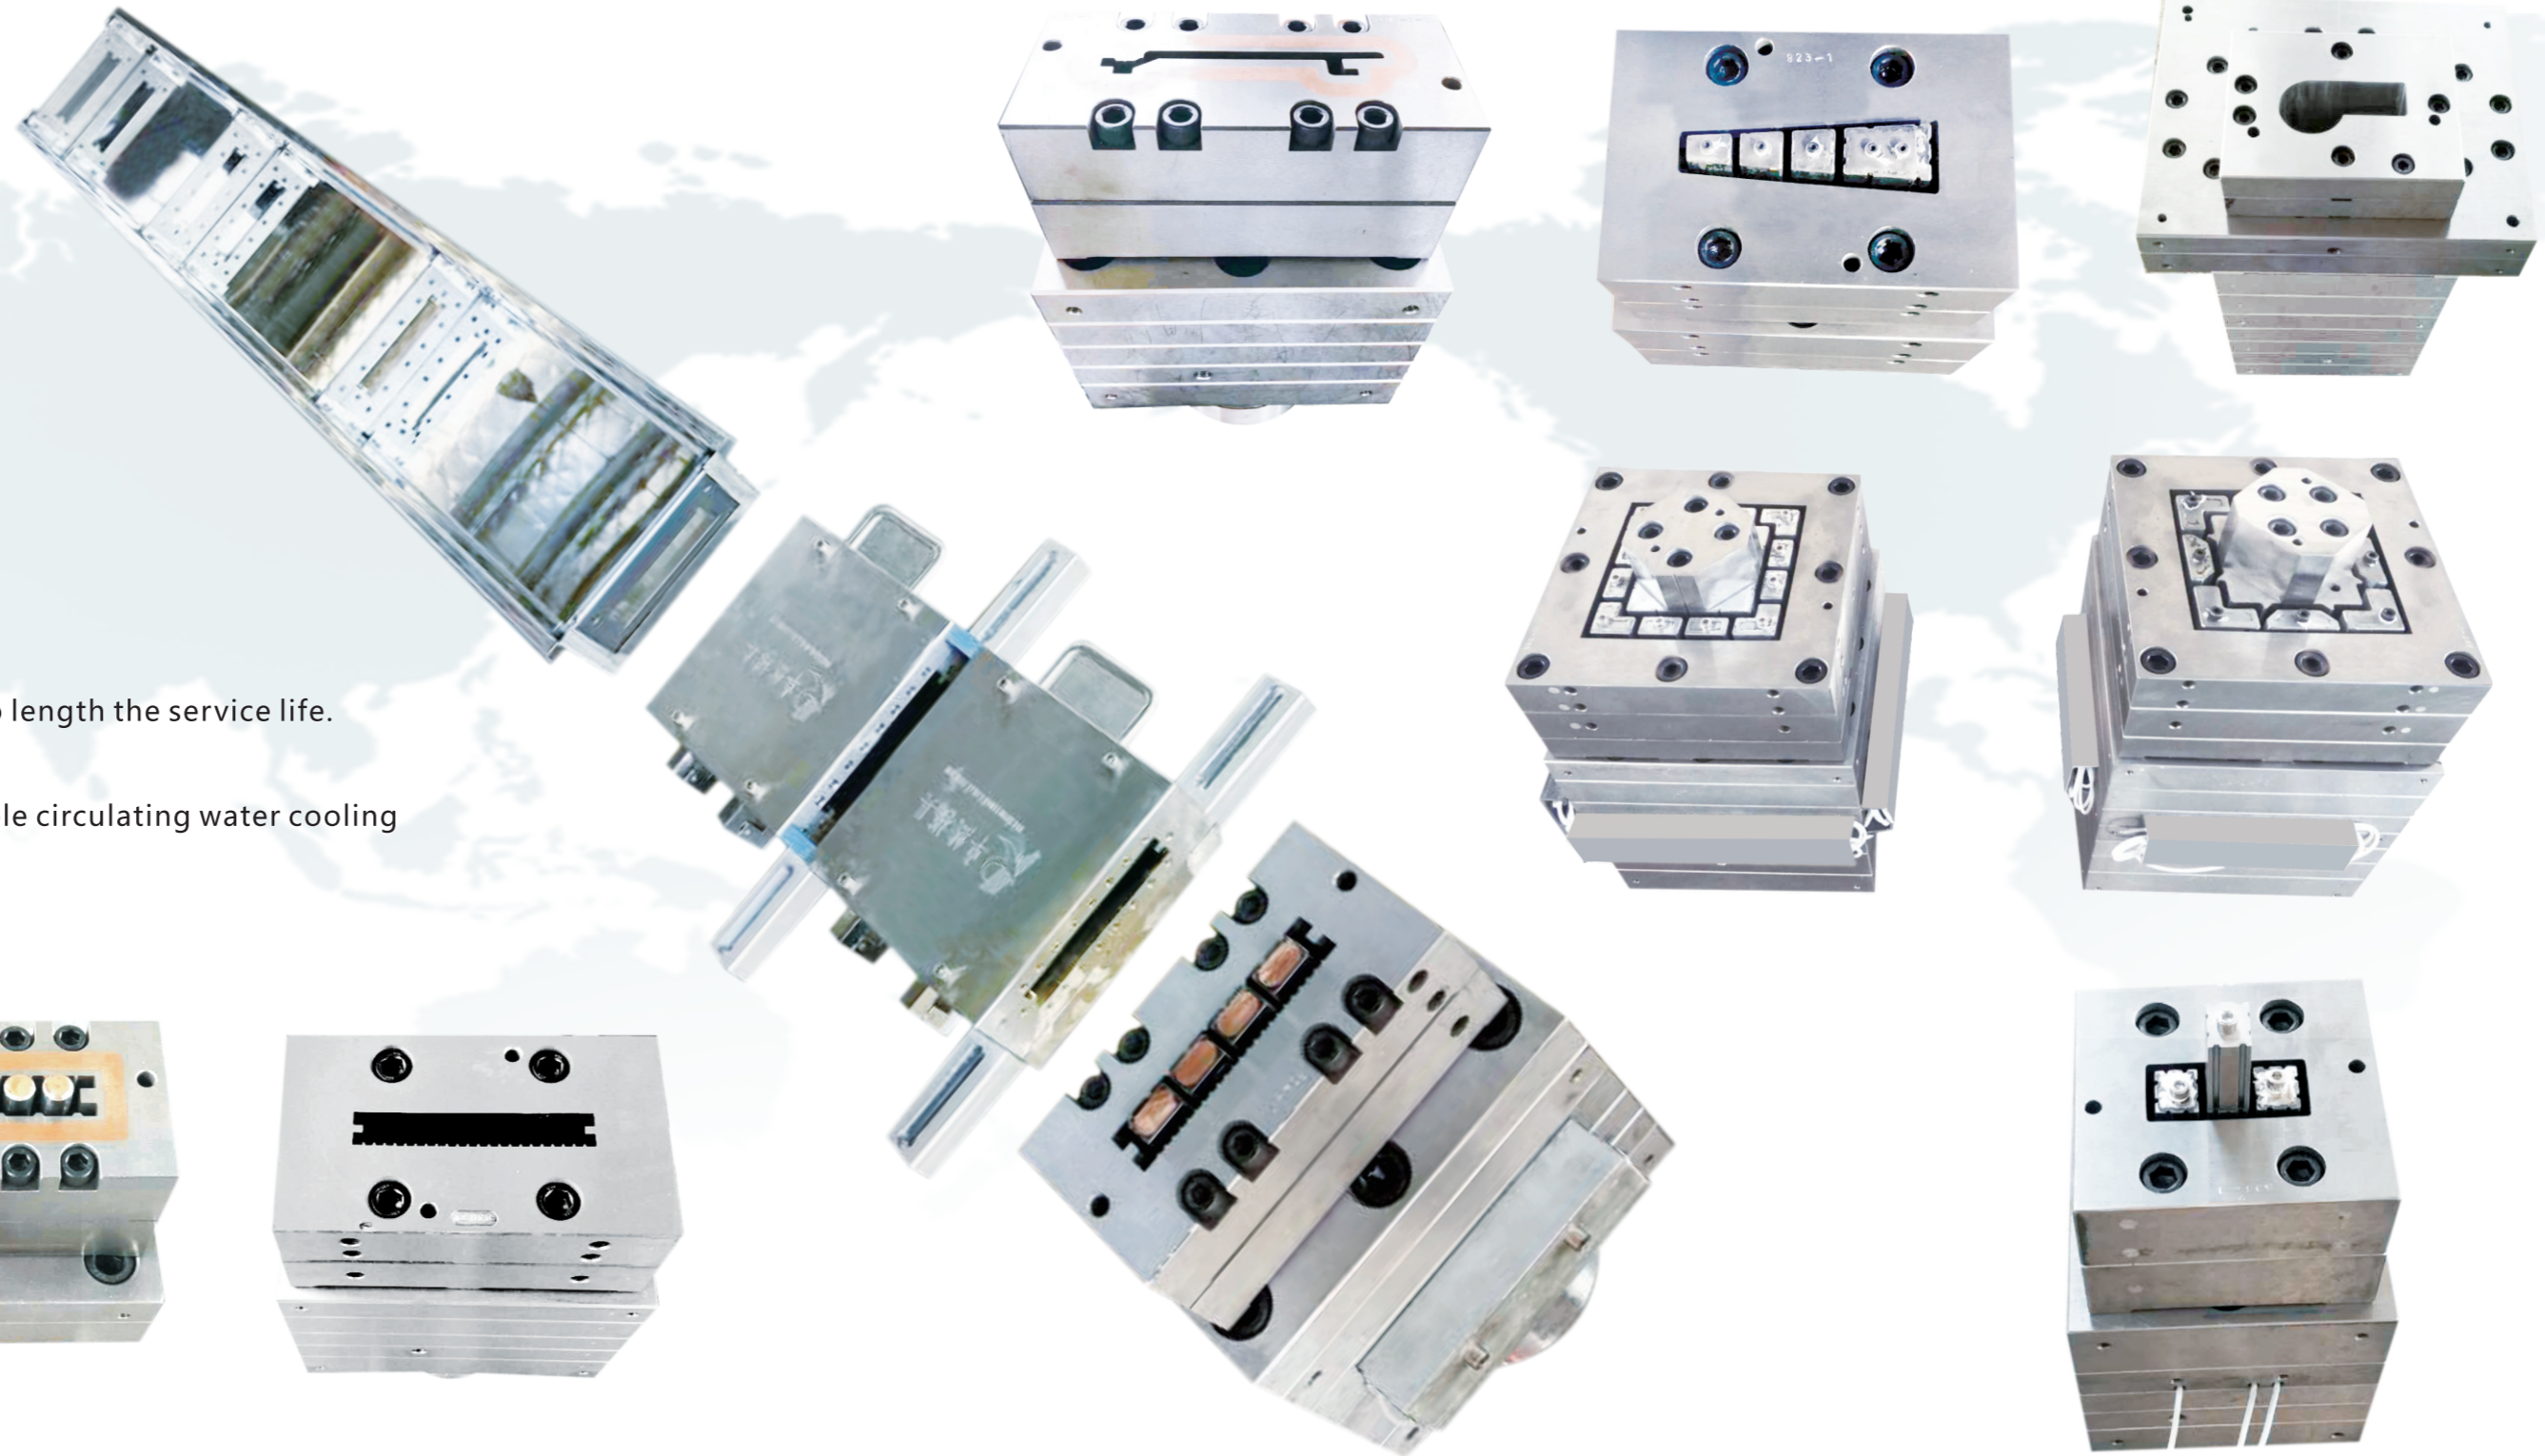

- PE+木粉
PE+wood powder
- PP+木粉
PP+wood powder
- PE WPC 共挤模具
PE WPC co-extrusion mould

模具材质进行特殊处理，耐磨使用寿命长

Mould material has been specially treated, which is to length the service life.

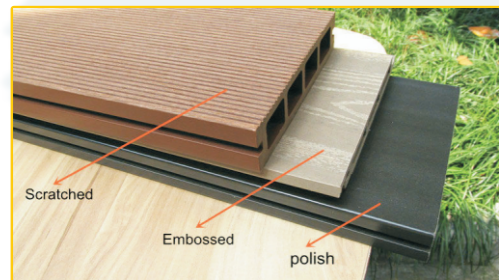

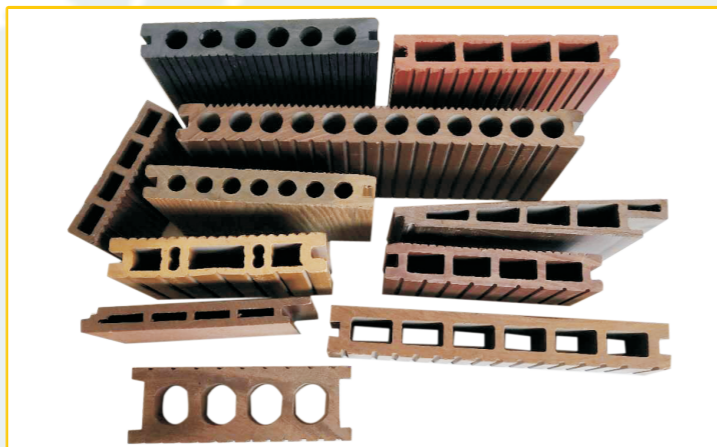

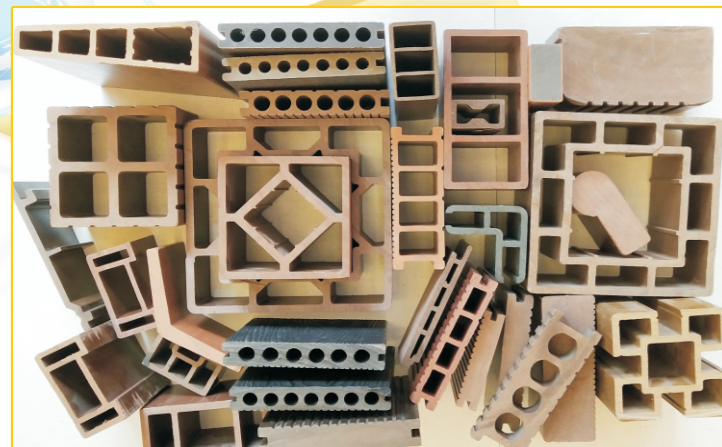

模具机头采用内外双循环水冷却设计，使木塑型材快速成型

Mould head is designed with inside and outside double circulating water cooling system, to shape the wpc profile quickly.

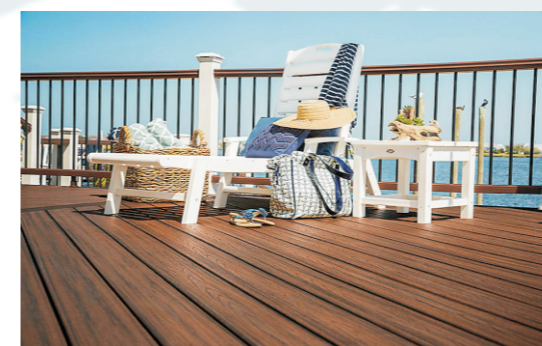

主要用途

园林景观、凉亭、室内外装修、护栏、扶手、地板、仿木家具、工业托盘、门板等

Application

Landscape, pavilion, indoor and outdoor decoration, guardrail, handrail, decking, imitation wood furniture, industrial pallet, door panel and so on.

PVC 塑料异型材模具

PVC Profile Mould

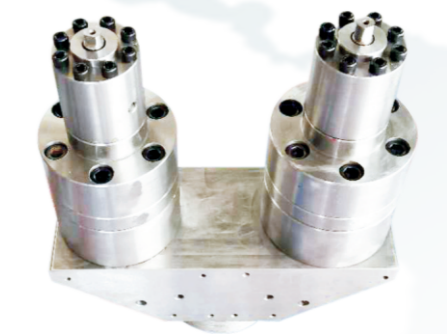

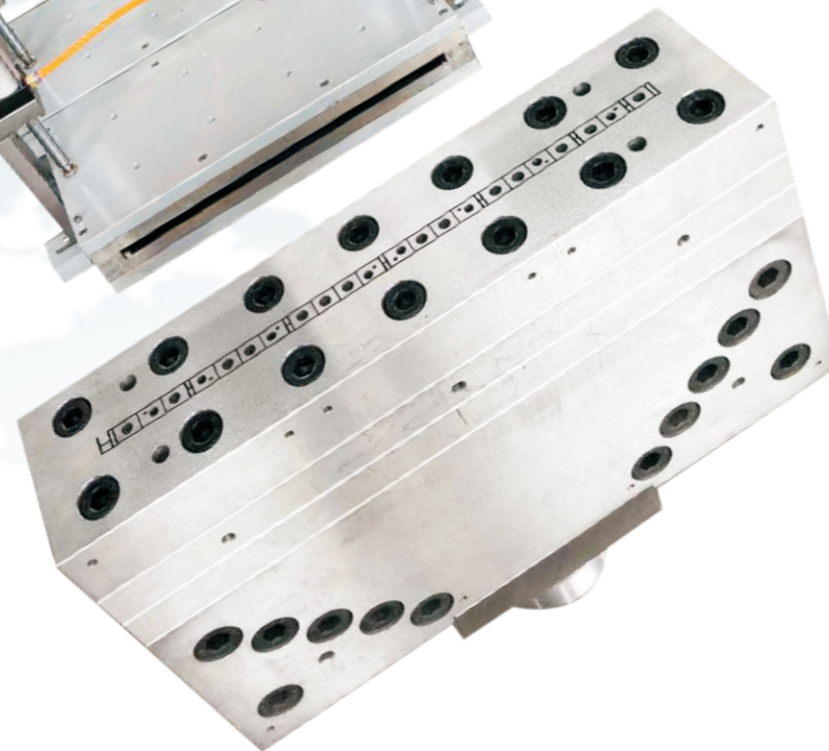

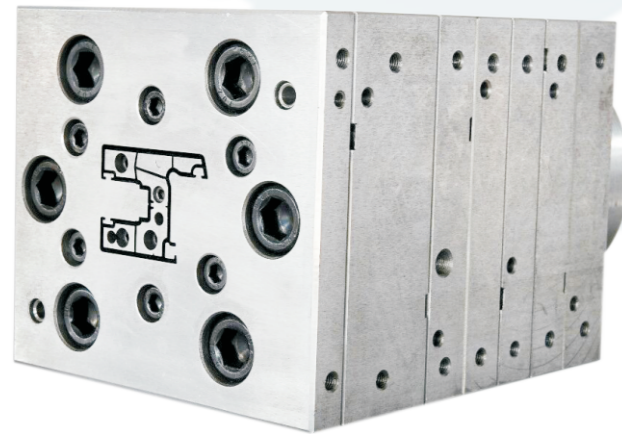

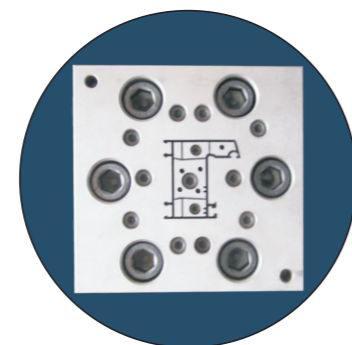

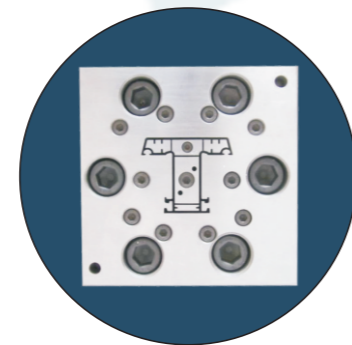

- PVC塑钢门窗（平开窗、推拉窗、百叶窗等）模具
 PVC window door mould (casement window, sliding window, louver window and so on)
- PVC 软硬共挤模具
 PVC rigid and soft co-extrusion mould
- PVC卫浴柜板模具
 PVC bathroom cabinet board mould
- PVC线槽、线管、水槽等客户来样订制模具
 PVC trunking, wire pipe, water channel and customized drawing mould

采用一模多腔，上下盖共挤的技术

Provide technology of one mould with multi-cavity, top and bottom cover co-extrusion.

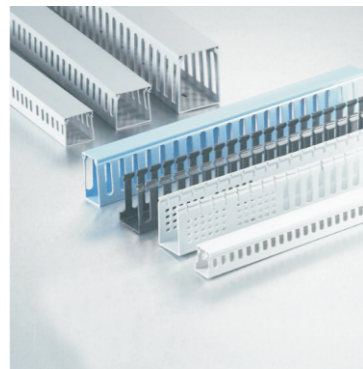

合理的水气分布，生产连续高效，合格率高

Reasonable water and air distribution, continuous production efficiency with high qualification rate

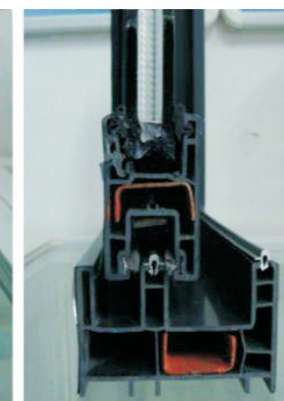

主要用途

平开和推拉门窗、塑钢彩色门窗、卫浴橱柜、线槽、水槽等

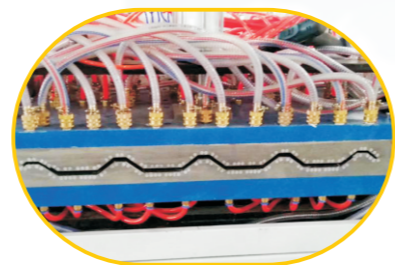

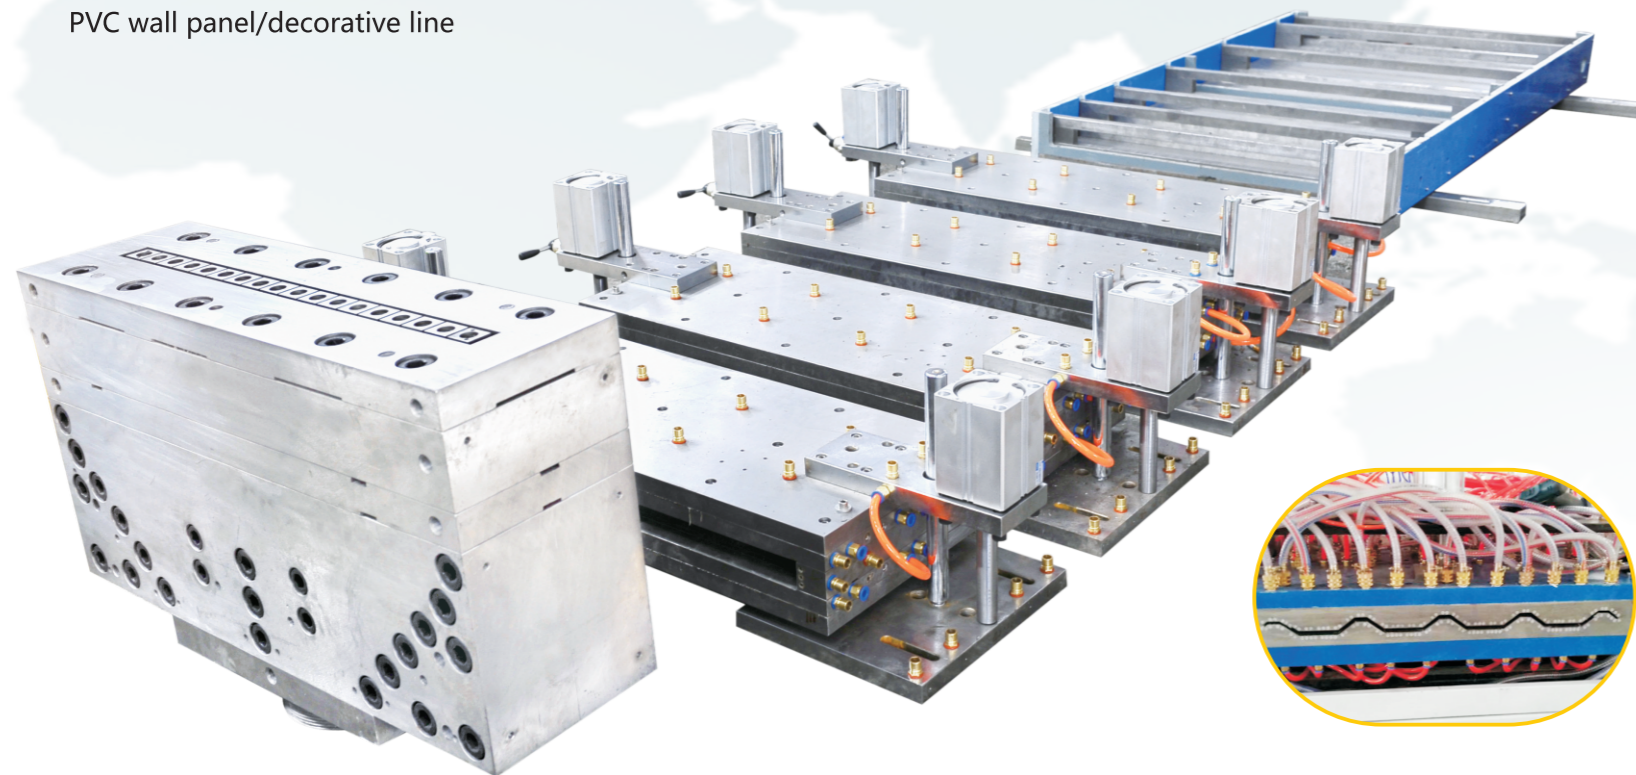

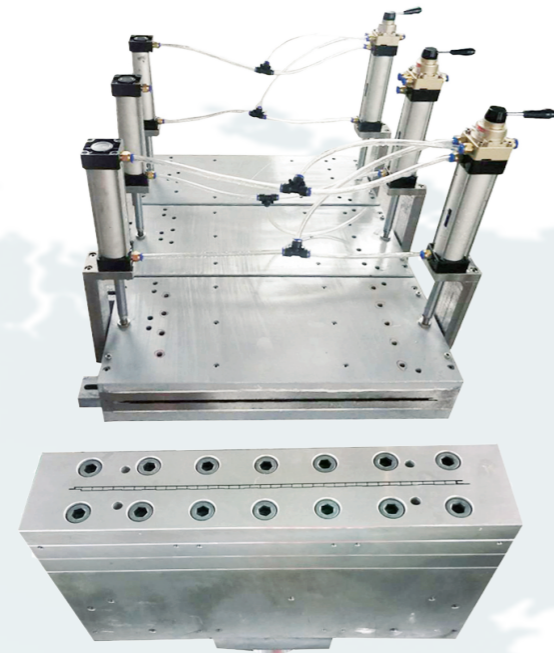

Application

Casement and sliding window and door, color co-extrusion window and door, bathroom cabinet board, trunking, pipe and so on.

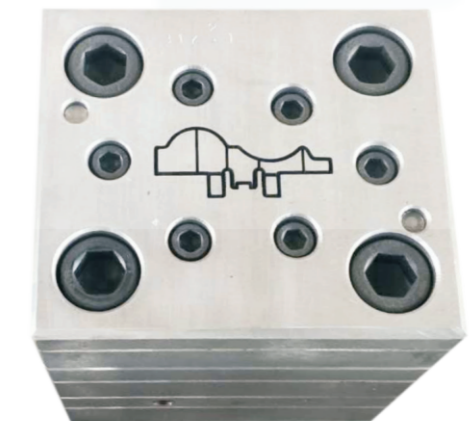

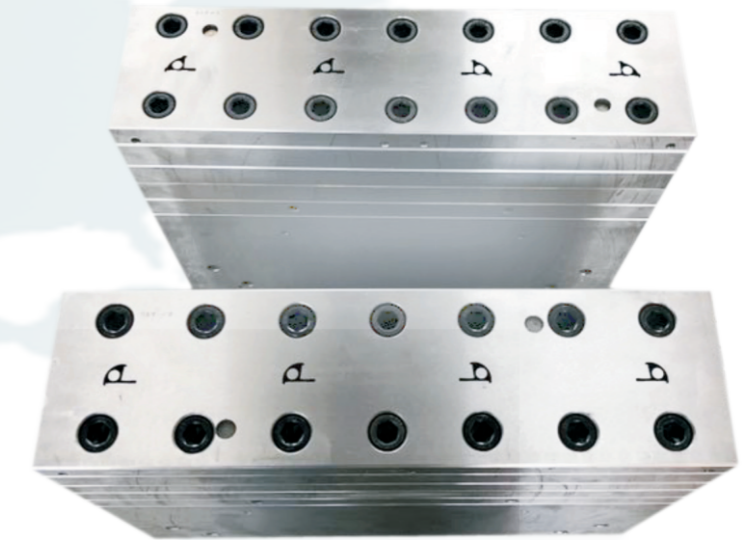

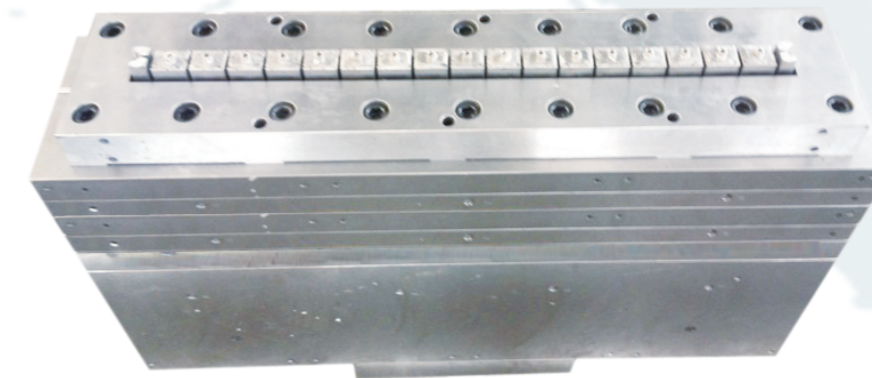

宽幅门板及护墙板模具 Wide Door and Wall Panel Mould

- PVC 木塑护墙板模具
PVC WPC wall panel mould
- PVC+木粉发泡护墙板/装饰线条
PVC wood powder foaming wall panel/decorative line
- PVC发泡护墙板/装饰线条
PVC foaming wall panel/decorative line
- PVC护墙板/装饰线条
PVC wall panel/decorative line

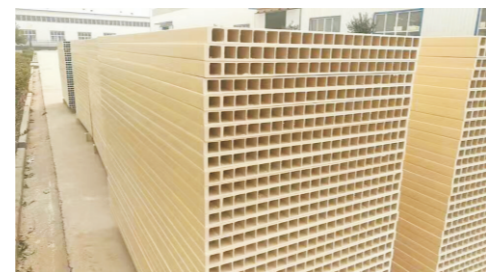

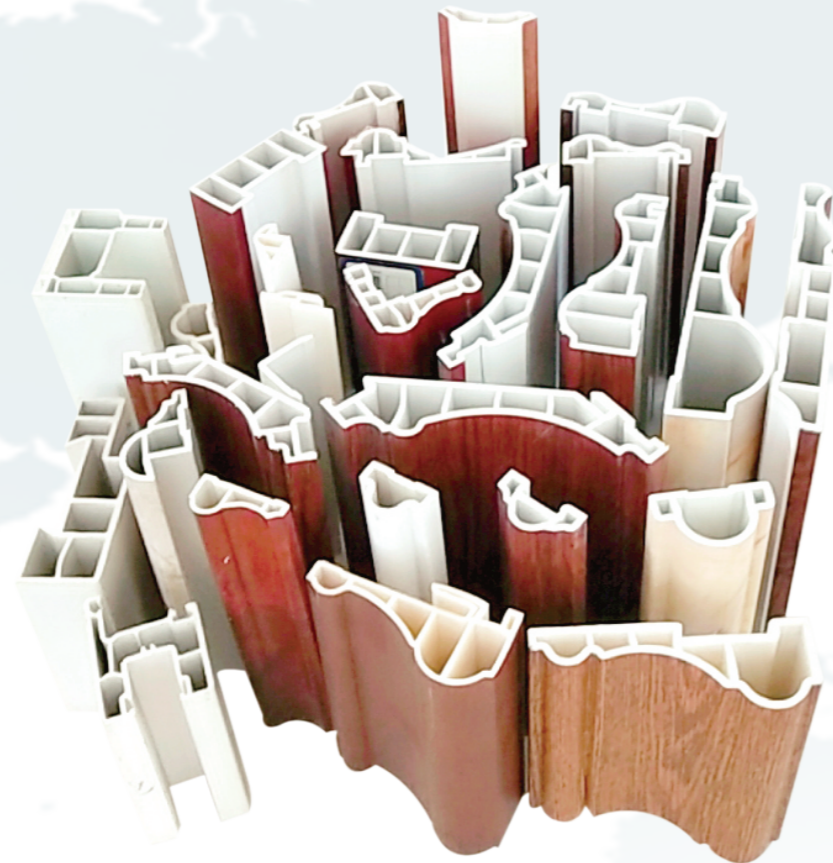

可调节式下置升降气缸，精确定位滑动导轨，操作方便
Adjustable underneath lifting cylinder, accurate position sliding rail with easy operation.
根据制品的壁厚才确定压缩比和稳定段长度，从而使制品生产更稳定，生产周期更长
Ensure the reduction ratio and stable zone's size based on the panel thickness. So as to make the product production more stable and production time much longer.

主要用途

办公室、酒店、餐厅、家庭、娱乐场所等室内装修，拆装方便且具有环保、防潮、防火、隔音、保温、美观大方等特点

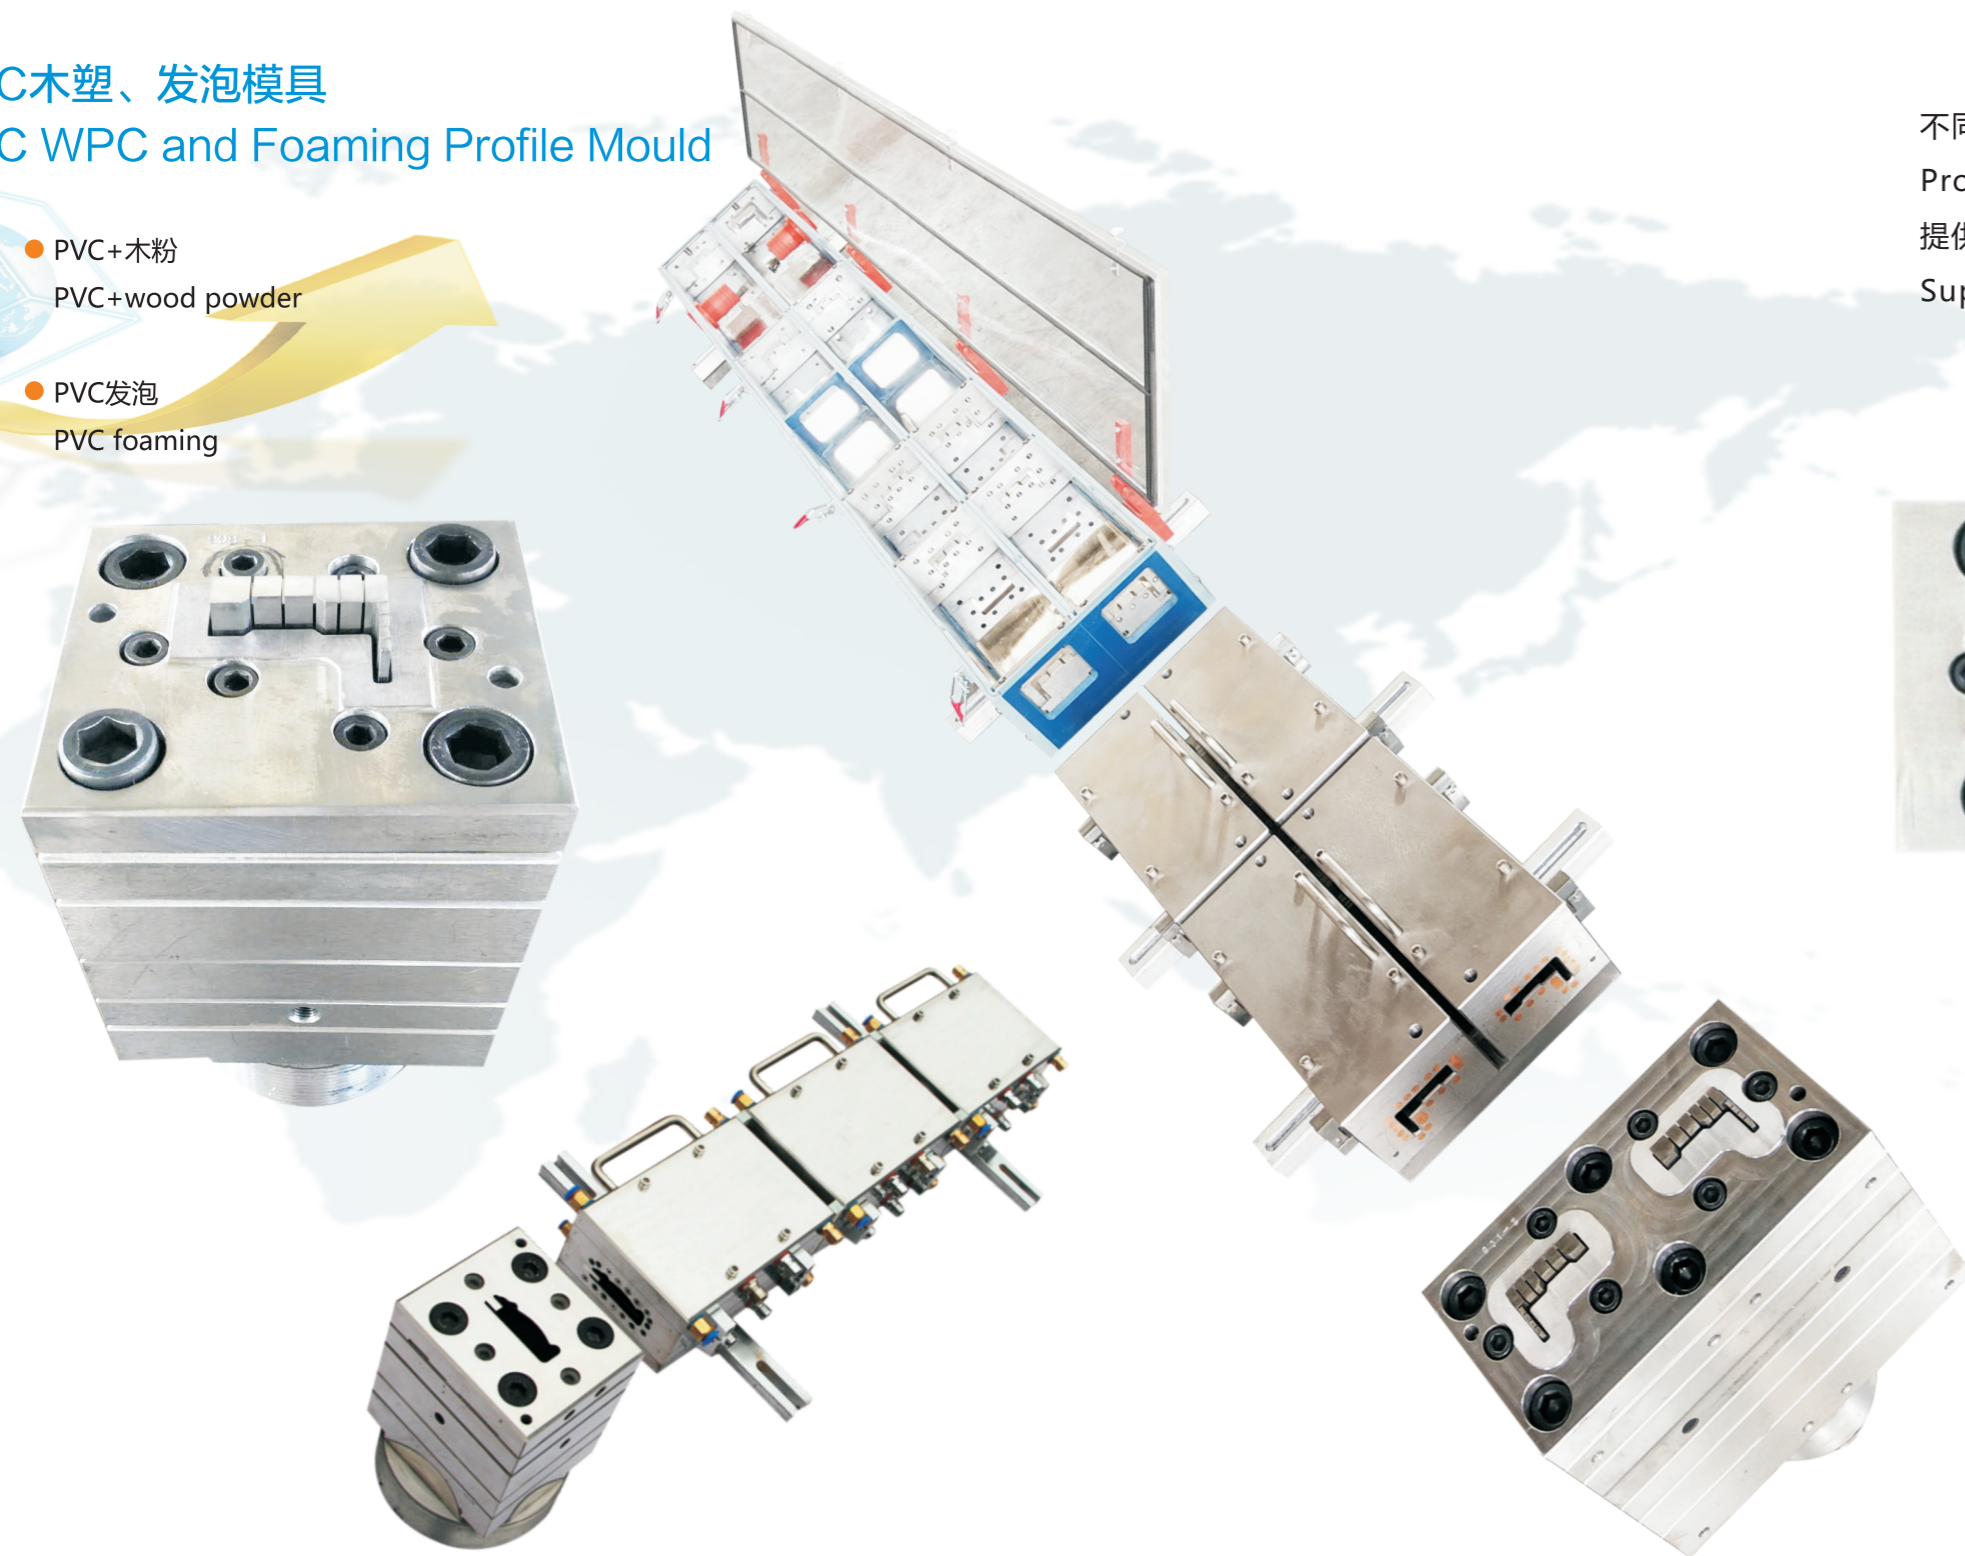

Application

Office, hotel, restaurants, entertainment place and other indoor decoration. The most advantage of it is easy assembly and disassembly, eco-friendly, waterproof, fireproof, soundproof and so on.

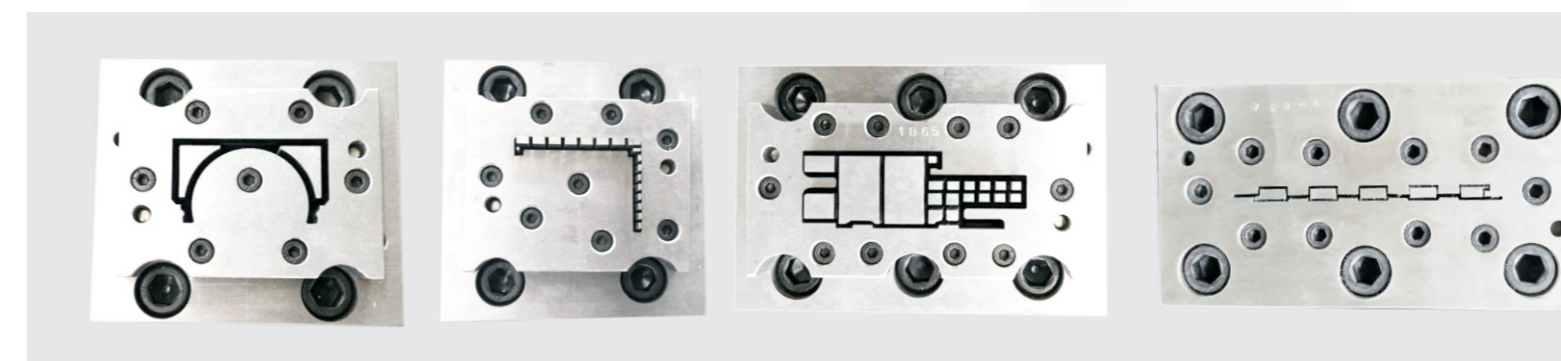

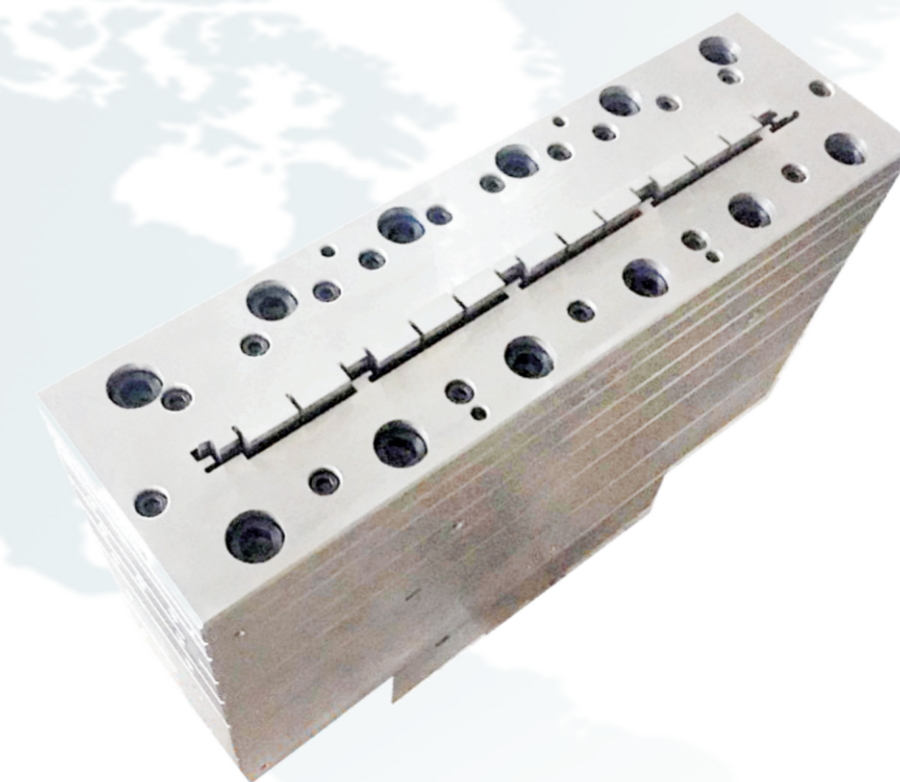

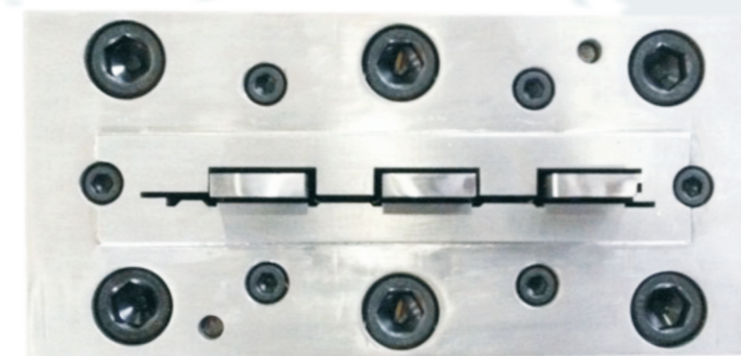

PVC木塑、发泡模具
PVC WPC and Foaming Profile Mould

- PVC+木粉
PVC+wood powder
- PVC发泡
PVC foaming

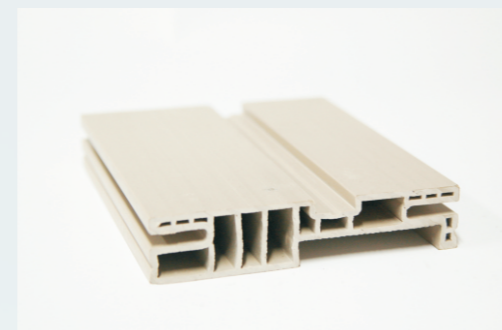

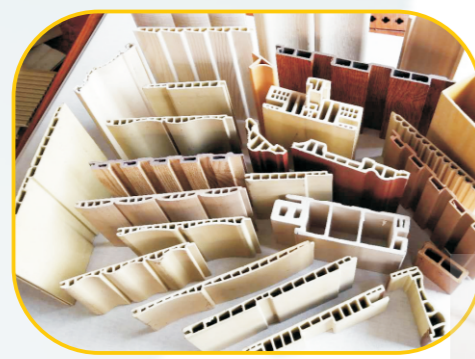

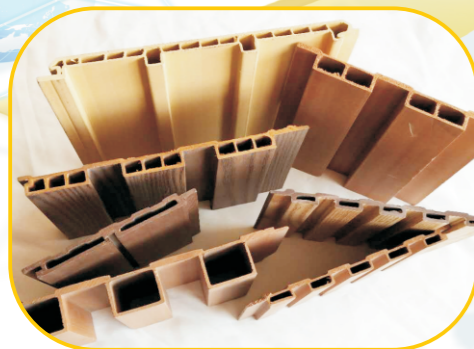

不同形状，不同尺寸，不同材质混合的发泡模具
Provide different foaming mould with different shape,different size and different mixed material.
提供塑料挤出模具调试服务
Supply plastic extrusion mould testing service

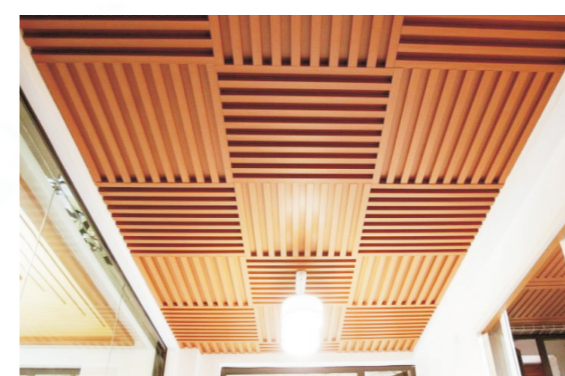

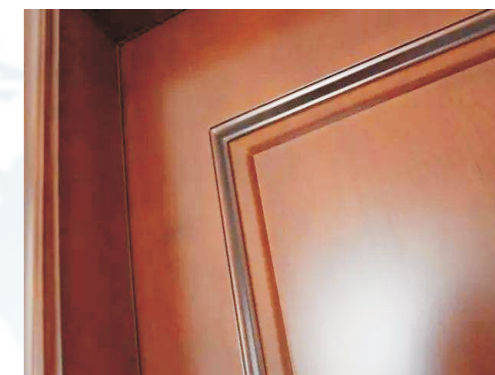

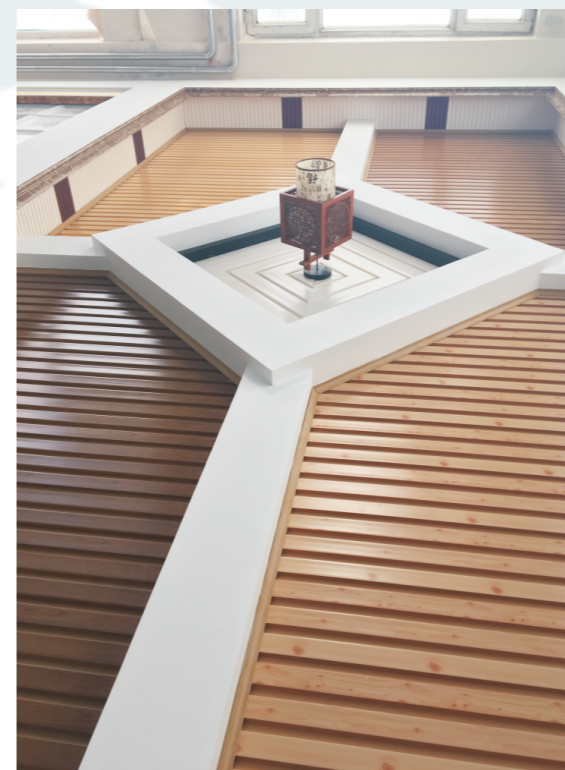

主要用途

室内装修门框、线条、吊顶、家具材料、扶手、发泡板等

Application

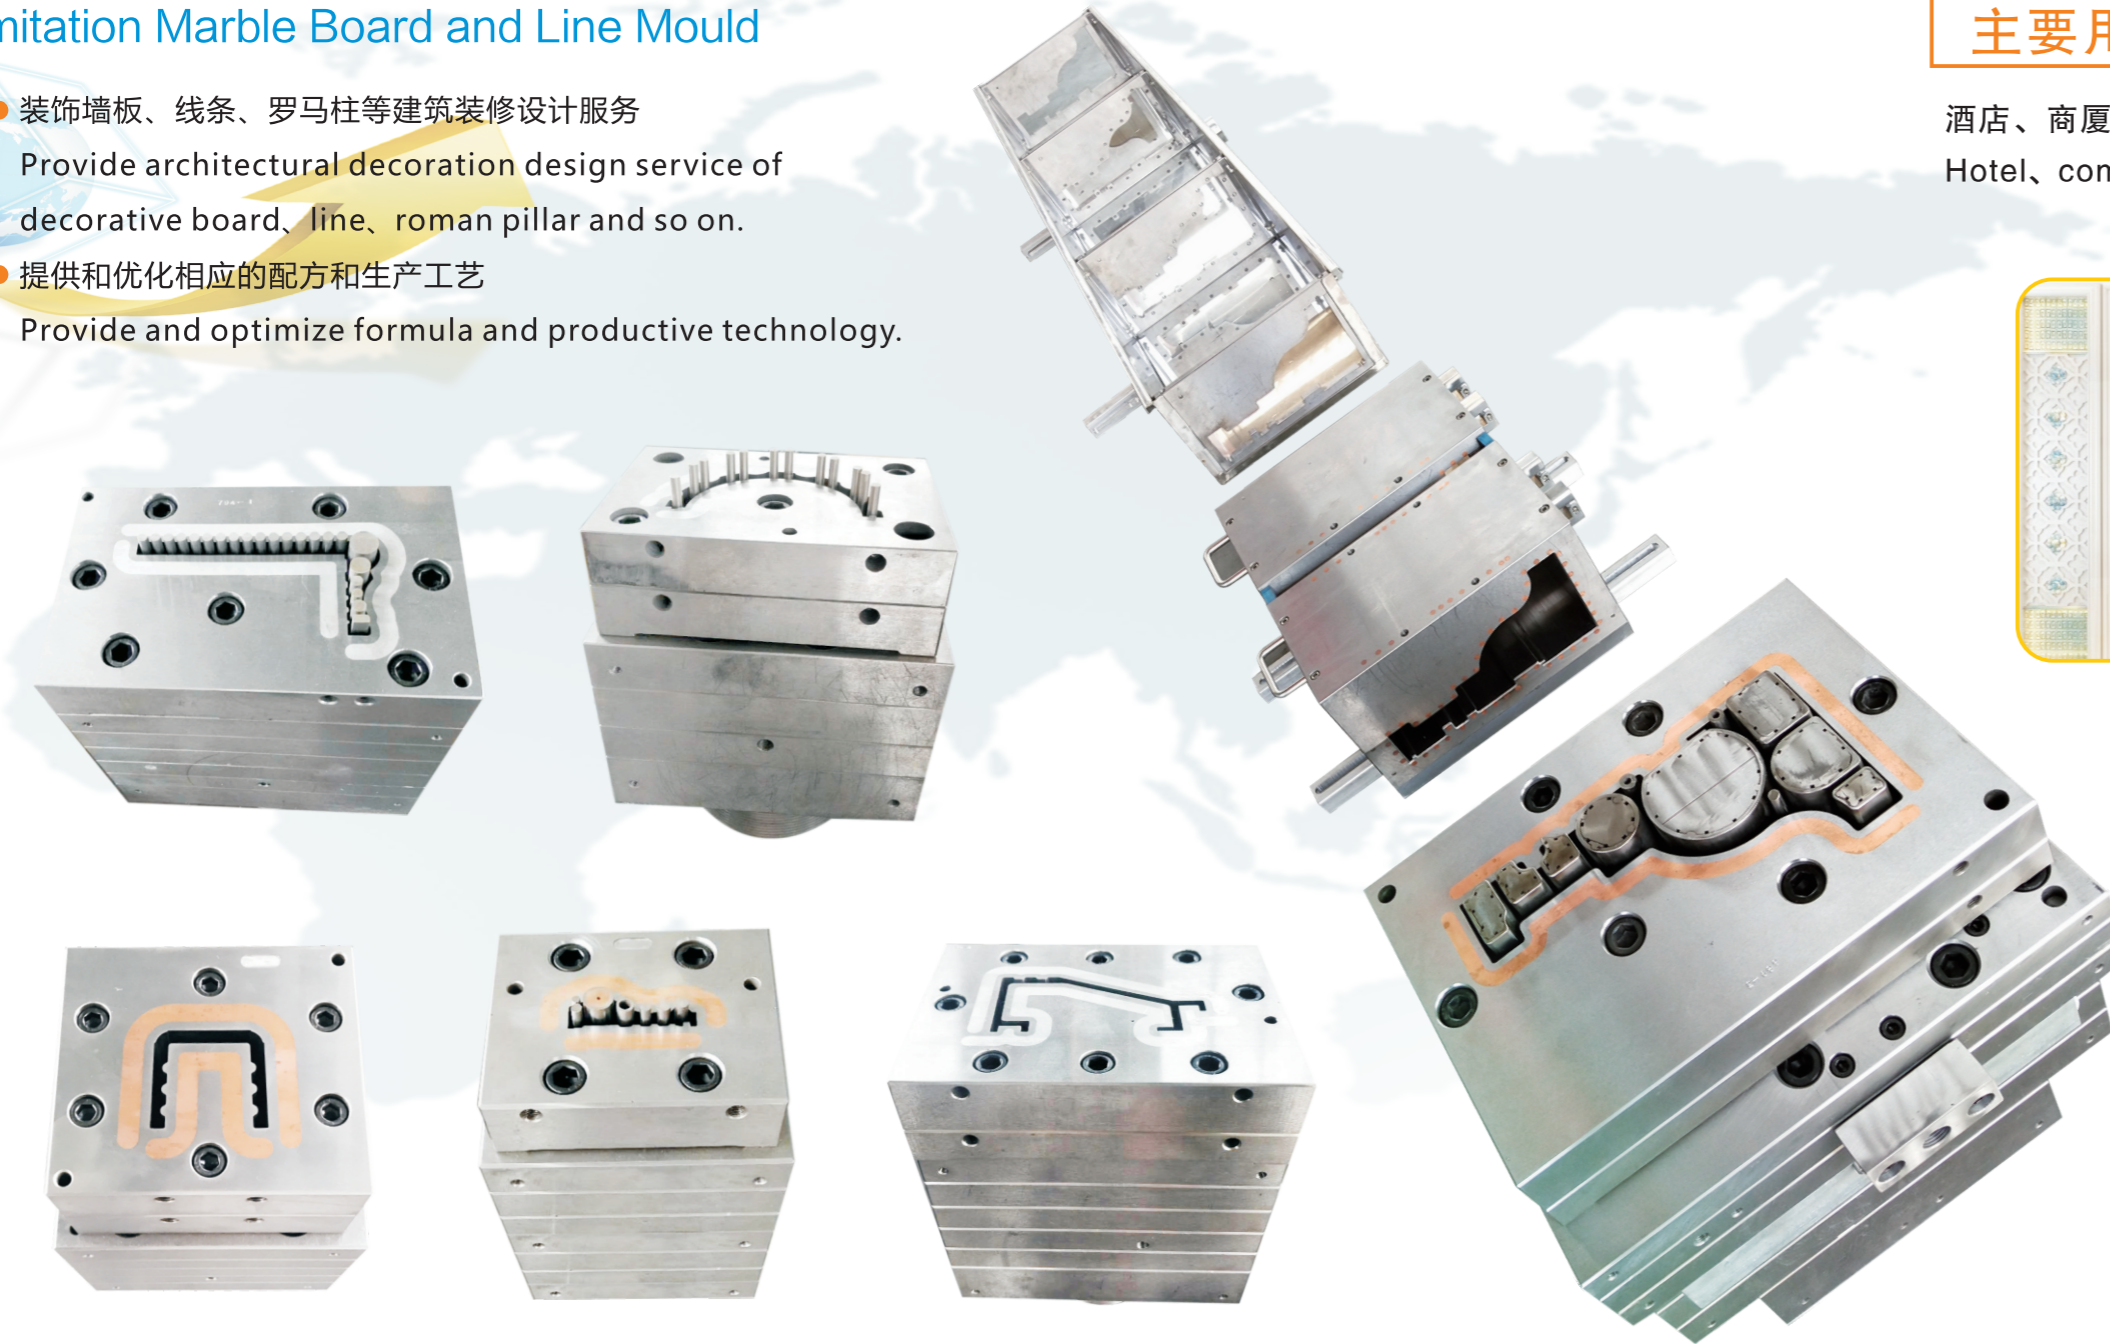

Indoor decoration door frame, line, ceiling, furniture material, handrail, foaming board and so on.

仿大理石板材和线条模具系列

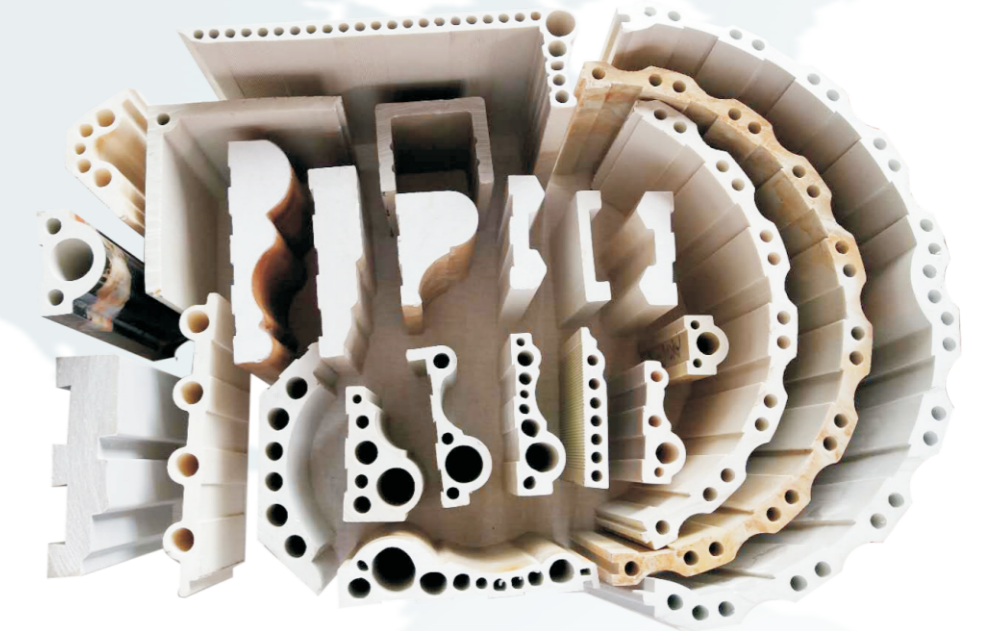

Imitation Marble Board and Line Mould

- 装饰墙板、线条、罗马柱等建筑装修设计服务
Provide architectural decoration design service of decorative board, line, roman pillar and so on.
- 提供和优化相应的配方和生产工艺
Provide and optimize formula and productive technology.

主要用途 Application

酒店、商厦、别墅和其他公共场所
Hotel, commercial building, villa and other public place.

车间及公司设备 Work Shop and Equipments

我司不仅拥有一批专业从事塑料挤出模具的技术人员，更是配备了百余台模具加工设备，例如：高精度数控加工中心、慢走丝线切割、数控电加工及专业试模生产线设备等等。

尤其是CNC数控加工中心，有效的保证了卓然模具的精确度、光洁度。不仅提高了模具的质量，而且缩短了模具的生产周期。

We own professional technicians who specializing in plastic extrusion mould, and have hundreds of equipments for processing mould. Such as CNC milling center, CNC wire cutting machine, mould testing production line and so on.

Especially for CNC milling center, it can not only improves mould quality, but also shortens the production lead time.

模具调试与售后服务 Mould Testing and After-sale Service

模具调试是技术管理，生产管理，经营管理的基础，它为生产的全过程提供原始数据，因此，我司将模具调试作为模具质量验证的重要环节之一。

我司如今设有先进的模具调试生产线，拥有技术和经验丰富的调试团队，根据客户提供的配方进行模具调试，不仅提高了模具的合格率，而且节省了客户的生产成本。

对客户，我们可提供相应的生产工艺和配方服务，以保证模具的持续高效生产。

公司自成立以来，一直为客户提供完善的售后服务。我们承诺：48小时内将贴心的服务送到用户现场。

Mould testing is the basis of technical management、production management and operating management .It supplies the initial data of the whole production. So we regard the mould testing as one of important part of mould quality verification.

Now we own advance mould testing production line and experienced technicians team. We can test the mould according to your formula. Not only improve the mould qualified rate. But also reduce your cost.

For you. we can supply and optimize the corresponding production technology and formula service. this is to ensure the continuous efficient production of mould.

We always offer you our best after-sale service,we promise:sending perfect service to your factory within 48 hours.
